

# The Mountain Advocate.

OFFICIAL ORGAN OF THE REPUBLICAN PARTY IN KNOX COUNTY

New Series: Vol. VII, No. 40.

BARBOURVILLE, KY., FRIDAY, AUGUST 3, 1917.

\$1.00 per Year In Advance

## Barbourville Baptist Institute

### ANNUAL SESSION

Begins

### SEPTEMBER 5, 1917

Ideal education for boys and girls. Provides a profession and prepares them for life. Students find a homelike atmosphere, thorough and efficient training in every department of a broad culture, a loyal and helpful school spirit.

OUR TERMS ARE VERY LIBERAL.

For Information, Address  
J. L. BRYAN, President.

### NOTICE TO RETAIL SEED DEALERS.

The Kentucky Pure Seed Law went into effect September 23, 1916, yet it was found when seeds were placed on the market in the spring of 1917 some retail dealers were ignorant of its requirements and had made no provisions for labeling the stock they were selling. In order that there may be no ground for excuses of this sort the coming fall this notice is being sent out in correspondence of the Station and in circulars and newspapers, in the hope that when our inspectors make their rounds they may not find any one who thru ignorance of the law has stock in his hands that will subject him to prosecution.

The law requires that all field seeds such as timothy, clover, wheat, corn and hemp shall be labeled with (1) the approximate percentage of purity and (2) the approximate percentage of germination. Failure to so label seeds subjects the seller to a fine of from \$25.00 to \$100.00 for each offence. Kentucky wholesale dealers in seeds are familiar with the requirements of the laws and in most cases are prepared to test their seeds and label them, but retail dealers cannot always afford to maintain testing laboratories and must depend on the wholesalers for the percentages required on the labels.

The main purpose of this notice is, therefore, to urge Kentucky retailers when placing their orders for the fall trade to notify those whom they buy that the law requires purity and germination percentages on all labels, and to insist that these be furnished on the seeds they buy. Tags with headings for the percentages should be printed by the retail

dealer before the selling time arrives.

The best wholesalers inside and outside the State are able to furnish the figures needed; if any are unwilling to do so, retailers should buy of some one else. When information is needed as to wholesalers who are complying with the Kentucky law we shall be pleased to furnish it.

Circular No. 5 of the Department of Entomology and Botany contains the law, complete, with some further details as to labeling. It can be secured free by applying to the Station.

H. Garman,  
Head of Department.

### Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.

### FOR SALE.

Farm located near Grays, Ky., close to L. & N. R. R. Co. tracks. Contains 130 acres (fifty improved). Has one large two-story frame dwelling house, one tenant house, two barns and other buildings and has approximately twenty-five acres of what is known as the North Jellico vein of coal and has about one hundred thousand feet of lumber on it. Address, R. W. ROBINSON, Holden, W. Va.

[Mrs. Sallie Lyttle Hatton's comment on last Sunday's lesson of the Ladies' Bible Class at Christian Church.]

### God's Gracious Invitation

"Ho, every one that thirsteth, come ye to the waters, and he that hath no money; come ye, buy and eat; yea come buy wine and milk without money and without price."

This universal invitation of the Heavenly Father was given to us by the Gospel Prophet Isaiah and it is the introduction to the song of the angels "Peace on earth, good will to men, Glory be to God in the highest" which the Shepherds heard at Bethlehem when the star stood over the manger seven hundred years later. It is the same song that Jesus sang when He said "Come unto me all ye that labor and are heavy laden and I will give you rest."

It is the song that Jesus sang to the woman of Samaria when he said, "But whosoever drinketh of the water that I shall give him, shall be in him a well of water, springing up unto eternal life. It is the song of the great universal father given by angels and prophets, by Christ our Saviour and the apostles.

It is the same song given by that loved poet Sir Thomas Moore—"Come ye Disconsolate", which we have for our lesson hymn today:

"Come ye disconsolate where e'er you languish,  
Come to the mercy seat fervently kneel,

Here bring your wounded hearts,  
Here tell your anguish  
Earth has no sorrow that heaven can not heal.

Joy of the desolate, light of the straying,  
Hope of the penitent, fadeless and pure,  
Here speaks the Comforter, tenderly saying,  
Earth has no sorrow that heaven can not cure.

Here see the bread of life, see waters flowing,  
Forth from the throne of God, pure from above,  
Come to the feast of love, come ever knowing,  
Earth has no sorrow but heaven can remove."

It is the same sweet story sang by the great sculptor Thorwaldsen in the statue of Christ entitled, "Come Unto Me" which is given in our lesson of Art today.

Finally we know that the earth is encompassed by Divine love. It seems to have been left to this age to realize that the kingdom of Heaven is at hand. It is here for the meek and lowly, for the pure in heart, for the merciful, for those who hunger and thirst after righteousness, for those who follow Jesus, for those who take up the cross. The yoke is easy and the burden is light. The roses cover all the thorns.

SALLIE LYTTLE HATTON,  
July 29, 1917.

### Cure for Cholera Morbus.

"When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Cholera and Diarrhoea Remedy," writes Mrs. Sidney Simmons, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel trouble with good satisfaction and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.

### BACKACHE IS DISCOURAGING

But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Barbourville people recommend Doan's Kidney Pills. Read this case:

Geo. C. Morris, farmer, Barbourville, says: "I gladly recommend Doan's Kidney Pills. My kidneys were out of order and my back ached and pained awfully. I could hardly do any stooping or lifting, and my kidneys acted irregularly, at times being too frequent and then again sluggish. Doan's Kidney Pills soon rid me of the backache and put my kidneys in good order."

50c. at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### Russia and Roosevelt.

The wavering, unreliable policies and conditions existing in Russia in its world war alliances is due solely to the fact that every Russian army officer owes allegiance to the Czar and consequently is not in sympathy with a Republican form of government. It was the rule in that country to appoint all the army officers from the aristocracy, from the nobility as the rich and titled people are called, therefore the Russian army is honey-combed with German sympathizers, with men who are betraying their country daily, and as long as they are in command will continue to do so.

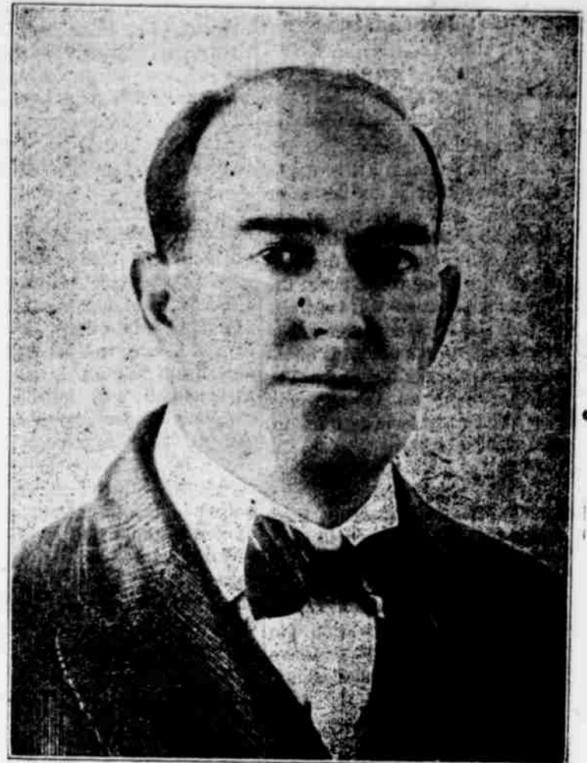

The Progress believes that the United States should send to Russia not less than a division of the regular army, divide them up into regiments with an equal number of Russian soldiers and displace Russian officers and put American officers in command. Then in addition to the regulars, authorize Col. Roosevelt to raise an army of 50,000 to 100,000 men, send them to Russia under command of the regular army, make Roosevelt a brigadier-general and then tell the American soldiers to go to it. With a fair start and the "Rebel Yell," there would be enough doing to keep the German Kaiser and his crowd busy on the eastern front to give England and France a chance in the west.—Tazewell (Tenn.) Progress.

### Here Is Your Chance To Support The Red Cross.

Frank C. Greene, State Director of the Red Cross spoke at the Court House last night to a large audience. His address did much toward arousing enthusiasm in the work. The campaign for 1000 members now on in town and county is being pushed vigorously, the total number of members to date is 400. The good people of Barbourville and Knox County have never yet failed to support a worthy cause, will we be with them? They still must have more members, your help is needed now. The Red Cross headquarters will be opened in the near future.

### Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.

TO THE VOTERS OF THE CITY OF BARBOURVILLE:—

I am a candidate for the Republican nomination for the office of Police Judge. I have been among the citizens of the city for many years and you know the kind of a man I am and the kind of life I have lived since coming among you.

I was born and reared in this county and have the interest of the city and county at heart.

I promise if nominated and elected that I will enforce the laws of the city as well as the laws of the State of Kentucky to the best of my ability. I shall see to it that the sale of liquor and gambling shall not prevail within the corporate limits of the city and that law and order shall prevail.

I desire to thank my friends in advance for the favor that I believe you will confer upon me, and assure you that it will ever be my aim to do my full duty if elected to this honorable position.

Yours truly,  
K. F. DAVIS.

### LIBERTY LOAN COMMITTEE

Fourth Federal Reserve District  
Kentucky Division.

LEXINGTON, KY., July 30th, 1917.

Mr. J. M. Robison,  
County Chairman.

Dear Sir:—

At a meeting of the Central Liberty Loan Committee of the Fourth Federal Reserve District, held in Cleveland on Wednesday, July 25th., Governor Fancher of the Federal Reserve Bank, reported to the Committee the result of his conference with the other Governors of Federal Reserve Banks and the Secretary of the Treasury, held in New York a few days previous to the 25th.

While not definitely decided upon, it seems fairly well determined that the Secretary of the Treasury will offer for sale the remaining \$3,000,000,000.00 of Liberty Loan Bonds authorized by Congress, on or about October first. With this point fairly well determined, it would seem advisable that our organization be immediately perfected and our duties outlined.

The work of our Kentucky organization was very highly complimented indeed. The result of the work in our country districts was comparatively speaking, better than that done by any other part of the Fourth Federal Reserve District.

As time is short and the undertaking before us an enormous one, I am requesting you, as Chairman of your County Committee to begin giving thought to the situation. I will thank you if you will make suggestions to me as to the handling of the next Campaign, as will, in your judgement, make the organization more efficient and produce better results.

About \$10,000,000.00 is the amount which we in Eastern Kentucky are going to be called upon to raise. This is an enormous sum of money for our part of the district to raise, but we must always bear in mind that Kentuckians are loyal Americans to the very core; that not only our property, but the lives of those dear to us, are being threatened by our foe. We are in to win, if we do not, we lose all; the liberty which we prize so highly, as well as the lives of those who will so loyally support by going to foreign shores to fight for our Country.

Let us put such an amount of loyalty and enthusiasm into this next campaign as will show to the country the measure of our patriotism. The boys are offering their lives freely, we men must secure the money to take care of them.

Please advise at once whether or not you will accept the Chairmanship of the next Campaign Committee in your county and please make to me such suggestions as to the conduct of the campaign as appears to you will be helpful. Other advices will follow later and each County will be kept fully advised as to the Government's intentions and needs.

Very sincerely yours,  
J. W. Stoll, Chairman.

W. R. LAY,  
Acting Pres.

J. S. MILLER,  
V. Pres.

J. R. JONES,  
Cashier
