PLEA FOR FURTHER DELAY.
Spain's Reply to President McKinley's Latest Demand Received.
A VAGUE AND UNSATISFACTORY ANSWER
Practically a Plea for More Time Before Facing the Inevitable—Not What the President Hoped for, Had Expected—Cannot Act Without the Cortes, Which is Not Now in Session.

WASHINGTON, April 6.—Spain's official reply to President McKinley's latest demand in the Cuban situation was received in Washington last night. An anxious party, comprising most of the cabinet and several close friends of the administration, waited till late in the evening in expectation of developments. About 10:30 o'clock the message began to come, in cipher, and the work of translation was begun at once. It was officially stated, however, that no intimation as to the nature of the reply could be divulged last night.

Among those at the White House were Senator Hanna, Secretary Alger, Secretary Bliss, Assistant Secretary of State Day, who died with the president, and the Assistant Secretary of State, Adams, to whom was confided the translation of the message; Senator Spooner and Senator Aldrich.

There was an intensely expectant crowd of newspaper correspondents—larger than often gathers at the White House at night—waiting in the lobby outside the president's office. But they were destined to disappointment, for, after the telegraph instrument in the adjoining office had steadily clattered for half an hour, Mr. Porter, the president's secretary, appeared with the announcement from Secretary Day that it was "impossible to translate the message in time to give out any statement to-night." The telegraph instrument was still clicking when the correspondents filed out, indicating that the message was at least quite lengthy.

GEN. WOODFORD'S TELEGRAM.
Abstract of the Dispatch Received from Minister Woodford.
WASHINGTON, April 6.—The following is an abstract from the telegram received from Gen. Woodford on Thursday evening, on the general situation in Cuba. He informs the government of the United States that Gen. Blanco has revoked the decree relating to the reconcentration of the Cuban provinces of Cuba, which are understood to be the provinces of Matanzas, Santa Clara, Habana and Pinar del Rio; that the Spanish government has placed at the disposal of the reconcentration of the 1,000,000 pesetas (\$200,000) to the end that the country people may return at once, and with success to their labors. The Spanish government will accept whatever assistance to feed and accor the necessities that may be sent from the United States in accordance with the plan now in operation. He proposed to confide the preparation for an honorable and stable peace to the insular parliament, without whose concurrence the Spanish government would not be able to sign the final result, being understood that the powers reserved by the constitution to the central government are not lessened or diminished. As the Cuban chambers will not meet until May 4, the Spanish government will not, on its part, subject to a suspension of hostilities, if asked for by the insurgents from the general-in-chief, to whom it will belong to determine the duration and the condition of the suspension.

The president will communicate with congress as soon as he can prepare a message. The foregoing, including the last paragraph, was made public immediately after the cabinet meeting.

WILL FIGHT IT OUT ALONE.
Gomez Asks that the United States Shall Not Intervene with Force in Cuba.
WASHINGTON, April 6.—The insurgent government has asked that the United States shall not intervene with force. This request does not originate with the junta or with sympathizers here. It does not come through the junta. It has been received from Gomez and the officers of the insurgent government, and was transmitted through official channels of the United States.

Bank President Arrested.
ENFIELD, Ill., April 6.—W. C. Ingram, president of the Springfield bank, six miles north of here, was arrested at McLeansboro Wednesday and brought here, the charge of embezzling \$377 of township funds being preferred by Sup't. A. A. Newman.

THE FIFTY-FIFTH CONGRESS.
In the senate, on the 5th, the foreign relations committee was granted permission to report during the sessions of the senate. Mr. Allen's resolution for the recognition of the independent republic of Cuba was referred, without debate, to the foreign relations committee. Mr. Caffery (La.) concluded his speech on the national quarantine after which the measure for the civil government of Alaska was passed. In the house Mr. Bailey attempted to pass a resolution recognizing the independence of Cuba but the members of the majority refused to support him, the speaker himself making an appeal from the chair to his party associates to stand firm. The only important action on the naval bill was the refusal of the chair to sustain a point of order against the provision for floating dock for Algeciras, La.

In the senate, on the 5th, most of the session was consumed in a discussion of the Cuban question which was precipitated and occupied much of the session. Little progress was made with the naval bill, and the only important amendment adopted being one appropriating \$500,000 for the erection of a new building for the navy academy.

THE PRESIDENT'S MESSAGE.
It is held that it will be a document that will rally the whole country to his support.

WASHINGTON, April 6.—A very prominent member of the house who saw the president says that the president in his message will recommend action which will be perfectly satisfactory to the republicans and which, with possibly a few exceptions, will rally the masses of the country to his support. He says the diplomatic correspondence will be such that the republican party and the country will be proud of it, and, further, the legal facts in the case are very ably handled by Attorney General Olney. The message probably will not be sent in before Tuesday.

NO TIME FOR COMPROMISE.
An Ohio Representative's Ringing Words to President Palma's Cuban Junta.
WASHINGTON, April 6.—Representative G. B. Beach, of Ohio, has sent the following telegram to President Palma of the Cuban junta.

FIGHTING EDITOR BRANN.
The Editor of the Ironclad Dead at War, Tex., as the Result of Friday Night's Fiasco.
WACO, Tex., April 6.—W. C. Brann, the fighting editor, died at 1:35 a. m. in his wife and children were beside him. It was a remarkable death-bed scene, and those who were present say the picture was one hard to be forgotten.

De Moines, Ia., April 6.—Both houses of the general assembly this afternoon passed a bill appropriating \$300,000 to be used in case of war, the money to be placed at the disposal of the government.

It Means "Hands Off Cuba."
MADRID, April 6.—The afternoon newspapers to-day devote much to yesterday's function at the Royal opera. They all claim to see in it an "expression of the patriotism which will sweep the country," and mean "hands off Cuba."

SHAWNEETOWN FLOODED.
Submerged by Thirty Feet of Water by the Bursting of the Artificial Embankment.
A LARGE NUMBER OF PERSONS DROWNED.
Terrible Suffering Experienced by the Homeless—Their Woes Added to by a Storm of Wind and Rain—State and Neighboring Relief Being Sent Forward—Partial List of the Dead.

SHAWNEETOWN, Ill., April 4.—The first report of the flood sent out from the surrounding towns was greatly exaggerated as to the number of persons drowned. So far 65 are positively known to be dead, and the list will probably reach 100.

Terrible suffering is being experienced by the homeless. Eight hundred people are being sheltered at the Riverside hotel. Destitute families have sought refuge in any kind of a building that has a solid foundation. Seventy-five negroes, some of whom have clothing, are sheltered in a little schoolhouse at Gold Hill. Three thousand dollars' worth of provisions have been sent in to the sufferers from Carlini, McLeansboro, Ill., Mount Vernon and Evansville, Ind.

The Baltimore and Ohio Southwestern sent a relief train to Cypress Junction and provisions were taken from where the tracks are submerged to the sufferers by boat. The Louisville and Nashville railroad has donated \$500.

THE SPANIARDS IN HAVANA INQUIRE PROVIDENCE.
Spaniards in Havana Inquire Providence Would Give Them Back What They Have Cast Aside.
HAVANA, April 6.—There is great enthusiasm in the Spanish here, and thousands of them are enlisting in the battalions of volunteers. The Spaniards say they prefer to fight with a smaller one, as they would rather "win a heroic name" live as cowards. They add that Spain has always had a special Providence in great conflicts, and they have confidence that Providence will not abandon Spain in her defense of justice and her rights.

History of Our New Cruiser.
LONDON, April 6.—The cruiser which Lieutenant-Commander Colwell, United States naval attaché here, purchased Saturday from the Thames river works, and over which he hoisted the Stars and Stripes, was built by the Thames river works for Peru. It was finished during the war between Peru and Chili, and the British government would not permit it to leave on account of the neutrality law.

It Means "Hands Off Cuba."
MADRID, April 6.—The afternoon newspapers to-day devote much to yesterday's function at the Royal opera. They all claim to see in it an "expression of the patriotism which will sweep the country," and mean "hands off Cuba."

THE FIGHTING NIGHT.
OHAMA, Neb., April 6.—The Ninth United States cavalry (colored) has been ordered from Nebraska to Florida, with full field equipment. No regiment in the service has a better fighting record. The Tenth, now in Montana (also colored), is also said to have been ordered south.

Middle-of-the-Road Populists.
Frankfort, Ky., April 4.—Jo. A. Parker, chairman of the Populist State Central Committee, was here to-day to meet a local committee of Populists. He stated the Populists had decided to pursue a "middle-of-the-road" policy, and were now preparing to put candidates in the field in every district in the State.

WILL WAIT UNTIL WEDNESDAY.
Then if the President Does Not Act, Congress Will Take Action in the Matter of Intervention.
WASHINGTON, April 5.—After a conference between certain republicans of the house committee on foreign affairs and certain republicans of the senate committee on foreign relations, with a view to concerted action, the committee appointed by the conference of house republicans, which had several meetings last week, decided to postpone the meeting of the conference, which was to have been held last night, until 11 o'clock Wednesday morning. If it is apparent at that time that there is to be further delay in the transmission of the message, the republicans of both the house and senate will wait no longer, and action on the line of the Foraker intervention resolution, with a strong reference to the blowing up of the Marine barracks, will be pressed at both ends of the capitol.

ANXIETY AT EVERY CAPITAL.
Strong Desire for Peace Upon the Part of Nations on Both Sides of the Sea.
LONDON, April 6.—In the house of commons yesterday Michael Davitt, member for South Mayo, asked if the report concerning the selection of the pope as mediator in the Cuban difficulty was true. Mr. Balfour, the government leader, said the government was not at all anxious to see the pope from Madrid, but it did not bear out the statement in details.
