LET US HELP YOU OUT

If the problem of building a house or a barn is the thing that is troubling you, And you reckon the Lumber will come too high, Let us tell you what to do; Don't guess about this and guess about that, And not know what you're about. Bring us your bill for an estimate, And let us help you out.

Many a man puts off building or making needed repairs about the place because he imagines the Lumber he needs would cost too much. Don't be satisfied with imagining things—come and let us tell you exactly what the needed material will cost. Estimates promptly made.

PURITY COAL DOES What It Ought To Do

YOU may have had Coal in the past that did about what you expected it to do—MADE TROUBLE. It was cheap Coal and you knew it when you got it.

PURITY COAL won't make trouble because there's nothing in it but Coal, at least there's so little of it that isn't Coal that you can bank on its doing what you want it to do, and that Good Coal ought to do—make lots of heat and little trouble. Because of its quality, PURITY COAL is economical Coal to use. Get a load now and you will use it all winter.
