Most Worthy Play.

With an entire new scenic production and with a capable cast, "Dr. Jekyll and Mr. Hyde" will be seen at the Temple Theatre on Dec. 27th. The popularity of this celebrated drama does not seem to wane. Local managers consider it a preferred booking and clamor to get it on their list of attractions. Acknowledging the merit of the play, there are other factors that have as much to do with its success. Foremost is the fact that Manager Levis has kept the cast up to its original standard of excellence. Every year he has given the play an entire new scenic setting, and in every way has given the play the same care and attention that he would a new production. That these things count in the long run, is evidenced by the continued success of the play.

VALUABLE INFORMATION

Each man has a chance in a lifetime to reach the point of success, and this opportunity is offered in Missouri, Arkansas and Louisiana, the three great agricultural and timber States, traversed by the Iron Mountain Route, where land can be purchased at from \$3.50 to \$20.00 per acre, that is producing from \$30 to \$500 per acre each year, in cotton, corn, hay, sugar cane, fruit and vegetables. The returns from alfalfa growing in this district have proven a record breaker—six crops each year or six tons per acre at \$15.00 per ton on local markets is what is claimed. All that is necessary is for the homeseeker or investor to look over the situation personally, as the country speaks for itself, and on the first and third Tuesdays of each month Homeseekers' tickets are offered at rate of one fare plus \$2.00 for the round trip. Four daily trains from St. Louis. Free reclining chair cars.

Write us and we will furnish free descriptive literature and further information regarding our wonderful territory.
