The product of one patch of twelve acres was weighed, however, and made 900 bushels by weight, an average of 75 bushels to the acre. He says the rest of it was just about as good. Effort to Lift Debt.

The number of orphan and destitute children cared for at the Christian Home Orphanage, Council Bluffs, Iowa, during the first ten months of the present year exceeds the record of any entire previous year. The daily average number in the Home during this year has been 262.

The institution has been greatly pressed for funds during the year to meet the necessary expenses, and a strong effort is now being made to raise sufficient funds at Thanksgiving to free the work of all debt. No doubt many of our readers will be glad to forward a contribution to the Home, to help make the Thanksgiving offering sufficient to relieve this good work of a load of debt that is hindering and retarding it in its efforts for the homeless.

Whatever you feel disposed to contribute should be sent to the Christian Home Orphanage, H. R. Lemen, Manager, Council Bluffs, Iowa, and we would suggest that it be mailed so as to reach the Orphanage on Thanksgiving Day, if possible. Let us help the management in lifting this discouraging load of debt from this worthy institution.
