

Farmers Bank is Sound.

The unfortunate circumstance of Irving Despres disappearance had no connection whatever with business matters of affairs at the Farmers Bank. Mr. S. B. Despres is in complete charge of that institution and assures us the affairs of the bank are in excellent shape. Mr. Tim Donovan of New Hampton, who came up to help Sam for a few days, also is authority for the statement that the Farmers Bank is perfectly sound and that nothing irregular could be found in its accounts. Mr. Donovan went over the resources and liabilities of the institution and declared that the Farmers Bank has abundant resources to back every dollar of deposits. A statement to this effect is not necessary to satisfy our home people, who have complete confidence in this bank. But a statement to this effect is desirable to counteract any false or malicious statements that might find currency in outside places, and like the usual unfounded rumors grow rapidly in uncontradicted.—Elma New Era.

To Automobile Drivers and to Joy Riders.

Considerable complaint is being made about reckless and fast driving on our streets. You know the ordinances and the laws regarding fast driving. I don't believe you want to injure any one but nearly all the accidents occur when some one is driving fast. I especially ask all parents to see that their young people drive right. We don't like to fine our people but if we have to we shall not hesitate even though it be a jail sentence. Everybody work together and see that this dangerous practice is cut out.

Respectfully
A. E. Barker, Mayor.
