

**The M. W. A. Sanatorium in Film.**

By special arrangement and through the courtesy of Maple Camp, Modern Woodmen of America, Manager Appleby has booked a reel of 1,040 feet, featuring Robert Wilson of Missouri, in a true and realistic film story of his part in the present war—not of bloodshed—but in the fight against and conquest of that menacing monster of the human flesh—tuberculosis. Wilson is one of the million members of the Modern Woodmen of America. Discovering that he is afflicted with this disease, he takes advantage of the comforts, care and cure of the Sanatorium owned, maintained and operated by that society free of charge to its members. For several years that fraternal institution has thus actively and effectively co-operated in the world wide movement advocated by the Red Cross and medical authorities to stamp out the dread "white plague" and Wilson is the beneficiary of this Woodmen life saving station. It is an intensely interesting and heart gripping story of the leave taking of wife and children. Weak in body and hopeless in mind he journeys to the beautiful Rocky Mountain region near Colorado Springs, Colo., where, in the rarified climate and constant sunshine, at an altitude of 7,000 feet, he is destined to spend nine months at the foot of Mount Cedar in the care of the most modern Sanatorium in the world. His experiences in "chasing the cure," his absolute rest from all cares and labor, his gradual return to health and strength, his "hikes" among the fragrant pines and over the rocky trails of the U. S. forest reserve, leased by and adjoining the Sanatorium, result in his final return to family and friends, victorious over his foe. "The Man Who Came Back" is a thrilling and dramatic story, and absolutely true as well; indeed, his experience has been duplicated by nearly 3,000 of his fellow Neighbors, who have already enjoyed the benefits of this justly celebrated institution. This film is pronounced by competent authorities to be one of the very best in this highly developed age of motion pictures, and is in such great demand that it can be booked for only one day and night in each town or city. It is a rare opportunity one cannot afford to miss.

Accompanying the pictures will be a lecture by Dr. Robertson. There will also be other special features to make up a full evening's program.

Regular admission 5 and 10 cents.

**Petit Jury, May Term, 1915.**

**To Automobile Buyers!**

In buying a car, a wise thing to do is to invest in a car that is manufactured by a good, reliable company and with a real guarantee against defective materials and workmanship.

The Crow-Elk-Hart cars are absolutely guaranteed for a period of two years.

We will have some 5-passenger touring cars on hand in a very few days, with full streamline body, 25 to 28 horse power, wheel-base 104 inches, 30 x 3 1/2 inch tires, weight 1650 pounds, with electric starter and lights, and complete equipment at \$750.

We will save you tire expense, gasoline and oil, and at the same time will take you with comfort where any other car, regardless of price, will go.

Come and see us at Whalen & Hansen's Garage.

VINCENT KAPLER, Dealer.

**Brick Laying.**

Brick blocks or chimney work in workman like manner. Call up O. K. Hotel. 35tf Chas. McGibbons.

**Obituary.**

EDDY.

Rebecca Young was born in Alburgh, Grand Isle County, Vermont, on November 20, 1833. She was married to Augustus Eddy of the same place in 1855. They came to Iowa in the year 1856. She lived near or in Cresco until the spring of 1911. Her husband passed away on November 14, 1904.

Six children were born to the union: Austin of Erhard, Minn.; Alice Cuper-nell, of Pasadena, Cal.; Jennie Pike, of Alburgh, Vermont; Florence Bentz, of Springfield, Mo.; William, of Cresco, Iowa, and Melvin, of Monona, Iowa. She made her home with the latter son during her last days surrounded with every comfort and in great happiness.

Mrs. Eddy was a good Christian, a good mother and wife. She was always reaching out her hands to the poor and needy and always doing unto others as she wished to be done by. She united with the Congregational church in early life and always lived in the true faith which sustained her in life and accompanied her through the valley of death to the land of reality. She leaves beside her children and grandchildren, two brother, George Young of St. Paul, Minn. and Sumner Young of Canada, to mourn her going.

A dear sister and mother has gone to that better realm where happiness never ends. On April first she fell, causing a fracture of the hip from which she was not able to recover. She was a patient sufferer, always smiling, lovingly, upon those who tenderly cared for her. On the morning of April 15, 1915 at 9 o'clock she fell asleep.

The body was brought to Cresco and the funeral services were conducted in the Congregational church by Dr. D. T. Robertson, the pastor, and the body was laid away in the old Eddy burying ground, by the side of her husband. The burying ground is on land which she and her husband pre-empted when they came to this county in 1856.

**CARD OF THANKS.**

We wish to extend our hearty thanks to all who aided us in the burial of our mother and sister and especially to the pall bearers and singers who took part. Sons and Daughters and Brothers of Mrs. Rebecca Eddy.

**Decorah's Population 3,629.**

The Decorah Journal gives the above as Decorah's population, which must be disappointing to that city in view of the big gains of some of her neighboring cities, among them Cresco with a gain of 536. The Journal's statement is as follows:

To the astonishment of every one the 1915 census shows Decorah's population to be only 3629. It had been expected confidently that it would be 4500. At the last city election 924 votes were cast. It used to be accurate to figure one vote for every five population. On that basis, Decorah's population would be 4620. But some wise observer has suggested that the day of big families is receding into the distant past. And though vacant houses are almost unknown in Decorah, many houses are occupied by two or three people each.

Assessor Hargreaves has kindly handed us the following figures:

First ward	.....	829
Second ward	.....	513
Third ward	.....	547
Fourth ward	.....	1230
Fifth ward	.....	510

Total for city ..... 3629  
In 1910 the population was 3592, so we have gained 37 people in five years. At that rate we shall have obtained the hoped for 4500 population in 117 years and nine months.

**Notice to Stockholders.**

Notice is hereby given to the Stockholders of the Northern Iowa Telephone Company, of the annual meeting for the purpose of electing two Directors for a term of three years, and a Secretary for one year, and to transact any other matters in relation to the interests of the Company, from 2 o'clock until 4 o'clock p. m., Monday, May 3, 1915.

C. W. REED, President.  
G. R. STORY, Secretary.

**Methodist Notes.**

We are to have the pleasure of hearing Dr. Lemon of New Hampton on Sunday. Services both morning and evening at the usual hours. A week later the evening services will be changed to the usual summer hours. The men will not forget their gathering in the basement Friday evening at 6:30. Luncheon and address by Dr. Lemon. Bring a basket.

**Switches.**

Before ordering your switches call and examine my assortment. We have them in stock from \$1.50 up. Also, save your hair combing.

30tf MRS. MARY STREINZ.

**Brick Laying and Plastering.**

Have located in Cresco and ready to do any work in my line. 316 South Elm St. Phone 228. F. E. BIRD. 30tf.

**For Sale.**

A good farm mare, 1300 lbs., 7 years old, to foal in June. Fit for a boy or lady to drive. M. P. Lydon, Cresco, Iowa 99. 35-12

**Charles City Road to Run Cars in July.**

Charles City, Iowa, April 18th—Special.—The Charles City Western Railroad has made arrangements to install electric generators in the Hart-Parr plant and to be operated by the Hart-Parr company. This company's plant has sufficient boiler capacity to make this possible without added equipment. There will be two generators installed to provide for a reserve. One thousand kilowatts are required to operate the line. As the Hart-Parr company use the back pressure of the steam plant in heating their factory for six months of the year and a cheap grade of coal with the boilers fitted automatic stokers they are able to make the railroad an attractive offer.

The Charles City Western will be operated under 1,200 volt power on account of the greater economy of a high voltage. Seven miles of poles have been placed. There are eighteen and one-half miles of extension. The grading is being done under the management of R. E. Shugert of Nevada, with a large force of men, three grading machines and 200 mules. The bridge work has been let to William O'Neal of Sioux City. There will be 1,500 feet of bridge work; the longest bridge to be 750 feet, across the Little Cedar and a thirty foot span over the Chicago, Milwaukee & St. Paul railroad east of Charles City. The car equipment includes interurbans and street cars of all steel.

Surveys are being made to Elma and Alta Vista, both of which connect with the Great Western railroad. When completed it will be decided which one will be used.

The electrification will be completed and cars running by the first of July. Two miles of the extension will also be completed by this date.

**War Excitement in Barber Shop.**

Mel Stiles, the barber, isn't touted as a very strong German partisan in his war talk, so when the other day he made the remark that he would rather shave three Germans than one Englishman, it caused some murmuring over the tea cups and checkerboards. Ed Price and Fred Mason, two tried sons of Johnny Bull, heard of it and forthwith, with chips nicely balanced on their shoulders, proceeded to the barber shop to ascertain the why and wherefore, willing to back up the abused English with their lives, if necessary. In response to their heated demands for an explanation, Mel explained that if he shaved three Germans he would receive therefor forty-five cents, while from one Englishman fifteen cents would be all he could hope for. Neutrality was declared at once and peace reigneth since in the barber shop.—Le Roy Independent.

**Only a Dad.**

Only a dad with a tired face  
Coming home from the daily race,  
Bringing little of gold or fame  
To show how well he has played the game.  
But glad in his heart that his own rejoice  
To see him come and to hear his voice.  
Only a dad, of a brood of four,  
Plooding along in the daily strife,  
Bearing the whips and scorns of life  
With never a whimper of pain or hate  
For the sake of those who at home wait.  
Only a dad, neither rich or proud,  
Merely one of the serging crowd,  
Tolling, striving, from day to day,  
Facing whatever may come his way;  
Silent whenever the harsh condemn,  
And bearing it all for the love of them.  
Only a dad, but he gives his all,  
To smooth the way for children small,  
Doing, with courage stern and grim,  
The deeds that his father did for him;  
This is the line that for him I pen,  
Only a dad, but the best of men.  
—Detroit Free Press.

**Congregational Church.**

At 10:30 Sunday morning the pastor will preach on the subject: "What Kind of a Place is Heaven?"

At 7:30 in the evening the subject will be "Moral Reforms; Their Advance." This is a timely subject now that all political parties are taking up moral questions and giving their stand upon them. Come and hear the discussion.

**School Report**

of school in Dist. No. 5, Howard Center township, for the month ending April 9.

Number enrolled, 15.  
Average attendance, 14.  
Those neither absent nor tardy; Florence Bolinger, Guy Bolinger, Edwin Bunge, Roy Mornde, Stanely Morrande, Margret Smith, Ruth Smith, Laura Reikman and Gus Reikman.  
LETTIE SHIELDS, Teacher.

**Farms Wanted**

Have customers for two or three farms of from 80 to 120 acres, and can also use some a little larger, but the price and terms must be right. Come and see me if you want to sell, or write me and I will come and see you.

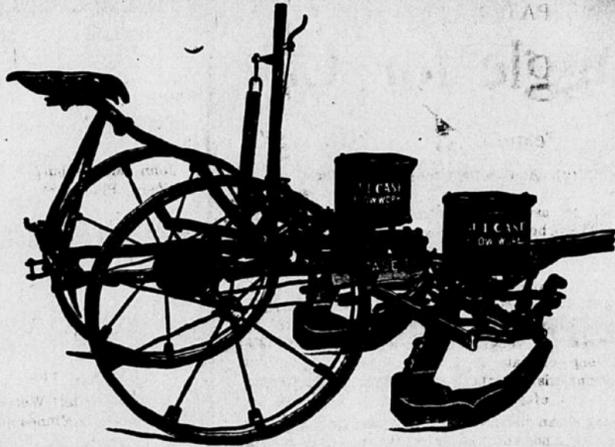

Myron Converse, Cresco, Ia. 33-13

**260 Acre Farm for Sale.**

The former Barney Steinmetz farm, 3 1/2 miles east of Cresco, consisting of 260 acres. Must be sold soon to settle estate. P. M. HEROLD, Referee. t122

Tetter, Salt Rheum and Eczema  
Are cured by Chamberlain's Salve. One applica-  
tion relieves the itching and burning sensations.

**Here is the J. I. Case Power-Drive Corn Planter** that has been making such a splendid record in different parts of the country. Every farmer who has one of these planters or has seen the work they perform, speaks of its performance in the highest terms of praise.

This Planter is a great favorite among farmers of this community for the following reasons: It drops accurately. It drills or checks equally well. It has a quick and easy means of changing the number of grains in checking or the distance in drilling. It is strong and durable.

The seed plates, which are smoothly polished, are made with small, medium, special and large holes of round shape; also medium and large holes of oblong shape for deep kernels. A splendid arrangement is provided so that no two kernels can get into one hole, which assures such perfect accuracy. This arrangement, which is operated by a light spring, prevents cracking the corn and allows an off-size kernel to pass through to the dropping point. In selecting a plate best adapted for your size of seed it is not necessary to take the corn out of the box. Another great feature of this planter is the fact that you can change the number of kernels to the hill by simply moving a lever, which can be done while the planter is in operation, planting 2, 3 and 4 kernels as desired.

The Clutch which operates the dropping mechanism is on the slow moving main axle, and is in operation only for the time the hill is being dropped, or in other words, about one-fourth of the time, while if it was located on the drill shaft it would be in operation all the time.

We are placing a good many Fertilizer Attachments on these planters at a small additional expense. If you want to increase the yield of your corn crop come in and examine this planter thoroughly and you will see why it pays to have a good planter.

**WHAT YOU DON'T SEE**

The parts of a shoe that you don't see are generally the most important to your comfort and to the life of the shoe. The cork cushion insoles in Treadeasy shoes are not visible, but you know they are there, giving a soft even pressure on every part of the sole and conforming to the exact shape of the bottom of the feet.

You might not notice from their looks that the rubber heels were different from the hard leather heels you have been used to; but once on the foot you find there is not the usual jar at every step, and you are less tired at night.
