

# Bolshevism

DO WE WANT IT?

Ralph B. Dennis

Has it succeeded in Russia? Are Lenin and Trotsky crooks? or fanatical idealists with the will and power to win at any cost? Is there really "Nationalization of Women" and an "Anti-Church Attitude" in Russia? Are peasants working land in a communistic system? What is the Allied program in Russia?

Ralph Dennis, U. S. Vice-Consul at Moscow, saw Red Russia first hand. He knows Bolshevism in power. He brings to Chautauqua the facts about Bolshevism, and discusses them in a sane, American way. He gives all factions a fair deal. He makes us UNDERSTAND. Subject, "Russia or America, Which?" Time: 2nd Night at Chautauqua.

## Electric Light and Power for Happy Farm Life

Sturdy Compact Unit All in One

No Vibration No Noise

Endorsed by Prominent Engineers

For Dependable Service Install The  
**Silent ALAMO**  
Electric Light and Power Plant

Everybody knows the advantages of electric light and electric power. Everybody wants this modern day convenience. The big question is "What plant shall I select?"

Take our advice. Select the plant that's silent—the plant that's free from terrific vibration—the plant that won't quickly shake itself to pieces. Install the wonderful Silent Alamo.

### No Vibration—No Noise

In the Silent Alamo there is no noise—due to the quiet operation of the Ide Super Silent Motor with the rotating sleeve-valve. There's no severe vibration—due to scientific balancing of weight. Thousands of farmers as well as staid old engineer experts have been amazed by this silent plant. Come in and see a demonstration. Learn why the Silent Alamo assures years of service.

Du Pont—my choice of the 400 brands of paints and varnishes—know why?

Shortest answer to that question is, use a can of their product. The first brushful tells you the quality and when the job is finished you KNOW that I chose Du Pont Paints and Varnishes out of the 400 and more leading brands sold in the country because I believe they are the Best; and I won't sell you anything else if I can help it.

Stands to reason that a concern that has been in business over a century will never risk their reputation putting out mediocre goods.

Look around your property—you need some paints—or varnishes—or enamels—or wall-tints—or finishes. See me!

# FEDERAL

## Double Cable Base Tires

## Wedded To The Rims

A Federal Tire is a part of the wheel. The Double-Cable-Base—four endless cables of stranded steel—bind tire and wheel inseparably. Federal Tires do not rim-chafe;

rim-cut, nor blow out just above the rims.

Buy Federals—let the wear come on the treads, where it should. Federals mean big excess mileage.
