**Finds Help in Lydia E. Pinkham's Vegetable Compound.**

Bellevue, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. It would not be without it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Bellevue, Ohio.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills, such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need.

The Pinkham record is a proud and peerless one. It is a record of constant victory over the obstinate ills of woman—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

### GET EXPERTS' VIEWS ON CURRENCY BILL

Prominent Bankers to Appear Before Senate Committee.

Washington, Sept. 2.—Public criticism of the administration currency bill and suggestions for amendments to it, will be invited for the first time when prominent bankers, experts and business men will appear by invitation before the senate banking and currency committee to give their views of the proposed legislation. Repeated charges that the opinions of financial experts have not been fully considered in the framing of the new bill, have been partly responsible for the opening of the public hearings by Chairman Owen, of the senate committee.

A parliamentary study of the measure by the Democrats on the committee already had been made, but hearings will be conducted for at least a week before any effort is made to agree upon tentative charges or modifications of the bill that is to be taken up in the house.

J. B. Forgan of the First National of Chicago, and George M. Reynolds of the Continental and Commercial National bank of the same city, probably will be the leading witnesses in the first day's session of the hearings. They are understood to represent different views as to currency reform and their testimony is expected to develop a critical review of the Glass-Owen bill.
