

SENATE OBJECTS TO REDUCTIONS

Calls Halt on Cutting Army Appropriations.

CHAMBERLAIN IS AROUSED

Washington, July 25.—The senate called a halt on wholesale reduction begun Saturday in the army appropriation bill, voting down retrenchment proposals and approving increases totaling more than \$30,000,000 when sections were reached carrying provision for ordnance and equipment for the regular army and national guard.

Debate on the ordnance sections developed a predominating sentiment that it would be unwise to limit expenditures for ammunition and guns too closely despite the lessening of tension in the Mexican situation.

Decreases of \$36,000,000 ordered Saturday related to transportation, subsistence, foreign service pay and emergency estimate put into the bill by

the house when the Mexican situation was critical.

The increases included: For medical supplies, increase from \$2,000,000 to \$4,500,000; engineers' equipment, \$1,000,000 to \$1,770,000; ordnance stores, \$6,000,000 to \$11,000,000; automatic machine guns for regular army, \$3,600,000 to \$7,725,000; automatic machine guns, for national guard, \$2,000,000 to \$6,586,150; armored motor cars, \$300,000 to \$1,000,000; field artillery for national guard, \$8,000,000 to \$14,200,000.

Several important items remain for consideration, including the \$13,281,666 proposed for aviation, an increase of \$10,000,000 over the house appropriation.

In the debate Chairman Chamberlain of the military committee, aroused by anti-preparedness arguments by Senator Norris, vehemently arraigned senators who, he declared, constantly intimated that advocates of preparedness were in a conspiracy with munitions makers and others who profit by war.

He defended the patriotism and honesty of the champions of preparedness in congress.

Senator Townsend assailed the administration Mexican policy, asserting that the national guard had been called to the border under "false pretenses" and that diplomatic correspondence had disclosed that there never was any intention of sending state troops into Mexico.

COUNTY NEWS

LOURDES.

The wind has played havoc with the grain and corn fields in our locality, doing quite a little damage.

James Valvoda rambled down to Cresco Sunday afternoon.
