FOR RENT—240 acres four miles east of Lime Springs, Iowa. 30t3 LUERS & CLARK LAND CO.

A Year's Abuse In 7 Days

All Light Car Road Records Smashed

At Indianapolis last week one of the new Overland 4 stock cars was driven 5,452 miles continuously in seven days and nights, over frozen country roads—and finished ready to do it again.

This is an average of 772 miles per day; more than the distance between Toledo and New York City covered each day. This is another tribute to the cushioning effect of the TRIPLEX Springs and the quality of material in the Overland 4.
