TO THE VOTERS OF MAGISTERIAL DISTRICT NO. 1:—

I am a candidate for the office of Justice of the Peace, subject to the action of the Republican Party, at the Primary to be held August 2nd, 1913.

I am a Republican, and have been fighting for its principles for many years. I have never asked for an office until now; and in presenting my claim to you, I wish to say that I will, if nominated and elected serve you to the best of my ability. I have had experience in the construction of roads, and will do all in my power for the promotion of *Good Roads*, and do all in my power to reduce the tax rate in Knox County. My name appears on the ballot in the second line. Don't fail to take your time and find it. Very truly,  
DECATUR JACKSON.

**ANNOUNCEMENT**

TO THE VOTERS OF KNOX COUNTY: I am no longer a candidate for the nomination for the office of jailor to the Republican ticket.

I withdraw from this race in the interest of the Republican Party, and not in favor of any candidate for this office whatever.

Thanking my friends who stood by me in this race, I am  
Respectfully yours,  
James Dinsmore.

**Dense Crowd in Town Monday, Mixing.**

Monday being County Court day there was one of the largest crowds in town for many months. More than one-hundred candidates were here and speaking was going on at the court house all day long. These speeches were in the nature of joint debates between the different candidates, but were passed good naturedly and the crowd was peaceable and orderly.

The restaurants and hotels did a land office business and all the business houses profited by the out-of-town people.

**"Subject" and "Citizen."**  
A subject is one who owes allegiance to a sovereign and is governed by his laws. A citizen is a member of a state or nation; one bound to the state by reciprocal obligation of allegiance on the one hand and protection on the other. A German in his own country is both subject and citizen. If he becomes naturalized in this country he becomes a citizen of the United States and is no longer a subject of anybody. If he does not become naturalized here he remains a citizen of Germany and a subject of the kaiser.

**RIGHT HERE IS YOUR CHANCE To Buy That Typewriter!**

This is Straight-from-the-Shoulder Typewriter Talk by a Typewriter Man to the Readers of The Mountain Advocate

No other typewriter built—regardless of any claims made—is the equal of the new Fox Visible Typewriter either in material used, or in workmanship, or in the number and convenience of its special features. There are many good typewriters being built and sold, but we claim for the New Fox Visible Typewriter that it is better than the best of these, and that its automatic features combined cannot be found in any other typewriter. The New Fox is a typewriter that will meet with the approval of the most critical user. A single demonstration will convince you—we will make it at our expense, if you will permit us.

Whether you have had the use of a typewriter or not, you have paid for one many times over! Yes, sir, we mean it; every day you continue using the old, slow method of writing with a pen you are unconsciously paying for a typewriter. The farmer who cuts his grain with a scythe pays with every drop of sweat for a reaper. If you are neglectful of your wearing apparel and expose yourself unnecessarily to the rain and cold you are paying for the very things that would have kept you well and comfortable. Remember this and mark it well: You must Pay—Pay—Pay—for the necessities of this life, whether you use them or not.

**THIS IS THE NEW VISIBLE FOX**  
"BETTER THAN THE BEST OF ALL OTHERS"  
**SENT ON FREE TRIAL, Express Prepaid**

Look at the illustration of our New Fox Visible Typewriter, shown above, and compare it with any other typewriter you have ever seen or used. Here is a really VISIBLE typewriter—note that the printing point is on top in plain sight, and that the type bars rise from where they are laying and strike the platen in full view of the operator, and in direct line of vision, and that all of what you have written remains in full sight until the paper is removed from the typewriter. Compare this with those old style typewriters, that some firms are still advertising as visibles, but on which the printing point is beneath the typebars, and you have to look down into them—or between them—to see what you have written. Touch a key on the keyboard and you change the color of your writing instantly from black, blue, or purple to red. Press the Tabulator Key at the left (in front) for paragraphing, writing the complimentary closing, etc.; also for all kinds of billing. At the right (in front) is our Back Space Key. This moves the carriage backward for making corrections, or putting in punctuation. This key also enables the operator to erase a word of three letters and write one of four in its place. Press the Stonell Key shown at the left (front) for making stenoids from which thousands of duplicate letters can be made. Four rows of keys reduce the shifting one-third. The right Shift Key locks automatically for writing in all caps. A positive automatic Line Lock prevents you from writing beyond a predetermined line. The ribbon travels in a "zig-zag" line—not straight across—from spool to spool as on others—thus using all the ribbon and making it last three or four times as long as on other typewriters. The ribbon automatically re-winds itself from one spool to the other without any attention from the operator. Carriages are interchangeable, and run on ball bearing tracks. Platens are removable, so that both a hard and soft platen can be used on the same typewriter. Extremely light touch. "No falling leaf lighter than the touch of the Fox Typewriter." Choice of Elite, Pica, Condensed Roman, Medium Roman, or Italic Type—we carry more than three thousand special type in stock, of our own manufacture, and can furnish keyboards for any language. The Fox has an easy, almost noiseless action, is very durable, and is sent complete with cleaning outfit and metal cover with hard wood base. This is the Fox, the typewriter we manufacture—this is the typewriter that we will send to anyone anywhere in the United States on Free Trial, all express charges fully paid—no "red tape"—no delay—no obligation to buy. If purchased after trial you can pay a little down—whatever you can spare—and the balance in small monthly payments.

Reader, in all sincerity we can honestly say this proposition has never been equaled by any other typewriter company, and all we ask is that you write us TO-DAY—NOW—giving us your name and address so we can send you our catalog and write you personally about our typewriter and Free Trial offer.
