"Four Roads to Paradise" is the title of a novel by Mrs. Maud Wilder Goodwin which is to appear in the Century Magazine, beginning with the November number. The title was suggested by this passage from the Talmud: "Four men entered Paradise: one beheld, and died; one lost his senses; one destroyed the young plants; one only entered in peace." It is a love story of New York people, with the principal scenes in New York and Florence. In character drawing, observation of life, wit, and literary finish, the conductors of the Century confidently believe that this novel will place Mrs. Goodwin among the foremost story writers of America.

Millionaire's Poor Stomach.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Who Has Learned? Will the dear, long-suffering public ever learn wisdom and prudence and become provident? The long periods of zero-suffering to which a large portion of the public is subjected annually should teach a lesson, and the people should rise in their might and change the worn, old adage about hay to read:

Get Coal While... The Sun Shines! If those who do not live on a coal foundation had filled their coal bins and coal houses liberally in the warm weather, when coal and hauling is cheap and the roads good, and had not, like the grasshopper, fiddled the summer away without providing against the winter's rigors, they would not have had to dance and burn back fences for warmth during the cold snaps and coal shortages of the past few years, which all remember so well.

St. Bernard Coal mined in Hopkins county, Ky., every day in the year (except Sundays) can be had at any time, but it will get to you more promptly and in better order and at less cost to you, if bought during the summer. Get wise and barricade against Jack Frost with St. Bernard Coal. Order Now. All Grades. Coke, also, of superior quality for base burning stoves and heating furnaces. St. Bernard Mining Co. INCORPORATED. EARLINGTON, KY.
