## KEEP THE SCHOOLS Of The County In Mind and Lend Your Assistance

Again the youth of our community are back in school and preparing themselves for the duties of life. A few years hence they will be bearing the burdens of the community that are borne by us today, and it is incumbent upon us to see that they are in every way fitted to cope with the many and intricate problems that will confront them. Education is a modern necessity. It is just as essential that the mind of the farmer be developed to the utmost capacity as it is for the merchant or the doctor or lawyer. Each branch of industry is dependent in great measure of the success attained by other branches. No longer can we "go it alone" as our forefathers did in the good old days.

Hence, if we would have our children successful in life it is necessary that we afford them every opportunity to acquire the education that is the first requisite to such achievement. Keep the public schools in mind, encourage the teachers by your personal interest and support, and commend the children in their efforts to meet your expectations. Speak the good word that breeds ambition in the breast of teacher and pupil alike, and begin the speaking today.

A man with a single idea is a crank, while one with no idea at all is often a successful politician.

## TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts Your Liver Without Making you Sick and can not Salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a sale falling off in the sale of Calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results" said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no listlessness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Be careful you don't overlook our big club of four magazines which we are sending our subscribers this year.

## What would he give for the coffee you serve?

Like a million other women, you hurry off. Now we have Arbuckles' and you'd think it was most anything to have—coffee which starts the day "right" for all.

Everyone loves the rich flavor of Arbuckles' Coffee. Of all the coffees in America, today, it is by far the most popular!

One woman says, "My husband used to swallow his coffee and

hurry off. Now we have Arbuckles' and you'd think it was Sunday the way he lingers over his breakfast."

Serve it in your home—see how the little early morning wrinkles disappear.

Until you try Arbuckles' you will never know what a difference good coffee can make in your home.

Arbuckles' Coffee is untouched by human hands. It is weighed, and sealed by machines,—machines which Arbuckle Bros. originated and which experts say are the most efficient in the world.

## THE OLD SCHOOL SLATE

Shortage of Paper May Revive its Use Here and Abroad.

There are men of place and power to whom mention of the fact that the paper shortage has revived the use of the slate by British children will bring back instant memories of the little red schoolhouse.

In the United States as in England there must be schools where the slate has never yielded. In the telephone tapping cases the police are said to have taken down upon slates the conversations to which they "listened in"—a preference that speaks of classroom habit. But not for our cities is such conservatism.

"In reference to medical opinion," says the Manchester (Eng.) Guardian, "school slates in England are now cleaned by antiseptic methods." What methods? In ruder days one spat upon the slate and polished it with an accustomed sleeve; some of the big girls may have kept a sponge for the purpose. So when sanitation was invented the slate was taboo along with the water pail and its one tin cup for all to drink from.

Something besides economy might speak for the slate. It does not glare. It is easier to read from than the scrap of tin from John Dea oil cases that Moslem boys use in mosque schools. The squeaky pencil that of old insured its owner a punishment would cause no remark now that punishment for real offenses is no more permitted.

Dug from inexhaustible stores the slate in school would help save the vanishing forest; why have not conservationists formed societies for the encouragement of its use? But its divinest attributes is mercy. The written word remains, says the law maxim? Not if you use the slate, whose generous nature knows no recollection of a thousand blunders!—New York World.

A bargain is not merely low price. Only when you get low price and high quality do you have a bargain. Call at our office and see for yourself the club of four magazines that we offer for only 25 cents more than the cost of our paper alone.
