

## T CITIZENS IN LEGION WORK

Campaign For Kentucky's  
American Legion Fund  
Begins March 29

## 100% AMERICAN

**"That's Me!"**

Supporting not only in sentiment but in word and deed the accomplishments and purposes of the American Legion, prominent business and professional men of Kentucky have banded together as a Citizens' Committee, with A. T. Hert of Louisville as chairman, and have organized a Statewide campaign to solicit funds for the support of the Legion, beginning March 29 and ending April 3.

Money realized from subscriptions, which are to come from citizens not members of the Legion, will go jointly to furthering the plans of State Headquarters and to the betterment of each local post. The amount raised will be called Kentucky's American Legion Fund.

The State has been organized by Mr. Hert into eleven congressional districts, with a chairman appointed for each district. Each district is divided by counties and each county will have its Citizens' Organization Chairman.

The district chairmen serving with Mr. Hert as State Chairman are:

- J. C. Utterback, Paducah, Ky., First District.
- James Pendleton, Owensboro, Ky., Second District.
- J. L. Harmon, Bowling Green, Ky., Third District.
- Judge J. R. Layman, Elizabethtown, Ky., Fourth District.
- Frank Buerck, Louisville, Ky., Fifth District.
- John H. Howe, Carrollton, Ky., Sixth District.
- Henry T. Duncan, Lexington, Ky., Seventh District.
- George McRoberts, Danville, Ky., Eighth District.
- Robert H. Winn, Mt. Sterling, Ky., Ninth District.
- F. W. Stowers, Pikeville, Ky., Tenth District.
- Hugh Asher, Pineville, Ky., Eleventh District.

American Legion posts have been instructed to call upon the county chairmen and offer their assistance in the detail work, but all actual solicitation will be done by those not in the Legion, according to the plans of the Committee.

Every business house and individual will be afforded an opportunity to assist in the work of the American Legion in its efforts to combat anti-Americanism, encourage better citizenship, and promote fraternalism among former service men.

In a letter to the commanders of Legion posts in the State Urie Bell, State Commander of the Legion, said:

"All the members should feel deeply grateful to this Citizens' Committee for the work that they are undertaking in your behalf and in the behalf of the American Legion. You should personally and by committee tender such services as you are able to perform and you should hold yourselves in readiness at all times to respond promptly to any call for assistance and co-operation that they may issue."

In a statement on the campaign Mr. Hert said:

"It is essentially a campaign of citizens on behalf of the Legion—not a campaign of the Legion men themselves seeking aid. Their necessities are known and their budgets have been carefully scrutinized by a group of competent men who understand the needs and are willing, in co-operation with the citizenship of the State in general, to raise the money necessary to meet the Legion's requirements."

"The Legion today stands as a bulwark against radicalism of a revolutionary character, not only in Kentucky but throughout the nation. It is a work that is increasing in view of the situation abroad and in this country."

"The Legion is growing so rapidly that it is unable to provide for the growth of the organization itself and take care of work it is doing and has planned to do."

"The Citizens' Committee expects every loyal Kentuckian and every man who is a 100 per cent American to do his duty in this campaign."

## POULTRY CLUBS IN UNIQUE RACE

Hens Pool Efforts and Assist in  
Putting Boys Through Ag-  
ricultural College.

### REAL MONEY WAS AT STAKE

Contest Suggested by State Leader of  
Connecticut, Who Had Co-Opera-  
tion of Extension Specialist  
of University.

(Prepared by the United States Department of Agriculture.)  
Now honors are due "Billy," the barnyard fowl, since 225 of her have pooled their efforts and are helping put three boys from Goshen, Conn., through Connecticut agricultural college. The hens, which now reside not far from the college, are doing a mighty good job too, for the boys know how to care for them. In fact, the boys' interest in college hens as well, goes back to their membership in the Goshen Poultry club, one of two organizations that entered in a contest intended to show what intelligent care can do in raising poultry.

**Marathon Race.**  
It was a Marathon race, so to speak, that lasted over a year, the finish taking place last October. And it was a race for real money, \$1,000 being the prize. Strangely enough, both sides won. A net profit of \$1,000 from each group of hens in a period of one year was the goal set for each club, and both groups cleared considerably more than that amount. Eleven boys living near Goshen (including the three now tending their flocks while going to college) constituted one club, and the other, known as the West Hartford Poultry Club, was composed of boys living near Hartford. The unique contest was suggested by the State club leader of Connecticut, who had the co-operation of the poultry extension specialist of the agricultural college.

**Rivalry Between Clubs.**  
In a sense each club was racing against time to see if its hens, which aggregated approximately 900, could be made to produce \$1,000 profit in a year. Naturally also there was rivalry between the two clubs to see which would make the biggest showing. Both clubs held monthly meetings at which each boy reported regarding his flock—the number of hens, the number of eggs laid, the amount of scratch feed and dry mash used. More than one boy received kindly but pointed criticism of his methods when reports showed poor egg production. At the close of the club year the West Hartford club had made a profit of \$1,522 a net, while the Goshen club did even

Three Boys of Goshen, Conn., Poultry Club Who are Paying Their Way Through State by Caring for Their Own Poultry at the College. From Left to Right, Facing the Picture are: Cary Miles, President of Goshen Club; Clarence Vail, Sherman Ives.

letter, with a profit of \$1 a bird. Thus each club surpassed its goal by a wide margin.

Inspired by this success, the three Goshen boys have gone to college, taking their hens with them. The birds, all of which were raised last summer by club members, have been true to their trust, laying eggs more plentiful than the golden variety laid by the legendary goose.

### MARKETING IS BIG PROBLEM

High Prices Must Remain Until Farmer  
Is Able to Sell Produce at  
Less Expense.

Marketing is still the greatest problem farmers have to solve. Until farmers can sell at less expense and to better advantage, city consumers will continue to complain at the cost of living. The wasted labor, the wasted products and the exorbitant cost of handling farm products are draining the farms and costing city shoppers their hard earnings to live.

### THOROUGHLY WASH UTENSILS

Receptacles of Any Kind That Have  
Contained Milk Should Be Cleaned  
Immediately.

The sooner the utensils that have contained milk or been in contact with it are washed the easier the job will be, the more thoroughly it can be done, and the utensils, if of iron or tin, will last longer.

**"COLORS OF A RAINBOW"**  
We can restore or dye colors desired.  
**SWISS DYING SAVES BUYING**  
Clothing that has become soiled from wear and usage need be sent to a cleaner.

**UNION COLLEGE NOTES**  
The conference held in Louisville under the auspices of the inter-Church World Movement was attended by President Franklin W. G. Butler, A. H. Guym, J. T. Ruggles and W. D. Archibald.

Are you full of "pep?" If not get your capacity at once. For this reason, Monday afternoon Union had her first tryout in baseball. The team is showing up the best this year it has ever been. Union will play her first game here April 2nd, with T. M. U., Harrogate, Tenn.

Don't miss this game as T. M. U. has a crack team.

For the Literary program a week ago there was a debate on the question: Resolved, that the United States should require universal military training of all young men between the ages of 18 and 21 years. The affirmative was supported by Daugh Smith and Boone Smith and the negative by James Blair and Albert Hummel. The negative won unanimously. On last Wednesday a Patriotic Program was given.

Earl Mayhew, U. C. Class of '13, spent a period with the Juniors in English last week. Mr. Mayhew is an enthusiastic leader in the Extension work of the State Department of Agriculture.

Henry Payne, one of our former students, was with us for a few days last week.

Mrs. Lewis, of Winchester, Ky., spent the week end with her sister Miss Florence Campbell. She gave a very inspiring talk in chapel Saturday morning.

We are glad to report that the number of sick is very much less this week than last.

**OIL NEWS**

J. A. McDermott is back from Lexington and will start a well soon on the Valentine farm on Richland Creek. This will be an offset to the Georgia Development which is now pumping eight barrels.

The Georgia Development Co., the Wymond Oil Co., and the Bingham Oil Co. each ran a tank of oil from their wells last week. These wells are on Richland.

J. L. Strite and associates, of Nashville, Tenn., are here to develop their property near Cannon.

The Knox County Oil and Gas Co. composed of business men of Columbia, Tenn., with Mr. Frank Ament, Secretary of State of Tennessee, and president of the company, have contracted with D. W. Jackson for a well on Long Branch, just above Cannon.

L. B. Bernheim has casing on the ground to begin drilling Hignite No.

**Stomach Out Of  
Order? Try NR**

Nothing Better to Straighten You Out  
After Eating Too Much. Tones  
Liver, Regulates Bowels. Acts  
Pleasantly. Guaranteed.

Many people eat too much every day and must eat much too much some days. That is why Americans suffer more than any people in the world from indigestion, biliousness and constipation.

With a little thoughtfulness and care, however, a great amount of this distress could be avoided and you'll never realize how true this is until you become one of the several million people of this country who keep a box of Nature's Remedy (NR Tablets) constantly on hand and use it whenever indigestion, biliousness or constipation threaten.

Unlike laxative purges, cathartics, such as oil, calomel, etc., which merely force bowel action, Nature's Remedy exerts a beneficial influence upon the entire digestive and eliminative system—the stomach, liver, bowels and even the kidneys. Its purpose is to promote vigorous and harmonious action of all the organs that handle the food and body waste.

That is why the results which follow the use of Nature's Remedy are always a delightful surprise to those who first try it. The action is prompt and thorough, is as mild and gentle and pleasant as Nature herself, and the thorough cleansing the body receives brings a feeling of real relief and health, such as no laxative pill or cathartic ever produced for anyone.

Get a 25c box of Nature's Remedy (NR Tablets) and try it. There is no risk in doing so, for it must give you greater relief and benefit than any liver or bowel medicine you ever used or money back instantly. It is sold, guaranteed and recommended by your druggist.

**The World's Largest Production  
of Tires on the Smaller Cars Alone**

We call attention not so much to the size of this average daily production as to the extent of the effort we put into the making of these 30x3-, 30x3½-, and 31x4-inch sizes.

The separate factory we have devoted to their manufacture is not only the largest of its kind in the world, but it makes fully effective that experience and resourcefulness which have produced the tires most popular on the higher-priced cars.

No tires bearing the Goodyear name contain a higher relative value than these tires for Ford, Chevrolet, Dort, Maxwell and other cars requiring the sizes mentioned.

If you own one of these cars, go to the nearest Goodyear Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread. \$23.50

30x3½ Goodyear Single-Cut Fabric, Anti-Skid Tread. \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3½ size in water. \$4.50 proof bag.

**GOODYEAR**
