

Women Avoid Operations

When a woman suffering from some form of feminine disorder is told that an operation is necessary, it of course frightens her.

The very thought of the hospital operating table and the surgeon's knife strikes terror to her heart, and no wonder. It is quite true that some of these troubles may reach a stage where an operation is the only resource, but thousands of women have avoided the necessity of an operation by taking Lydia E. Pinkham's Vegetable Compound. This fact is attested by the grateful letters they write to us after their health has been restored.

These Two Women Prove Our Claim.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Cary, Me.

Charlotte, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. If I even lifted a chair it would cause a hemorrhage. I had a growth which the doctor said was a tumor and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health and am the mother of a nice baby girl. You can use this letter to help other suffering women."—Mrs. ROSA SIMS, 16 Wyona St., Charlotte, N. C.

Now answer this question if you can. Why should a woman submit to a surgical operation without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

FINISH WOOL AND PAPER PROBLEMS

Tariff Conferees Dispose of Two More Schedules.

HOUSE WINS WOOL VICTORY

Senate Recedes From Its Amendment to Free List the Cheaper Grades of Blankets.

Washington, Sept. 16.—Most of the knotty problems in the wool and paper schedules were disposed of by the house and senate conferees on the Democratic tariff bill and a good start was made on the sundries schedule.

One of the important agreements occurred when the senate conferees receded from the amendment to free list the cheaper grades of woolen blankets and accepted the house paragraph making them dutiable at 25 per cent ad valorem.

The paragraph on woolen yarns was compromised by splitting almost equally the difference between the two houses, the house having voted a 20 per cent and the senate a 15 per cent duty.

A speech in support of the tariff was made in the senate by Senator Thomas of Colorado, a Democratic member of the finance committee.

The senator had prepared his speech for delivery during the tariff debate, but was prevailed upon to withhold it so that passage of the bill might not be delayed.

He warmly defended the sugar schedule and declared that much of the agitation against free sugar by the beet sugar industry was based on a misapprehension.

HOUSE ACCEPTS FREE CATTLE

Conferees Dispose of Several Schedules of Tariff Bill.

Washington, Sept. 13.—Democratic conferees of the senate and house made rapid progress on the tariff bill, approving the earthenware and glass schedules, with slight changes, the sugar schedule with its free sugar provision and the date for the new rates extended to March 1, 1914, the tobacco schedules, the lumber schedule and all agricultural schedules, with the exception of the proposed banana tax and the countervailing duty on wheat.

In the meat schedule the conferees struck the first snag and after several hours' discussion the entire matter was passed over to be taken up later.

Contrary to the general expectation little difficulty was encountered in the agricultural schedule, the house conferees agreeing to free cattle.

However, the dispute on the countervailing duty on wheat is yet to be settled.

HABEAS CORPUS FOR THAW

Federal Judge at Concord, N. H., Issues Writ.

Concord, N. H., Sept. 14.—In the United States district court in this city Judge Edgar Aldrich granted the petition of counsel for Harry K. Thaw for a writ of habeas corpus, returnable at Littleton in a few days.

Nathaniel E. Martin of this city and Merrill Shurtleff of Lancaster appeared as counsel for Thaw. The state of New York was not represented at the hearing.

Thaw conferred with counsel regarding the hearing with Governor Felker at Concord, in opposition to his extradition to the state of New York. This hearing, according to the understanding of the Thaw lawyers, will be held on Wednesday. Thaw probably will be removed to the capital Monday without further court procedure there.

IS CALLED TO WASHINGTON

Secretary of Legation at Rome Must Answer Charges.

Rome, Sept. 14.—Post Wheeler of New York, first secretary of the United States embassy here, has been summoned to Washington by the state department to explain charges on file against him there. Wheeler and Ambassador O'Brien refused to make statements.

For several weeks a rumor has been current in Rome that an American, whose name is withheld, made a complaint to the state department at Washington accusing Wheeler of abusing his diplomatic privileges in the matters of receiving imports duty free.

WOMEN ARE RIDDEN DOWN

Troopers Attack Wives of Strikers. Who Make Demonstration.

Calumet, Mich., Sept. 14.—State troopers with drawn sabers rode down a mob of copper strikers. Many persons, a goodly portion of them women, were knocked down and trampled upon by the horses and several were injured, none seriously. The rioting started early in the morning when strikers and women sympathizers from all over the copper country gathered in Calumet for a big demonstration.

BODY OF "BIG TIM" FOUND IN MORGUE

Congressman Sullivan Killed by a Train.

New York, Sept. 14.—"Big Tim" Sullivan, the New York politician, who rose from newsboy to congressman, is dead.

His mangled body was identified by his stepbrother, Larry Mulligan, after it had lain for thirteen days in a local morgue.

Sullivan, who was ill, eluded his nurses in the early morning of Aug. 31 and a few hours after was struck and killed by a train at Pelham Parkway.

Sullivan's body was on its way to the potter's field when the chance observation of Policeman Purfield led to its identification.

Timothy Sullivan was fifty years of age and a native of New York's East Side. About as soon as he was old enough to toddle he helped his widowed mother support herself and her five children. He grew up without schooling, "a perfect product of New York's streets, shrewd, two-fisted, blue-eyed and canny."

He kept his power because he never drank, never smoked and was always on the job. Next to Charles F. Murphy he was probably the most powerful man politically in New York and was supreme in the district south of Fourteenth street.

Sullivan was reputed to be worth \$1,000,000 or more. His string of theaters was said to bring him \$200,000 a year and he had large real estate holdings. He was a friend of the poor and it is said he never turned a begging hand away without a coin.

"YES, SHE'S A GOOD HORSE ALL RIGHT BUT I'VE GOT NO USE FOR HER NOW THAT I'VE GOT AN EMERSON FOOT LIFT PLOW."

With five horses you can sell one, buy this Gang, do better work and more of it and have \$50 to \$75 to put into pigs, chickens or young stock that is growing into dollars, not only work days, but nights and Sundays. The proceeds of an investment of this kind in an Emerson Foot Lift Gang properly handled will give your boy a nice start when he goes for himself and will go a long way toward keeping him on the farm where he will doubtless turn out a successful man—an honor to your name—and lay up \$2 too \$1 in any other business.

Come in and let me show you why the Emerson Foot Lift Gang, plowing 6 inches deep, pulls a horse lighter than any other plow doing the same amount of work.

Hazel Said to Harold!

"Some folks don't know what's good for them." "True; but they're better off than the people who know and haven't got the price."

The boss says a philosopher is a man with a good liver and his rent paid. I guess most any one could take things easy under such conditions. Rockefeller says it's the first \$1000 that's hard to get. After that it's hard to get rid of. I think I'll try for a hundred first.

It strikes me that paying rent to yourself is the best way to save up a hundred or even a thousand in the course of time. Only about 15 per cent of the people of the United States are home owners. That's a blooming shame; ain't it? Well, watcher going to do about it?
