Married.

On Thursday evening, October 28th, a company of relatives gathered at the home of Mrs. Emma DeNoyelles to witness the marriage of Miss Florence May Fields and Mr. Leon Caward DeNoyelles, Rev. J. A. Pettit of the Baptist church performing the ceremony.

Miss Matilda Smith, of Waterloo, sang "Because" before the couple descended the stairs and Mrs. E. L. Weaklen played the wedding march. The bride was charmingly gowned in white taffeta silk and carried a handsome bouquet of white roses and lilies of the valley. After congratulations, an appropriate two-course luncheon was served by the Misses Alice Caward, Marjory Hunting, Thelma Thompson and Eva Pettit.

Mr. and Mrs. DeNoyelles left on the evening train for a short wedding tour and will return to Cresco where they will make their home. The groom is employed in the Caward Grubber Co. with his uncle R. S. Caward. The best wishes of a host of friends goes with these young people to the new home just started.

The out of town guests were Mr. and Mrs. A. H. Caward and son Walter and Harry Caward and wife, Mr. and Mrs. Charles Caward and two sons of Mason City, Mrs. Frank Caward of Waterloo and Miss Ella Caward of Decora.

Tuesday, October 26th, at nine o'clock, in St. John's Catholic church, occurred the marriage of Albert Kacher of Pro-

vin to Miss Mary Chipera of near Jackson Junction, Rev. C. Dragoun officiating. They were attended by Mr. Jos. Chipera, brother of the bride, and Miss Infelda. The bride is a daughter of Mr. and Mrs. Martin Chipera of near Jackson Junction, and the groom is a son of Mr. and Mrs. Anton Kacher of Protivin. These young people are very popular in their respective communities and their many friends wish them a long and happy wedded life. After the services at the church they repaired to the home of the bride's parents where a sumptuous wedding repast was served to quite a number of relatives and invited friends.—Ossian Bee.

Mr. Edward A. Munkel and Miss Minnie V. Bican, both of Lime Springs, were married Wednesday noon by Rev. J. A. E. Naess at his home on Oakland avenue.—Austin Herald.

Next Lyceum Number.

The second number of the three course lyceum program will be given in the Congregational Church Wednesday evening, Nov. 10th, by a trio composed of Antonio Sala, cellist; Mignonne Meeker, soprano; and Lois Brown, pianist. They present a program of classical music. The company comes well recommended as will be seen by the highly complimentary press-notices published elsewhere in this paper.

NOTICE!

All outstanding bridge warrants will be taken up if presented at the County Treasurer's office for payment.
A. L. WHITE, Treasurer.

NUMBER THIRTEEN, WHO? BY "BART."

Twenty-one Seasons of Success.

For twenty-one years the name Frank E. Long (all week long), has been the synonym for the best offerings in the popular priced dramatic field and during that time "The Frank E. Long Company" has occupied an enviable position in the hearts of theatregoers in all the cities where it has appeared.

The old reliable company will appear at the Cresco opera house one solid week, commencing Monday, Nov. 8th presenting for their opening play a beautiful four-act drama of interest, entitled "Dora Thorne," with snappy live wire vaudeville between to acts.

An uproaring farce comedy, entitled "Chas. Chaplin in a Jitney Joy Ride" will be a special Saturday matinee offering when "Popular John Sullivan" will interpret the role of Chas. Chaplin. Ladies will be admitted free Monday night under usual conditions. Seats on sale Saturday at Lomis' Drug Store. Curtain 8:15 p. m. Monday.

A Growing Institution

The officers of the Cresco Union Savings Bank are pardonably proud that this institution has reached and passed the one and one-half million mark in its assets. A careful investigation establishes the fact that this is the largest of any bank in the state according to the age of the institution and the size of the town. Another point to remember is, that the prosperity of this bank is an indication of the prosperity of the community.

Basket week next week at Swenson's Jewelry Store.

To Correct a Misapprehension.

A couple of our farmers who are removing to North Dakota were told that it was impossible to ship their cattle to that state on account of the cattle plague scare. The officials of the County Farmers Protective Association took up the matter and find that such is not the case, but that cattle may be so shipped if inspected and found healthy by a "federal, state or deputy state veterinarian or a graduate veterinarian endorsed by officials in charge of live stock sanitary work in state where inspection is made." This statement is made at the request of several of the farmers hereabouts who feel that the misinformation is an injustice to this vicinity where all cattle are free from any disease.

WHICH SHALL IT BE?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove?
You know that old stove eats up a lot of fuel each year.
You know you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.
Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

The Great Majestic Malleable and Charcoal Iron Range

You make no mistake in buying the GREAT MAJESTIC—it's the range with The Reputation—ask your neighbors. Then, too, it's made just right and of the right kind of material—Malleable and Charcoal Iron—riveted together practically air tight—lined with pure, asbestos—parts being malleable can't break—has a movable reservoir and an oven that doesn't warp—that's why the Majestic uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs. Don't buy the range you expect to last a lifetime "unsight unseen"; you'll be sure to be disappointed. Come to our store during demonstration week, see the Great Majestic—have its many exclusive features explained—find out why the Majestic is 300 per cent stronger than other ranges where most ranges are weakest.

SPECIAL—All during this week a special demonstrator direct from the Majestic Factory will be glad to show you "All About Ranges"—show you why the Majestic is the best range on earth at any price. Come, if you intend to buy or not. Education lies in knowing things—Know why the oven of a range is heated—Know how the water is heated—How the top is heated—Why the Majestic uses so little fuel—Know how a range is made inside and outside. This education may serve you in the future. Don't overlook a chance to Know Things shown by one who knows. Come.

Don't Overlook the Date.

This is a Special Invitation to You and Your Friends and Neighbors.
