

OBITUARY.

Sanborn.

The news of the sudden death of Mr. L. P. Sanborn at Rochester, Minn., last Saturday morning came as a shock to the whole community. Mr. Sanborn had been in failing health for several months. The latter part of November in company with his wife, he went to Prairie du Chien where both took treatment for rheumatism for about five weeks. Upon their return Mr. Sanborn seemed to improve for a while. Later, however, anaemia developed which for a while did not seem very serious. But within the last ten days his condition became more alarming and last Tuesday he was taken to Rochester for the purpose of blood transfusion. The weakened condition of his heart prevented the doctors from making the attempt and early Saturday morning, much sooner than his friends expected, the end came.

Lewis Philander Sanborn was born at Rolling Prairie, Wis., February 10, 1852. In 1866, when fourteen years of age, he came with his parents to Lime Springs, Iowa. He was united in marriage to Miss Nellie Caroline Puntney at Plymouth Rock, Sept. 18, 1881, where they lived for four or five years. Most of his life has been spent in Howard county. For twenty years he owned and conducted a general merchandise store in Bonair, and was at the same time postmaster. He then ran a flour and feed store in Cresco for five years. For the past two years he has been with the Alliance Mercantile association.

Mr. Sanborn was a man of sterling character. He was always strictly honest in business and rather than have any unpleasant words, would always give the other fellow the big end of the bargain. In all his business affairs, he lived the Golden Rule. He was also a true friend even to the extent of exposing his own health and convenience in order to help a friend. He was a born optimist and always looked on the bright side of things.

The home life of Mr. and Mrs. Sanborn was unusually pleasant and happy. Of an amiable disposition, he brought sunshine and cheer into the home circle and was always most happy when in the circle of those who were so dear to him. For some years he has been a member of the Methodist Episcopal church of which he remained faithful until the end. In thirty-eight years of married life, his decease is the first to break the home circle.

Mr. Sanborn went to his eternal reward early Saturday morning, March 8th, 1919, aged 67 years and 23 days. His relatives and friends are many. Those who will especially cherish his memory are: his beloved and faithful wife; four children, Mrs. E. E. Griffith of Lime Springs, Iowa; Mrs. Webb Richards of Mortlach, Saskatchewan, Canada, Miss Effie in the home and Phil of Council Bluffs, Iowa. In addition to these there are four brothers: H. H. Sanborn of Lime Springs; F. W. of Little Cedar, Iowa; E. V. of Vinton, Iowa, and W. W. of Madison, Wis. There are also his father-in-law Mr. G. V. Puntney now in the 100th year of his age and four grandchildren besides a large number of friends.

The funeral service was held in the First Methodist church Monday afternoon, March 10, at 2:30 o'clock, conducted by the pastor, Rev. E. G. Copeland. The Odd Fellows and Rebekah fraternal orders attended in a body, the former conducting a part of the service. The floral offerings were many and beautiful. Interment was made in New Oregon cemetery.

The out of town relatives attending the funeral were: Mr. and Mrs. W. W. Sanborn, Madison, Wis., Mr. and Mrs. H. H. Sanborn of Lime Springs, Mr. and Mrs. F. W. Sanborn and Mrs. Melvin Barker of Little Cedar, Iowa, W. V. Puntney of Aitkin, Minn., H. C. Puntney of Mason City, Mr. and Mrs. E. E. Griffith of Lime Springs, L. Phil Sanborn of Council Bluffs, Mr. and Mrs. W. H. Sanborn, Mr. L. E. Sanborn and Mr. P. E. Sanborn of Lime Springs, Mr. and Mrs. Dell Lange of Decorah, Iowa, Mr. Frank Headington of Decorah and Mr. Fred Lange of Bluffton, Iowa.

Better Cattle and Hogs at 20% Less Feed Costs!

Think of fattening your animals quicker and better at 20% reduction in feed costs! Isn't that worth while?

20% is what you save if you feed ground feed instead of whole grains—one-fifth of which goes to waste.

Thousands of farmers are now economizing this way with the

LETZ America's Leading Feed Mill

This celebrated mill has won dominance because of its wonderful patented grinding plates. These plates have 848 keen cutting edges. They make the Letz the fastest and most thorough feed grinding process on the market.

Grinding plates are self sharpening. Run them empty for hours and they'll be sharper than before. Guaranteed to outlast from 3 to 5 sets of ordinary plates.

Saves 25% to 40% belt power. Saves labor. Eliminates repairs. Enables you to grind your own feed at a capacity that makes it profitable.
