The popularity of Lewiston well is again in evidence: On Sunday afternoon, particularly, is the crowd large.

Tickets for the minstrel show will be on sale Saturday morning at Countzler's. Call early and avoid the rush.

The town has had a lively air this week. Several days the streets were comfortably crowded, and every shop has its share of patrons.

The city council will be in regular monthly session at the court house Monday night. Several important matters will come before the body at this meeting.

The minstrel show by local talent will be given at College Hall Friday night May 8. It will be rich in good things from start to finish, and will be heard by a crowded house.

Mrs. John Wells, who lived about six miles south of town, dropped dead Wednesday morning of last week. She had been in usual health, and her death was caused by heart failure.

See the new model Crescent bicycle at Roark's. All kinds of sundries and repair parts in stock. Hand pumps 10c; foot pumps 50c; lowest prices in county on all bicycle goods.

Mr. James W. Oates is about the busiest man in Muhlenberg these days. As chairman of the Democratic county committee he is arranging for the primary May 9, and as Master Commissioner he has many duties during court. All these things make his hands full, but he is keeping up with affairs in good shape.

Tomorrow is May-day.

It again begins to look like spring.

Democratic candidates and their friends are hustling. Only ten days now until the primary.

The nicest goods in jewelry line are offered at low prices by Tappan. Call on him in Roark building.

Saturday is Derby day with the Louisville Jockey Club, and several people from here will go up to see the event.

Our facilities for doing job printing are excellent. Let us show samples and give you estimates on anything wanted.

Aaron Hurt, colored, died suddenly in Louisville last Friday, and was buried here Saturday. He was a son of aunt Caroline Hurt, and was raised here.

The posters for the Melrose Minstrel are very catchy. They are from the brush of Mr. Clarence B. Hayes, who is a genius in this line as well as many others.

I am ready to deliver coal at 7c per bushel, and solicit orders. Telephone orders given prompt attention. Call 130-4. J. N. CLEMMONS.

Zeke Reynolds is looking for a man with a gun. Don't think that Zeke is getting blood-thirsty. It is the other fellow who has the gun, which he secured by breaking into Mr. Reynolds' blacksmith shop one night last week.

Very favorable comment is being received by Mr. M. H. Tappan on some very handsome work he is doing in the engraving line. He is turning out as fine work as can be had anywhere, and is securing many orders.

Mr. Harry Fulkerson, of South Carrollton, has been here for several days at work for the Greenville Marble Co., finishing up some monuments. He is an expert cutter, and is doing some fine work. This character of work is new to most of the people here, and many people have been interested spectators.

Rest assured you will get a good job in materials and workmanship if you give your painting and paper hanging orders to the Greenville Milling Co.

Lewiston Well Opening.
The regular season at Lewiston well opens tomorrow. Dr. Lewis has fitted a new lock for the season, and persons holding keys are requested to exchange same for the new pattern. Scores of people have used this celebrated water with beneficial results, and the number of subscribers this year will no doubt be considerably increased. There have been no penitentiary convictions.

You can find a large line of wallpaper at Roark's.

Y. M. C. A. Notes.
The meeting last Sunday was one of the best we have ever had. The crowd overflowed the room into the hall, 74 being present. The address given by Rev. W. H. Fulton, of Ravenwood, was given with great attention and was appreciated by every one present. He showed us plainly that a moral life alone was not sufficient, we need a change within, we could only have this by following Jesus.

Many were at our rooms Sunday for the first time. We hope to see them back often with us hereafter.

The Boys Branch at Central City we hear have not missed a meeting this winter. This is a good record. Secretary Keith spent Sunday afternoon with the Powderly Band.

The meeting next Sunday will be conducted by Prof. W. E. Everett. MEMBER.

THEFORD'S BLACK-DRAUGHT
THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Theford's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by Theford's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than Theford's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Aullins, S. C., March 10, 1904.
I have used Theford's Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

DON'T BE FOOLED

Advertisements having a resemblance to various publications wherein Sears, Roebuck & Co. offer Wheeler & Wilson sewing machines, we wish to warn the public that they are not our authorized agents and that we do not sell our machines to them nor any other catalogue house or department store.

Their advertisements are not for the purpose of promoting the sale of our machines. They are using our reputation as makers of the highest grade machines only, in order to get the names of possible buyers and persuade them to purchase one of their cheap STENCILED MACHINES, the manufacturers of which they are, evidently, ashamed to make public.

If you want a genuine Wheeler & Wilson machine, do not waste your time writing to anyone who is unable to furnish it. The genuine Wheeler & Wilson machine, made by us and backed by our warranty, is for sale by our authorized dealers only. When you buy a Wheeler & Wilson, you get a machine that is a machine, backed by a reputation of 50 years' unparalleled success.
