ORDINANCE PASSED BY THE CITY COUNCIL AT LAST NIGHT SESSION

Last night the Earlington City Council passed an ordinance the effect of which will be to regulate the traffic in "near beer" and other just-over-the-line drinks that do not bear the approval of temperance sentiment, and the further effect of making less numerous and easier of regulation the places at which such drinks are often vended. It will aid materially in repressing any "blind tiger" annex that night at any time be worked in connection with some soft drink stand if not under such local police regulation. The ordinance follows:

AN ORDINANCE

The City Council of the City of Earlington, Kentucky, do ordain as follows:

1. That before engaging in the occupation of selling by retail what is commonly called Soft Drinks; and before engaging in the occupation of selling by retail, cider, the person, partnership or corporation desiring to do so shall procure a license and pay an annual tax thereon of \$1.00. Provided, however, that no license shall be required to sell cider, by the maker thereof, in quantities not to be drunk at the time and not to be drunk on the premises of the person so selling.

2. Any person found guilty of violating this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined not less than ten nor more than one hundred dollars for each offence; and each sale shall constitute a separate offence.

3. No such license shall be granted except upon written application to the City Council specifying the name of the applicant; and, if a partnership, the name of each partner in the firm, and the particular house wherein such business is to be conducted,

and the room or rooms of the houses in which said business is proposed to be conducted. The applicant shall satisfy the City Council that he is of good moral character and will keep an orderly law abiding house.

4. Said license shall be granted only for one year and shall at all times be subject to revocation or cancellation at the will of the City Council without notice and without refunding any part of the license tax or fees.

5. Every person who shall obtain a license to retail such soft drinks or cider within the City shall, at the time same is granted, enter into bond with good surety, payable to the City in the sum of \$500 to be approved by the City Council, in substance as follows:

"Whereas,..... has been granted license to retail soft drinks and cider in the City of Earlington, Kentucky, for the period of one year from this date: Now, we..... and..... his sureties do hereby covenant to and with the said City of Earlington that the said..... during the period that the said license remains in force, will keep an orderly law-abiding house, and that he will not suffer or permit any gaming or any scandalous or disorderly conduct or behavior in his house; and that he will not sell, give, furnish or otherwise dispose of any spirituous, vinous or malt liquors, or permit any such spirituous, vinous or malt liquors to be drunk in his place of business; and upon the breach of this bond he will pay to the said city the penal sum of \$500.

"Witness our hands this the..... day of..... 19....."

And the said license shall be of no effect until said bond is executed and approved.

6. In any person to whom said license has been granted, shall be indicted in any court or arrested upon a warrant issued from any court, of suffering any gaming or any scandalous or disorderly behavior or conduct in his house or of selling, giving or furnishing any spirituous, vinous or malt liquors (such offense committed or acts done while said license is in force) such convictions shall be conclusive evidence of a breach of the said

MEMPHIS LINE ENGINE

Turns Over Near Olmstead, Ky.—Engineer and Fireman Both Have Legs Broken

Passenger train 104 on the Memphis Line ran into a washout near Olmstead, Ky., last night and the engine, mail, express and baggage car were overturned. The engineer and fireman were pinned under the engine, and the legs of both men were broken.

The occupants of the mail, express and baggage cars were considerably shaken up and bruised but none were seriously injured. None of the passengers were hurt.

The washout was caused by Whippoorwill creek overflowing its banks on account of the recent heavy rains. The damage was soon repaired and traffic resumed in a short time.

CAPT. POWERS AND SERGEANT WILSON GONE TO HICKMAN

To Handle Tentage for Relief of the
Many Floodsufferers

Capt. Ott L. Powers, who was designated by official order from the Adjutant General's office for this special service, left yesterday for Hickman and Columbus, where he will receive the tentage sent there by the State for relief of flood sufferers and distribute it to them. The Captain took with him Sergeant Ben T. Wilson, who will assist in the work. Since they left the news comes of the breaking of the levee at Hickman and the flooding of the town and surrounding country. The probability is that the Earlington officers will be on duty there for some time as they will remain to look after the situation as long as the tents are needed. Dispatches from Frankfort tell of the shipping of 300 tents of the National Guard to Columbus, near Hickman by the Adjutant General's office. Relief has also been asked of Congress and a bill was introduced yesterday asking an appropriation of \$350,000 for the purpose of repairing and strengthening levees on the Mississippi and giving other necessary relief, which work would be in charge of the army engineers.

PROMINENT YOUNG PEOPLE WED

Near Richland Sunday Afternoon

Miss Cora Vincent and Mr. Henry Peterson were united in matrimony Sunday afternoon at the home of the bride's mother near Richland in the presence of about seventy witnesses. The ceremony was performed by Rev. M. H. Utley in his usual impressive manner. After the ceremony the young people and their guests enjoyed a sumptuous repast prepared by the brides mother Mrs. John Wilson. The bride is an estimable young lady and the groom is a valued employee of the Garbndale Coal company. The Bee joins their other friends in wishing them a long life of happiness and prosperity.

400,000 MINERS ARE NOW IDLE

Anthracite Miners and Union
Miners of Bituminous
Fields

BITUMINOUS MINERS WILL BE
OUT FOR PERHAPS A MONTH

Indianapolis, March 31.—No anthracite or bituminous coal will be taken from the mines of the country tomorrow by union miners as a result of the suspension, which went into effect at midnight tonight, due to wage troubles. More than 400,000 miners about 150,000 anthracite and 250,000 bituminous will take a vacation, which probably will last over a few weeks. Different from a strike, the miners will leave pump men and others at work to protect the mines from flooding or other troubles due to a suspension.

The bituminous miners will be out only long enough for the wage agreement, reached in Cleveland, to be ratified by the miners by a referendum vote, as it is believed the agreement will be sanctioned by a large majority. The suspension in the anthracite mines will be of longer duration as no agreement has yet been reached between the miners and operators. After negotiations were broken off in New York on March 13 between the anthracite miners and operators nothing was done toward getting together again until yesterday when both sides agreed to meet in Philadelphia on April 10 and reopen negotiations.

Ballots for the referendum vote by the bituminous miners, it is said, will be sent out from the national miners' headquarters in this city as soon as the national president, and other officials return here from Cleveland. It will take more than two weeks to take the vote as not all of the locals meet every week. Then it will require some time to canvass the vote, so the bituminous miners are not expected to resume work much under a month.
