Relieved of Catarrh Due to La Grippe, Thanks to

**PERUNA**

Mrs. Laura Berberick, 69 years old, of 1265 Willow Ave., Hoboken, N. J., writes:

"Four years ago I had a severe attack of influenza. After my sickness I was troubled with hoarseness and pain in the head and throat, and was told I had Catarrh. I took some medicine but without much benefit. Every winter for four years, I have had LaGrippe (last winter three times). The Catarrh grew worse. I could not lie down or sleep at night. Was always troubled with a pain in my back and a terrible headache every morning when I woke up, and had no blood. I got a Peruna ointment in Danish, my native language, and I read it through, every testimony, and then I bought a bottle of Peruna. Today I can truthfully testify that Peruna has been a great benefit to me. It has given me blood and strength. I can lie down and sleep without being troubled. I have no pain, headache, or noise in my head. I have gained in weight three pounds, which I think is good for my age. I will be sixty-nine years old next summer. I have used Peruna since I started in February, and I use it yet. I feel cheerful and happy, thanks to Peruna. It will always be in my home, and I recommend it to those who need it."
