

Big Piano Sale

**No Guessing Contest.
No Certificate Game.**

We have arranged to have a factory representative with us about the second week of October.

This sale will be a money saving sale, all pianos sold will be high grade, standard pianos.

Unlike other sales we will sell no stencils, employ no agents or canvassers, but sell at the least margin of profit possible.

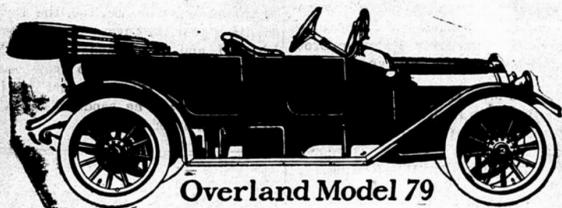

We will sell new, standard, pianos as low as \$200 on time payments or give a discount for cash. Other instruments sold at proportional low prices.

Remember all pianos will be high grade instruments personally guaranteed by us.

We want every home to own a good piano. By our plan every home can have a good one and not a worthless stencil for which you pay high prices and get small value. During this sale we will sell high grade pianos for less than people are paying for cheap stencils.

Watch for further announcements.
