At the Presbyterian church Sunday morning Rev. Dr. L. L. Laws, of Washington, preached a strong and eloquent sermon to a large congregation. Rev. Dr. J. W. Ressler, the pastor, filled the pulpit in the afternoon.

At St. George's Episcopal and the Methodist churches the usual services were held. ANNIVERSARY OF WOMAN'S MISSIONARY SOCIETIES OF BAPTIST CHURCH.

There was a delightful service at the Baptist church, Sunday night in which was celebrated the anniversary of the Woman's Missionary Society and the Young Woman's Missionary Band in the Baptist church, of this city, was organized one of the first Woman's Missionary Circles in the history of modern missions. The date of organization was 1844, just two years after Judson went out as a missionary. The aggregate work of the two ladies' societies for the current year reaches the sum of \$421.

The program Sunday night was carefully prepared and well executed. The musical selections were appropriate and well rendered, and the sermon by the pastor, Dr. Dill, was an earnest discussion of "Woman's Work in the Church." He especially emphasized the relation of woman's home life to her church life, and showed their mutual dependence. Neither can be neglected without injury to the other. The sermon closed with an appeal to the ladies to use their church work for the blessing it brings back to their homes, and for the blessing it projects out to their sisters in other lands. The ladies are much encouraged in their work and will press forward with new vigor. Sunday morning at the close of the Methodist Sunday School the little crockery apples, peaches, etc., used by the class for collecting, and the respective class contributions towards paying for inside blinds to the school room, were broken and the aggregate amount contained in them was \$54.63.

William Gunn Killed by Adam Jackson. Last Saturday night, shortly before midnight, a difficulty occurred at the home of Carrie Edwards, on Sophia street, which resulted in the death of William Gunn, colored, who called while Adam Jackson, another colored man, was there. Gunn knocked on the window and Carrie invited him in. Upon his entering she asked him for 25 cents which he said he did not have. Some words passed between the two men and Jackson finally struck Gunn and threatened to kill him. Gunn then went out but soon returned. Jackson got up and Gunn threw something at him, supposed to be a stone, and started to leave, when Jackson fired a pistol at him. Gunn staggered a few feet and fell, dying almost instantly. Officer W. R. Hall was summoned and arrested Jackson and took him to jail.

Gunn was a man of good character, served in the U. S. Army and was in Cuba and was discharged last spring. He was a driver for Chancellor & Hawley.

Dr. Duggett, Coroner, summoned a jury of inquest, composed of Messrs. J. J. Berry, S. H. Kendall, George T. Downing, A. Danson, R. E. Smith and O. A. Armstrong, who rendered a verdict in accordance with the above facts. Dr. B. Hales made a post mortem examination and found that the ball went through the heart and lodged in the spinal column.

The body of Gunn was taken in charge by undertaker E. K. Wheeler. A preliminary examination will be held by Mayor Willis Thursday morning. Jackson arrived here Saturday from New Jersey, where he had been at work in a brick yard.

L. G. Johnson's Campaign Offer. Mr. L. G. Johnson, of Marganna, Calpeper county, Va., has written the following letter to W. R. Hearst, President National Association of Democratic Clubs: "Let every laboring man in New York and the States of Connecticut and New Jersey feel entirely independent and at liberty to vote for William Jennings Bryan."

I hereby offer to convey absolutely free to any laboring man in the City of New York or in the State of New Jersey or Connecticut, a free acre of good land in this, Calpeper county, Va., who shall prove to your satisfaction that he has lost his position by reason of having voted for William Jennings Bryan at the coming election.

Successful Revival in Caroline. Sparta, Va., Nov. 4th, 1906. To The Free Lance: At the Baptist church here there closed on Friday night one of the best meetings ever held here. Dr. Dill, of your city, did the preaching, and you who have heard him need not be told how delightful that was. He justly ranks high as a preacher and orator, and his work among us has been tried. Many have been added to the church and Christians in all the community have been greatly quickened. It will, I know, be a pleasure to the friends of this city to know that he was in this city. It's Easy To Take. Thin, pale, anemic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

Scott's Emulsion of Cod Liver Oil. WITH HYPOPHOSPHITES OF LIME & SODA. is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anemia. SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way. We have known persons to gain a pound a day while taking it.
