## We Will Have To Do It.

Say you! we have been going along for a good while in an easy way, and have failed to collect, but now the time has come when it is necessary for us to collect what is due the Advocate and you know how much you owe, we have been going since September the first 1913, and now as things have gone the way they have we will have to have the money for the Advocate, if you owe your subscription send it in and renew for another year, we sure do need the money, and we are sure that you need the Advocate.

In the future the Advocate will be a better paper than it has been for the past, and we will be in the field looking for new subscribers to this paper, we will make it worth your while and your money; please let us have your support, and we will be grateful for the favor.

If you have anything that you wish the public to know send it right in to us and we will be glad to have it set up and run in the columns of this paper.

We will have three more issues to run to make us even the two years, so at that time we will have to cut off all that are not squared up with their subscriptions.

## The Primary

The primary is now over and the people will be given a rest from the many candidates and their henchmen, and the dogs even will have a chance to rest.

We do not know how a stronger ticket could have been named by the State as well as the Districts and Counties. And it looks like the entire State ticket will win in November, though it is some time off.

As there is only one County race, it is easy to say that we will have no running by anyone against the nominee for that place and every one can pull for the straight ticket this fall. And all should do so. Eet us all lay down what little personal feelings we have and go right after the old enemy, this is our year to do something for the State ticket we will win easy if we only try, and the way to try is to get together and stay on the job, will we do it? I believe we will; our platform is broad and liberal, our Convention held in Lexington last June fixed it just right, there are greater questions than the liquor question to be settled; give us protection set the wheels of progress going, and then let us take up the question of prohibition, we want to be understood, that we are not State wide prohibition, we are going you one better than that, we are Nation wide; if we intend to put it out at all let us make a good job of it, let us make a law that means something; what would it be worth to have State wide unless we can stop the shipment of the "stuff" from other States into this State?

We cannot stop interstate commerce, hence we must get down to business; what would an old whiskey soker care for State wide prohibition when he can send to another state and have it shipped in as quickly and as easily as if it was sold here in Kentucky? we believe that the County unit

is all O. K. and that if it is enforced it will do until we can get Congress to pass an act to make it State wide.

## Hurrah for Edwin P. Morrow.

In the coming election there will be no little amount of campaigning. The Republicans have for their standard bearer the brainiest man in Kentucky. Not only is he all this, but he will measure up with any man on the stump. Will he win? Well, we say yes; this is our year. We have to have some one that will cut down expenses and do away with useless offices that have been created for the purpose of giving them to some political pter where there is some promise made they cannot deliver. Let's everybody get busy.

## Hon. James D. Black.

The returns show that Hon. James D. Black, of this city, is the nominee of the Democratic party for the office of Lieutenant Governor. We congratulate Mr. Black on this victory. The Democrats of this state did all they could, or at least some of them, to count him out, but this was impossible for he had gone too far ahead of his opponent for that.

James D. Black, it is true, is a mountain man, reared among the hills, but there is no more manlier man than he. He should have been the nominee of his party for Governor. He is a Democrat because he believes in its principals, not for the hope of fee or reward. Had he been a Republican, he long since would have been honored to a seat in Congress. The mountain people have learned to love Judge Black.

## A Card of Thanks.

To My Many Friends:  
I desire to thank all my friends who stood so nobly by me in the recent primary, and assure them I appreciate all they did for me, for they did all they did for me without the use of a drop of whiskey or one cent of money to influence any man to vote for me. Altho the returns show my defeat, there was, and is, strong evidence of undue influences brought about to procure my defeat, and many unfair and unclean things done; yet, I am a Republican, and will be found at my post fighting for them in the future as I have been in the past. I shall always be found fighting for the nominees, and I want to state further that I have no ill will toward any man who voted against me, for I do not want to serve the people if they do not want me. Respt. yours,  
W. H. McDonald.

## Will it Ever Happen

There is talk of passing a law in the State of Ohio, to require school children to memorize "America" and "The Star Spangled Banner."

The idea is to foster a National Spirit among the school children by committing to their memory the principal patriotic songs, but lo and behold, the Rev. Micheal J. Ryan, assistant principal of St. Xavier's parochial school, is up in arms against it.

Is it not rather strange that this class of pretended christians should make America their home and then object to everything that will tend to Americanize the school children and teach them to be patriotic?

If we had our way about it, and we believe that it would be the correct way too, every one that objected to teaching patriotism in our schools, and in America, would have to pack up their grips and get out of America, we certainly would never see or allow America to be Romanized.

## Our Advice is!

When you feel out of sorts from constipation, let us say that if you use **Renall Orderlies** do not relieve you, see a physician, because no other home remedy will hold only by us, 10 cents.

Did you ever stop to think of the meaning of the word brother? Did it ever occur to you what the brotherhood of men stands for? Is it this they are bound to each other by some kind of an obligation, that is as solemn as that which is administered to the rulers of Nations, and yet withal some men are so small that they soon forget all this, and go right the other way when he is, if he would stop and think, when asked so to do, bound by the ties of all that is sacred to assist a brother, but many turns them away empty handed.

A special term of the Knox Circuit Court will convene Monday to see if anything went wrong Saturday.

The most disgusting and repognant animals that infest the grand old State of Kentucky is the concupicent, pestiferous, deteriorated man, both white and black, that goes to the polls and sells his birthright. They are an abomination to the world and be a disgrace to the most populated part of hell.

Conditions will continue to exist as they are now as long as the folks continue to vote for the Mr. Grab-it-alls.

We are worried a little, for fear that some of our church members will go where Sherman said war is.

If you are a man at all, be one. Why will you be led about like a horse and sold by the man who does not even let you see the coveted green roll that he promises to land you for?

No my dear boy, hogs dont lay eggs, neither do private owners of Coal Mines dig coal.

We see every day of our life a 3 cent girl wearing out a \$10.00 dress, it certainly does make us sorry for the poor old dress.

Yes honey our Uncle Sam is going to make Germany Mak-er mak-er do as she D-pleases.

Sympathy cost nothing, and is worth just about half what it cost.

Mr. Grab-it-all, remember that whatever you get dishonestly you will have to divide with the devil, and you can bet your bad smelling sox he will swipe the whole blooming thing if you dont look out.

Many People in This Town never really enjoyed a meal until we advised them to take a **Renall Dyspepsia Tablet** before and after each meal. Sold only by us—25c a box.

## Hidden Dangers

Nature Gives Timely Warnings That No Barbourville Citizens Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are weak. Weak kidneys excrete a clear, amber fluid. Weak kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, suggest weak kidneys and warn you of the danger of dropsy, gravel and Brights disease. In that case Doan's Kidney Pills have been endorsed by thousands. Here is a statement of a nearby resident:

Mrs. Blevins, Middlesboro, Ky., says: "My back ached and I had pains through my sides and hips. The kidney action was irregular. I used Doan's Kidney Pills and since then, my health has been much improved.

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Blevins had. Foster-Milburn Co., Props., Buffalo, N. Y. —adv

## WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building- tonic, free from alcohol or any harmful drugs. Try it.
