

THE DAILY BULLETIN.

FRIDAY EVE., APRIL 20, 1883.

ALL day about the market house. We have been hanging 'round. But up to date we're pained to say, The whisky can't be found.

The days are now lengthening out at the rate of twenty minutes a week.

The work of removing the brickwork of the market house is in progress to-day.

It is announced that there will be a partial eclipse of the moon on Sunday evening.

We don't feel so awful bad about the market house whisky after all. Tom Wheatley's ten year old is just as pure and good.

In the Circuit Court, Thursday, the motion for a new trial in the case of the Commonwealth vs. Thoms Cummins, was overruled by his honor, Judge Cole.

Our readers will do well to consult the "Bargain Directory" printed elsewhere. Some very low prices are offered there by some of the best houses in the city.

The Kentucky Central is doing a large business in the way of transporting stock. Twelve hundred and fifty head were delivered at Covington one day this week.

The water company has laid down a pipe on Third street in East Maysville, between Lexington and Union streets, and there are already several consumers there.

Our friends at Murphysville can obtain the DAILY BULLETIN regularly from Mr. W. T. Tomlin, of that place, who is our agent. The subscription price is 25 cents a month.

HOMER OLSEN, the boy who shot his teacher at Paris, on his trial plead guilty of the charge and was sentenced to the penitentiary for one year. The jury signed a petition for his pardon, as he is in delicate health.

The manufacturers of agricultural machinery report that there has been a large increase in their sales this season, which indicates that the farmers are laying aside their old time ways and keeping up with the march of improvement.

A SOCIAL meeting for the benefit of the M. E. Church will be held at Aberdeen at the residence of Dr. Guthrie on the evening of the 27th inst. There will be good music in attendance and refreshments of all kinds. Everybody is invited.

ANOTHER branch of industry lately started in Maysville, is a broom factory. Messrs. Royer & McCall are the proprietors, and their place of business is at the corner of Wall and Front Streets. They are making an excellent wire bound broom at a low price.

The following marriage licenses have been issued in Brown County, Ohio, since our last report:

E. M. Devore and Anna Woods. Job Inskeep and Mary Cahill. Lafayette Adamson and Ollie C. Bairo. James Q. Marshall and Flora F. McIntire. Isaac A. Davis and Lucy Cahill. Geo. F. Owen and Lydia Ann Wilson.

MR. J. B. FRUSTON'S chicken house in East Maysville was robbed last night. The tracks about the place indicate that the thief was a woman and wore a number three shoe. One of the neighbors, about the time the robbery was committed, saw either a small man in an ulster overcoat or a woman, loitering about the premises. The matter is in the hands of the officers.

As will be seen by the council proceedings, printed elsewhere, the city has given the United States Electric Light Company the privilege of operating in this city. Mr. S. Salomon, who represents the company is very much in earnest, and is very confident he will be able to organize a company for lighting the city by electricity. He says the new light will be cheaper and better than gas.

MR. HERMANN LANGE, the jeweler, is just now making a very brilliant display of wares, which is well worth going to see. He has the latest styles of jewelry, watches from the best manufacturers, silverware, clocks, and many other useful and ornamental articles. Mr. Lange's long experience in this line and his well known probity, is ample assurance that the dealings of the public with him will be both pleasant and satisfactory.

COUNCIL PROCEEDINGS.

Right of Way Granted to the United States Electric Light Company.

A called meeting of the council was held on Thursday evening to hear a proposition from Mr. S. Salomon, in behalf of the United States Electric Light Company. The following ordinance was presented by Mr. Salomon with the request that it be adopted:

Be it ordained by the Board of Councilmen of the City of Maysville: That S. Salomon, as agent for the United States Electric Light Company, and their successors and assigns, be, and they are hereby invested with the privilege, for the term of fifty years from and after the passage of this ordinance, of using the streets, alleys and public grounds of said city as it is now laid out, or may hereafter be enlarged, for the purpose of erecting in said streets, alleys and public grounds, posts or poles for the purpose of furnishing by wires attached thereto, light generated by electricity, to its inhabitants; but this privilege is granted to said S. Salomon, agent for the United States Electric Light Company, and their successors and assigns, upon this express condition; that they shall erect the necessary plants, machinery and poles, so far as they may be needed at the present time, to supply a majority of the inhabitants of said city with electric light, within the present date, April 15th, 1883, and the first day of January, 1884. Said streets, alleys and public grounds shall be injured as little as possible, and said parties shall be subject to all the laws and ordinances of said city now in force, or which may hereafter be enacted.

Said parties shall not in the erection of said plants, machinery or poles, in any manner obstruct the streets, alleys or public grounds, so as to inconvenience the public. A failure upon the part of said parties to comply with any of the provisions of this ordinance, shall forfeit all the rights and privileges granted by it, unless such failure is caused or occasioned by accidents or unavoidable event, in which case the same shall not work such forfeiture. The erection of the aforesaid posts, poles, wires, etc., shall be under the supervision of the Committee on Internal Improvements of the city of Maysville. And further, it is expressly understood that said Electric Light Company shall not have the exclusive right or privilege of constructing and operating said Electric Light, but said city reserves the right to grant the same privilege to any other company or corporation.

On motion of Dr. Phister the rules were suspended, and with certain amendments, the ordinance was passed.

Mr. Hutchins, Chairman of the School Board, reported that it would require \$2,500 to pay the teachers of the public schools for the remainder of the year. The matter was referred to the Committee on Ways and Means with power to act.

Andrew Miller was granted leave to lay a water-pipe alongside of the fence at the colored school to connect with the water main.

HON. J. D. KERR has just received from the Commissioner of Agriculture, Col. C. E. Bowman, a sample of Millo Maize seed, sent here to have tested as to its adaptation to our soil and climate. This the main food for man and beast in South America and is said to yield, under fair cultivation, from seventy-five to one hundred bushels of grain and as much as two tons of fodder to the acre. He also has some seed from the same source of the white and yellow corn which took the premium at the last State exhibition, which will be given to the earliest applicants. It is desired that someone in Mason county should give the Millo Maize a careful test according to directions and report the result of his experience.

In an interview with a reporter of the Lexington Transcript, Hon. S. S. Savage, of Ashland, said that the feeling in his part of the State is that nothing can intervene to arrest the execution of Craft on May 25. He says that Gov. Blackburn will not pardon unless petitioned to do so, and that there are not half a dozen men in his part of the State who would sign any petition to this effect. He says that even the granting of a new trial to Craft would have the effect to destroy, to a large extent, the respect for law among the people of his country. He does not think the Supreme Court will change the decision of the subordinate court when the appeal is argued before them on May 16.

The march of improvement in this town is very perceptible wherever the eye glances.

These beautiful balmy mornings are too beautiful to be resisted by the lovers of nature. It is the style now to take your morning constitutional.

There is a hillside rural cottage, a little picturesque jewel, reminding one of the strains of sweet ballad. So says a particular admirer.

In rambling over the town of Aberdeen one is greatly attracted by the location of and tastefully arranged grounds around the cottage home of Dr. Guthrie, the most beautiful location for a home in the town.

The grocery of Mr. A. T. Botts is the model grocery in order and neatness, characteristic of himself, and well supplied with choice groceries. His huddle energy and enterprise is gaining for him a liberal patronage.

Col. Gus Simmonds' medicated well water is rapidly gaining notoriety. Every evening the summer resort is very brilliantly illuminated, making it very attractive to the gay promenaders.

Mrs. Geo. Wheeler has opened her millinery store, making a choice display of goods equal to any in Maysville, and she has that pleasing, winning manner which is appreciated by customers.

There are some people who have a most tantalizing way of imparting the latest news. They rush up to you and exclaim: "Oh, have you heard the news. Oh, my, I forgot, I promised not to tell. So if our imaginations outvie the reality we are not to blame."

One of the prettiest little brown-eyed damozels made the stunning remark to her sweet heart: "If I had wings for Adam to live alone, when there was no woman to marry, it must be very wicked for men to live alone when there are so many women wanting husbands, and pretty women, too. So brown eyes says."

COUNTY POINTS.

Mr. Alex. Tru, one of the good citizens of Orangeburg, says a thief made a raid on his hen house, stealing turkeys and all of his eggs they could get. He also hopes the eggs will kill the last one of them.

There is a good deal of stock running at large on the public highway in the Orangeburg precinct contrary to law. The law will be enforced shortly.

A gentleman near Mt. Gilead, missed the sale of a cow last week, by hiding when he saw the buyer coming. Thinking it was the sheriff's man. Truly it is said, "the wicked flee when no man pursueth."

There was neither a "split" or a "schism" as claimed by "Delta," and "P. E. M." in the church at Mt. Gilead. A split or schism can occur only when the members so dividing, are loyal to the church in every sense. They cannot divide on doctrines because there are articles of faith to decide; so with regard to "order" for there is the rules of decency to govern them. They may decide on calling a pastor because there is no rule to say who shall be called, or upon sending a letter to an association or excluding a member, etc., because the members can be perfectly loyal to the church government, and still divide and divide on matters of minor importance. But in the case at Mt. Gilead, by the record as "P. E. M." says the trouble was on the exclusion of a member and the covenant as construed by the church clearly defining as to how it should be done.

Mr. John Wells is farmer planting corn this season.

From the Wall Street Daily News. "Well, how is your brother doing in St. Louis?" asked the first, as he halted a moment at the door of a business house on the bowery. "Well, he doan' fail yet." "Seems to be doing a good business?" "Seems dot vhay." "Well, I hope he'll do first rate." "I hope so, too, but I dunno. He has been dere tree months and I can't exactly make out what he means. Six weeks was plenty of time to bust oop in a place like St. Louis, und pay ten cents on der dollar!"

It is estimated that not less than 150,000 barrels of whisky will be exported to the Bermuda Islands from Cincinnati. The total expenses from Cincinnati, Maysville, Louisville, Lexington, Paris, Cynthiana, etc., to that port will be from \$2 50 to \$3 a barrel. The port charges in Bermuda are four cents a barrel; storage in first-class bonded warehouses six cents a barrel a month. Beside these there are other charges, but they are inconsiderable.
