

## BULGARS SUFFER SEVERE DEFEAT

French Troops Join Hands With the Serbians.

### TEUTONIC FORCES ADVANCING

Campaigns in Northern and Eastern Serbia Are Proceeding According to Plan, Despite Fierce Resistance. Position of Serbians is Said to Be Not as Desperate as Has Been Painted.

London, Oct. 26.—While the Austro-German and Bulgarian campaigns in Northern and Eastern Serbia are being carried out according to the plan, despite fierce Serbian resistance, the Bulgars who crossed the Timok and hold the town of Prahovo are separated from the Germans who crossed the Danube near Orsova by only a few miles.

In the south things are not going so well for the invaders. In the latter region the French troops have joined hands with the Serbs and, according to French accounts, have inflicted a severe defeat on the Bulgarians at Krivolak, forty miles north of the point where the Saloniki-Nish railway crosses the Serbo-Greek frontier.

This success places the Bulgarians who reached Istip, Veles and Uskup in rather awkward position, for a further advance of the allied army would seriously threaten their flank. In fact unofficial reports state that the advance of the French, who are being closely followed by the British, has already caused the retirement of the Bulgars toward Strumitsa.

#### Route to Turkey Assured.

The first desire of the Germans, however, is to open a route through Northeastern Serbia and Bulgaria to Turkey and this is on the eve of being accomplished.

On the other hand, military writers here do not believe that the position of Serbia is so desperate as has been painted. It is serious, of course, but they point out that the Serbians have many natural defensive positions in the mountains, in which they can hold out for weeks; that, with the British, French and other members of the quadruple powers carrying out their determination to help Serbia by rushing reinforcements to Saloniki and other points, the Bulgars will have an extremely warm reception and that the Germans and Turks, being fully occupied elsewhere, will not be able to send them much help.

#### Cannot Spare Many Men.

British correspondents in France have just disclosed the fact, made known to them by the British staff, that even after the Anglo-French offensive in September the Germans had the greatest difficulty in securing new reinforcements to meet that advance and had to call upon men just returned from Russia for rest to fill the gaps in the western lines. From this it is argued that the Germans cannot spare a great many men for the Balkans, especially as the Russians are keeping them fairly busy from the Baltic to the Roumanian border.

The Italians, by their offensive, are compelling the Austrians to strengthen their lines and the French, by the capture of a strongly fortified salient north of Le Mosnil, in Champagne, have shown that they have not yet finished their effort to break through. The French success is considered important, because the capture of this fortified area clears the ground for another general offensive in Champagne.

### ONLY FEW OF CREW SAVED

Berlin Reports Loss of Cruiser Prinz Adalbert.

Berlin, Oct. 26.—Only a small part of the crew of the German cruiser Prinz Adalbert, sunk by a British submarine in the Baltic, was rescued. This was made known in the following official statement:

"A telegram from the naval general staff, dated Oct. 23, states that the cruiser Prinz Adalbert was sunk by two shots from an enemy submarine off Libau. Unfortunately only a small portion of the crew could be rescued." The complement of the Prinz Adalbert was 557 men. An official announcement from Petrograd stated that it had been sunk. It was said the cruiser formed part of a squadron which probably had been charged with a special mission.

### ANOTHER RAID ON VENICE

Austrian Airmen Drop Bombs on Italian City.

Rome, Oct. 26.—Another air raid on Venice occurred. Three Austrian aeroplanes dropped several bombs on the city. Three persons were slightly injured. The damage was insignificant.

The Rome newspapers express great indignation at the bombardment of the famous Scalz church in Venice and the destruction of the Tiepolo frescoes. The news of the bomb attack on Venice has stirred the people of Rome to extraordinary degrees.

MRS. ELLA F. YOUNG.

Superintendent of Chicago Schools Offers Resignation.

Displaying no more sentiment than they would over the receipt of an order for a batch of pencils, the trustees of the Chicago school board learned of Mrs. Ella F. Young's resignation as superintendent.

"Constant heckling" by the trustees was given as Mrs. Young's cause for resigning. Mrs. Young will enter the writing field.

### AMERICAN TROOPS KILLED ON BORDER

Brownsville, Tex., Oct. 22.—About seventy-five Mexicans attacked fifteen American soldiers at Ojo Del Agua, a small Mexican settlement on the American side of the river about six miles up the Rio Grande from here. Three soldiers were killed and eight wounded and at least five Mexicans killed in the forty-minute battle which followed. Some of the Mexicans fled across the Rio Grande into Mexican territory when American cavalry reinforcements came up.

Mexicans slain in the fight had white handkerchiefs bearing the words "Viva Villa."

Ojo Del Agua is near the river. Dense brush, which even in daylight limits the range of vision to a few feet, afforded the Mexicans perfect cover as they scattered into small groups and made toward the Mexican boundary.

Expresses Appreciation of Action of United States and Other Nations in Extending Recognition.

Washington, Oct. 24.—General Carranza, through his representative here, Eliseo Arredondo, addressed a note to the United States and the other American republics which have recognized his government expressing his appreciation of their action and announcing that diplomatic representatives soon would be accredited to the various countries. General Carranza declared it was the purpose of his government to establish cordial relations with all countries.

State department officials admitted hearing a rumor from Juarez, attributed to Villa officials, that Felix Diaz and 40,000 Zapata troops were menacing Mexico City. It was said at the department that no such number of Zapata troops had ever been reported before as in the field and it was not credited. The Carranza agency received a telegram from one of its agents in New York saying he had seen Felix Diaz in New York three days ago.

Messages also were received from Mexico City by the Carranza agency stating that the Zapata force had disintegrated into small bands and many of them had asked General Carranza for amnesty.

### SKIRMISH WITH MEXICANS

One American Soldier is Probably Fatally Wounded.

Brownsville, Tex., Oct. 25.—Soldiers of the Fourth United States Infantry and Mexican bandits engaged in a skirmish at the scene of the train robbery and murders of last Monday. One American soldier, Private Herman E. Moore of French Lick Springs, Ind., was wounded in the fight, according to reports received at Fort Brown.

Sergeant Arthur Estridge of Company C, Fourth Infantry, was in command of the detachment attacked. He reported to Fort Brown headquarters that five Mexicans were seen to cross the railroad track just beyond where the infantry was stationed. The soldiers promptly opened fire on the Mexicans, while the commander gave alarm to headquarters. When the Mexicans returned the fire their number seemed larger.

## BRITISH ATTORNEY GENERAL RESIGNS

Sir Edward Carson Disagrees With His Colleagues.

London, Oct. 19.—Sir Edward Carson, attorney general, has resigned from the British cabinet.

The resignation of Sir Edward Carson, the first open manifestation of the divergence of views known to exist among the ministers, is the result, according to an authoritative statement, not to the controversy over conscription, but to the condition of affairs in the Near East.

Sir Edward, himself, so far has made no personal explanation of his reasons for resigning, but it is understood that he disapproved of the policy which is being followed in the Balkans and the method of confiding the whole national policy to a small "inner cabinet."

It is expected that there will be exciting debates in the house of commons this week, as severe attacks on the government are planned by members of the house, in connection with the general military policy, especially in the Near East.

### WILL RECOGNIZE CARRANZA

Diplomatic Relations With Mexico to Be Resumed.

Washington, Oct. 19.—Diplomatic relations between the United States and Mexico have been formally renewed after a lapse of two years and eight months by the formal recognition of Venustiano Carranza as the chief executive of the de facto government of Mexico.

Secretary Lansing and the ambassadors from Brazil, Chile and Argentina and the ministers from Bolivia, Uruguay and Guatemala, constituting the Pan-American conference on Mexican affairs, met and decided upon the form in which their respective governments would present recognition. Afterward, Secretary Lansing made this announcement:

"The conferees, under instruction from their several governments, will recognize the de facto government of Mexico, of which General Carranza is the chief executive."

Since recognition was agreed upon a week ago official reports show that a material change for the better has taken place in Mexico.
