PLUCK, PROGRESS, PERSEVERANCE AND PATRIOTISM IN POLITICS

BY MEAD PUBLISHING COMPANY

VOL. LIX, NO. 12

CRESCO, HOWARD COUNTY, IOWA, FRIDAY, NOVEMBER 9, 1917

\$1.00 PER YEAR

### Red Cross Notes.

At a meeting of the directors of the Red Cross Chapter last Monday evening, most of the discussion was as to ways and means to do our share toward giving every soldier a Christmas present. There are those who will not receive anything of the sort unless the Red Cross takes the place of home folks. Ninety Christmas packages, costing about \$2 each is the apportionment of the Cresco Chapter. Thirty of these are already on the way to France, but not paid for. The money for these and the other sixty which we must furnish for the camps, amounting to about \$180 may not be taken from our regular funds. If one hundred and eighty people will call at the work room, leave a dollar and specify that it is for the Christmas packages, it will be the greatest help to the committee.

At this last meeting a resolution of approval of the Junior Red Cross recently organized in the public schools was passed.

Another shipment of finished articles this week was composed of the following: 108 sweaters, 85 mufflers, 106 pairs wristlets, 115 pairs socks, 6 helmets.

A letter recently received from our divisional headquarters reads in part as follows: "Replying to yours of the 21st, we are glad to know that your quota for four hundred and fifty sets of knitted sets will be turned out by Dec. 1st, or very shortly thereafter. This is certainly a fine showing. We are having such a tremendous demand for knitted goods that we are asking all Chapters to continue knitting to the limit of their capacity for several months to come. We are trying to supply the needs of our soldiers and sailors, both at home and abroad, and are far behind the need at present."

One item which should have appeared in our statement last week of gifts for Oct. was that of the opera house management of \$70.25.

### "Flora Bella" at "The Cresco."

"Flora Bella" the bright, tuneful and altogether pleasing musical success will be the attraction at "The Cresco" one night, Nov. 14th.

The music which contains many catchy songs is by Charles Cuiviller and Milton Schwarzwald. The lyrics are by Percy Waxman and the book by Felix Doerman, revised and adapted by Cosmo Hamilton and Dorothy Donnelly. The story centres around an affair of the heart. Princess Manja Demidoff is living at the quiet country home of her husband, Prince Nicholas Demidoff. Life to the young couple becomes monotonous. The Prince who takes his wife for a much reserved person is greatly disappointed, having found out that she requires gaiety in life. It happens that a former stage manager now ruined, stops at the home and recognizes the Princess as Flora Bella, the captivating cabaret singer who used to enliven the cafe of the "Sign of the Golden Calf" in Petrograd.

As she had given up the stage to marry the Prince, who knows not of her life as a professional singer, she has been taking every precaution not to disclose her past. The old fellow begs her to return to the cabaret if only for one night so that he may re-establish his prestige to which she consents.

The Prince craving for frivolity goes to Petrograd on the same night and entering the cafe meets his wife and is tremendously shocked at her appearance in the dress of a dancer. She tells him she is Flora Bella and his wife is a twin sister. The Prince falls madly in love with the girl and after many complications they reach that happiness they craved for. In its presentation here "Flora Bella" will be seen with an excellent cast. It has to its credit this season a six months run at the Casino Theatre, New York.

### Y. M. C. A. Meeting Tuesday Evening

Five of Waterloo's prominent business men drove to Cresco on Wednesday to arrange for a meeting in the interest of the Army Y. M. C. A. work, and as a result of their trip a meeting has been called for next Tuesday evening, Nov. 13th in the Court House hall.

The meeting will be addressed by Roger Levitt, of Cedar Falls, also one of the Y. M. C. A. workers at Camp Dodge, and other good speakers. Come out and learn of the great work that the Y. M. C. A. is doing for our enlisted boys. President Wilson and Governor Harding are asking your cooperation in the great work that is being done by the Y. M. C. A. and Knights of Columbus in maintaining the moral fibre of the young men in the various training camps.

No subject should be dearer to the hearts of the families and friends of the boys fighting our country's battles than the work of the Y. M. C. A. and we ask for the speakers a large audience next Tuesday night.

### Wanless-Carr.

Paul O. Wanless of Prosper, Minn., and Miss Miriam Carr of Canton, Minn., were united in marriage at the home of Mr. and Mrs. Fred Lent last Wednesday evening. The groom is a brother of Mrs. Lent. Rev. E. G. Copeland officiated.

After a few days' visit with relatives and friends in Cresco, Mr. and Mrs. Wanless will begin housekeeping on the farm of the Wanless Bros. A short distance from Prosper, Minn. They have the well wishes of their many friends.

### Farmers Attention.

For a cream separator that is built to wear, to skim perfectly clean, easy to turn and easy to wash and keep sanitary, one built with the troubles left out, for such a separator you should call on Andrew Smith, Cresco, Ia. Phone 287.

## A Letter From Washington

The Food Administrator Writes Us:

"The use of baking powder breads made of corn and other coarse flours instead of patent wheat flour is recommended by the Conservation Division of the Food Administration. The wheat needed for export is thus conserved, and at the same time healthful food for our own people is provided. The circulation of recipes providing for these uses would be of assistance in carrying out our plans."

The following recipes for Corn Bread and Rye Rolls save wheat flour and make attractive and wholesome food for every day when made with

# ROYAL BAKING POWDER

### CORN BREAD

1 1/2 cups corn meal  
1 cup flour  
1 level teaspoon Royal Baking Powder  
1 tablespoon sugar  
1 teaspoon salt  
1 1/2 cups milk  
1/2 cup shortening

Mix thoroughly dry ingredients; add milk and melted shortening; beat well; pour into well greased pan and bake in hot oven about 25 minutes.

Our red, white and blue booklet "Best War Time Recipes" containing additional similar recipes sent free on request. Address Royal Baking Powder Company, Dept. H, 135 William Street, New York.

### RYE ROLLS

3 cups rye flour  
1/2 teaspoon salt  
3 level teaspoons Royal Baking Powder  
1/2 cup milk  
1/2 tablespoon shortening

Sift dry ingredients together, add milk and melted shortening. Knead on floured board; shape into rolls. Put into greased pans and allow to stand in warm place 20 to 25 minutes. Bake in moderate oven 25 to 30 minutes.

### Quiet Home Wedding.

At the home of the bride's sister and brother-in-law, Mr. and Mrs. J. A. Cutting, 124 Sixth Ave., on Saturday morning, Nov. 3rd, 1917, at ten o'clock, Miss Grace Gooder was united in marriage to Mr. Harvey W. Page of Minneapolis, Minn., Rev. E. G. Copeland of the First Methodist Church officiated in the presence of a few relatives and friends.

The bride was attired in a beautiful gown of chiffon over silk taffeta with silver lace trimmings and carried a

bouquet of bride roses. She is a capable young lady of refined bearing and splendid christian character. For the past six years she has been the efficient stenographer and bookkeeper of the Cresco Union Savings Bank of this city. The groom is an enterprising young man who for two years has been in the employ of the Brown-Phelps Linotype Printing Co., of Minneapolis. Both young people have a large circle of friends who join in wishing them a happy and prosperous journey through life.

Following the felicitations, a three

course dinner was served in the dining room. There were beautiful gifts of cut glass, silver, furniture and linen.

Mr. and Mrs. Page left on the noon train for Minneapolis amid showers of rice and good wishes from their friends. They will soon begin housekeeping in a new duplex residence at 2726 Ulysses St., Minneapolis and will be at home to their friends after December first.

# THE BRUNSWICK

## The Final Type Phonograph.

The Brunswick-Balke-Collender Co. after years of preparation, enters the phonograph field with a final type phonograph. It is christened The Brunswick.

It is backed with seven established factories, and with fifty distributing branches.

With capital exceeding \$15,000,000. With thousands of expert workmen. With its own forests from which to secure the finest cabinet wood.

With years of prestige in the finest cabinet work—work that is famous. And with a contract with the Pathe Company which enables us to open up the world's richest field in music.

This new Brunswick is a universal machine. It plays all records, both Pathe and every American and foreign record made. You are not limited to any one make of record, however great.

The Brunswick plays them all and plays them better. It is rightly christened "All Phonographs in One."

## Brunswick Cabinet Work.

The Brunswick-Balke-Collender Co. makers of the Brunswick, have specialized in fine cabinet work for over seventy-five years. From grandfathers to father and son has passed the art of wood working, according to Brunswick ideas. American industries grant Brunswick top place as cabinet makers.

Now the House of Brunswick offers its consummate art over its own name, in Brunswick phonograph cabinets that are gems of craftsmanship.

In style each cabinet has been designed with a view of making it suitable for any environment.

We have avoided Period designs, so often inappropriate, unless in accord with other furnishings. We have avoided the ornate and over-elaborate.

Brunswick cabinets obtain their de luxe beauty by the use of superfine mahogany and other rare woods, finished in the highest style of the Brunswick art. Each of the cabinets contains numbered and indexed filing system. For the small table machine we provide albums for record filing books.

## Two Sound Boxes----A Perfect Tone Chamber.

The Brunswick accomplishes its universal playing by the provision of two sound boxes; one for playing Pathe records, another for other makes.

These come with every machine without extra charge.

Even more important is the Brunswick Tone Chamber, a triumph in acoustics. It is built like a fine violin, of wood selected for elasticity and resonance. There is no metal. By virtue of these qualities, sound waves are reflected with perfect distinctness.

The Brunswick tone modifier permits the regulation of volume to the exact shade you best enjoy. It is operated through the "throat" of the instrument, controlling it as a singer does the voice. Every Brunswick is also equipped with two sapphire ball pointed needles, for playing Pathe records, a jewel point and steel points for the different American makes.

Both boxes and needle may be changed in an instant.

The 12-inch turntable accommodates records of any size.

Number 90--Oak or Mahogany  
Price \$95.00
