## M. TINSLEY FOR REPRESENTATIVE.

The report has reached here that John M. Tinsley, of Barbourville, has been mentioned for Representative from Knox County in the next General Assembly of Kentucky.

This would be a most excellent selection as Mr. Tinsley has had experience in the General Assembly in the past, and his past experience coupled with his mature judgment would make him an ideal man for the place.

The Republican hopes that he will reconsider the question and decide to enter the race, and we believe that he would have no opposition in the race. He knows the wants and needs of his part of the State as well as any man that could be selected and if elected would render faithful and valiant service to the whole State.—Kentucky Republican.

## A CORRECTION

No Indictment Story Incorrect.

Last week, we published the statement that no indictments had been found by the Grand Jury in the matter of the shooting up of the town recently.

The story probably gained ground from the fact that the Grand Jury took so much time to go thoroughly into the affair, that it was taken for granted that no indictment would be returned and was so repeated to the editor of the Advocate.

The fact is that felony and misdemeanor charges were preferred against Bev. Halsey, John Lee and Jim Lee on the charge of banding and contributing together and going forth armed with the purpose of intimidating and injuring persons and property.

The error is a regrettable one printed in good faith by the Advocate and we take this means of correcting it.

The finding of the Grand Jury is along the line of law enforcement and they should be given credit for their action.

## MORROW REFUSES PARDON IN CORBIN RIOT CASES

Frankfort, Jan. 18.—Mamie Cooley, Hopkinsville, convicted of complicity in the murder of Drew Ross December 3, 1917, was refused a pardon yesterday by Governor Morrow, who also refused to pardon Steve Rogers, alleged leader of the mob in the race riots at Corbin in 1919.

Drew Ross was slain in a row over a poker game after which his body was placed on the railroad track a mile from the city. She and her husband lived on the outskirts of Hopkinsville. Claude Gray, one of the party, is serving a ten year sentence for the murder.

Rogers is serving a two years' sentence. No one else in the mob was convicted.

M. January 31st.

Let every Christian who loves his neighbor and lost souls pray and use his influence for Christ with the best. The devil is on the job seven days of the week. Are you?

A warm welcome for each and every one of any and all creeds and a cordial invitation to the unsaved.

## SAM CAWN ENTERTAINS

On Sunday Sam Cawn held open house for his friends and relatives in honor of the birth of his son. The ancient rite of Circumcision, which has been a practice of the Jewish people for thousands of years, was performed by Rabbi I. Vinick of Knoxville, Tenn.

Taffles were spread in the parlor and dining room and some 150 to 200 guests were served with the fat of the land.

Mr. Sawyer A. Smith was the toastmaster and proved up in splendid shape as might be expected of a man of his eloquence.

Some seventy-five Jewish friends were here from out of town to take part in the celebration.

A number of people visited the home during the afternoon and were introduced to the son, whose advent has caused so much satisfaction. Hospitality was the keynote of the affair. The boy has been named Paul S. and he will answer questions later as to how he likes this mundane sphere. At present, he is in semi-retirement.

## BELL COUNTY'S OLDEST MAN DIES.

Uncle Israel Woolum, 97 years old, died at his home on the Left Fork of Straight Creek, about ten miles from Pineville, last Tuesday, December 30. Mr. Woolum has been known and recognized for some years as the oldest citizen in Bell County and was among the first settlers in this section. He was well acquainted with Uncle Johnnie Shell of Greasy Fork, and both were young men about the same time. The country then was very thinly settled and the people knew their neighbors for thirty, forty and fifty miles around. Mr. Woolum is survived by a number of relatives, grandchildren and great and great-great grandchildren. — Three States, Middlesboro.

## IT PAID MEECE

Mr. Meece, of Meece & Knight, grocers, who are closing out their stock, told The Commonwealth this week that the advertising he had in the Commonwealth last week brought returns beyond his expectations. Unfortunately he is going out of business just at the time he has learned what it takes to make business good—an ad. in the Commonwealth each week. He said if he was continuing in business he would sell for cash at a small profit and above everything else he would advertise regularly each week. To the merchant who does not advertise, try Meece's plan once and watch results. It will pay you.—The Commonwealth, Somerset, Ky.

## JOINT MEETING OF AIDES

The joint meeting of the Christian and Presbyterian Aids was held with Mrs. R. D. Minton and Mrs. Jennie Jackson at the home of Mrs. R. E. Minton on January 21st.

This was a most enjoyable affair, as there was a splendid roll call from both aids. We had our devotional part together, the Presbyterian Aid being the leaders, after which we separated for the business part. This took quite a bit of time as each Aid had a lot of business to attend to.

After adjournment of each Aid we again gathered together for the social part and during this the hostesses served a lovely course of salad, tea and sandwiches.

All went home very much delighted with the meeting and hoping that this might happen again.

The next meeting of the Christian Aid will be with Mrs. C. P. Rathon on February 4th.

We are very much delighted to have Mrs. Charlie Jones as a new member and we do urge the new members Mrs. T. J. Hale, Mrs. Oscar Mealer and Miss Minnie Williams to be present at our next meeting.

## J. T. STAMPER ENDORSED FOR COUNTY JUDGE

Barbourville, Ky., Dec. 21 1920. Mr. J. T. Stamper, Roadland, Ky.

My Dear Sir:— I have for twelve years as a doctor been traveling over Knox Co. I have had unlimited opportunity to see and feel the need of better roads. Roads that will permit a Doctor to get to and from those who need his services.

I have also during this time had occasion to note your attitude and activities in connection with road building while you were Judge of Knox Co. What you have achieved with the limited means at hand was wonderful. Still feeling the need of better roads more urgently than ever, and still believing that you can again achieve much in that line, I am writing you this asking you in the interest of our people to again become a candidate for the Nomination for Judge of Knox Co. In doing this I am pledging you my full support and feel that I can truthfully say that in all my goings and comings I have never heard one man say that he would be against you, but on the contrary every man I have talked with, and I have talked with a great many in various sections of the County, has been enthusiastically for you and has asked me to urge you to make the race.

Hoping you will consider this favorably and soon make the announcement to the public, I beg to remain your friend for better roads.

Leslie Logan.

## Ralston, Ky., Jan. 26, 1921

Doctor Leslie Logan, M. D., Barbourville, Ky.

My Dear Doctor:— I have delayed answering your letter of some days ago, in order that I might give the most serious consideration to the subject matter contained in it.

After such consideration I have decided to say to my friends that I will be a candidate for the office of County Judge, subject to the action of the Republican Party expressed at the August primary 1921. I pledge myself to use every dollar of the county's money which can be legally expended in that way, to the improvement of the roads. I am not unmindful of the County's indebtedness, which must be taken care of by keeping the interest paid and so much placed in a sinking fund to meet the payments as provided for by the law.

My motto shall be "An Improved Road to Every Church and School House in Knox County."

I pledge my all to the men, women and children of Knox County, toward the accomplishment of this great ideal.

Yours most cordially,  
J. T. Stamper.

## J. W. BAYS ANNOUNCES FOR SHERIFF

To the Voters of Knox County:— This will be your first opportunity to do for one of your County soldier boys that which they have been doing not only in the United States but what they have been doing all the world over, for of all who have asked for office since their return from European countries none have failed to get what they asked for.

I have talked with a great number of people concerning this matter and they all seem to want to do something for the returned soldier boys. And I have been requested by a great number of my friends to ask for the important position of Sheriff of Knox County, and if nominated and elected I promise to serve the County to the best of my ability, and when the term is out to retire from the office with a record that will not only be a credit to me but also a credit to Knox County, of being one of the most active sheriffs Knox has ever had.

I served about two years in the army during the World's War and out of the two years I served six months overseas.

I sure had my part of the fighting. I was in the St. Mehell the Messer Argonne offensives, was the hardest and bloodiest Americans ever faced.

I was wounded during the struggle but do not draw any pension.

I hope to meet each and every voter of Knox between this August and the August Republican Primary then if you decide I am the one to fill the office show by your vote.

Primary, I will assure you could not help a man who appreciate it any more than I do.

Yours respectfully,  
J. W. Bays
