

ROSSER & MCCARTHY, Publishers and Proprietors, To WHOM ADDRESS ALL COMMUNICATIONS.

TO-DAY'S ADVERTISEMENTS.

Burgess & Nolin—Dissolution notice. Prof. C. J. Hall—Black bearded wheat. Mrs. A. E. Perry—Boards wanted.

THE business men have taken hold And we correctly guess, They'll never stop until they make The railway a success. Just mark it down in black and white, And to the pallings nail. That in the Maysville lexicon There's no such word as fail.

The street cars are well patronized again to-day.

CANTALOUPEs may now be had in this market, but they are rather high in price.

"O. B." has come, we suppose. At least what we take to be a lot of his baggage was delivered at Owens & Barkley's to-day.

DR. A. G. BROWNING, of Third street, has one of the finest hog wallows in town. It is in front of his office, and is constantly in use day and night by the city porkers.

HEREAFTER the DAILY BULLETIN will be on sale at Holliday & McDonald's Pleasure Garden, and at the postoffice in Chester. The price is one cent a copy or six cents a week.

ON account of the rain the basket meeting announced to take place next Sunday in the neighborhood of Shannon, will not be held, but there will be the usual service at the church. Rev. F. S. Pollitt will preach next week at Sardis.

The street cars have now been running one day and a half, and in that time more than four thousand fares have been taken by the three cars used; Twelve hundred were taken Wednesday afternoon, and three thousand yesterday.

TRAVEL by the street railway was much retarded yesterday, on account of mischievous boys placing stones on the rails which threw the cars from the track. This occurred as many as three or four times during a single trip. The company has determined to stop it and offers a reward for the detection of any one engaging in such work.

A GENTLEMAN writing to the BULLETIN from Georgia in speaking of the Kentucky Historical Society Loan Exhibition at Louisville says that not long ago he was shown through the Maysville Library and in his opinion it contains more interesting and valuable articles about Kentucky than any he has seen in the State. The compliment is a very merited one.

The sale of street car tickets have been largely increased by the liberality of some of our merchants in offering them as premiums to their cash retail customers. While thus giving the people an appreciated advantage they have shown their good will toward an important enterprise. The example set by these public spirited men ought to be followed and kept up.

MESSErs. SULSER, PETRY & Co., whose partnership has expired by limitation, advertise elsewhere that they will dispose of, on reasonable terms, the entire business, appliances and good will. The trade of this firm is very extensive and covers many of the states of the Union. The business is a prosperous one and affords a fine opportunity to any one desiring to engage in an established trade. For full particulars read the advertisement.

MR. W. C. PELHAM is the champion bee keeper of our county. His crop of honey this season amounts to ten thousand pounds. This was gathered by sixty-five colonies of bees and their increase. He has now one hundred and eight colonies. Mr. Pelham is also the inventor of an improved machine for making honey comb foundation. Although these machines have been on the market only since last May he has orders for them from all over the United States and also from Canada and England.

THE "Swinette" is the name of a new musical instrument it is proposed to introduce into Maysville. As it is simple and inexpensive it ought to be popular. You have merely to select from the thousands of hogs that roam the streets, a fat little porker about three months old. Place it head downward between your knees, and take the tail in your mouth. Bite the tail to provoke the sound, at the same time work the knees after the fashion of the bagpipe, and with your two fore fingers play on the upper valve or touch-hole. You will be surprised to find how easily the instrument is operated. When it is in general use we are very sure the children will cry for it.

CAMP MEETING.

RUGGLES CAMP GROUND Aug. 15. The early prayer meeting was well attended and led by Bro. Walter, a local preacher of Covington, and was said to be a profitable time.

A good congregation assembled in the tabernacle at 8:30 for an experience meeting. It was led by Rev. C. Pollard, of Germantown.

At 11 a. m. Rev. John R. Eads, preached from Eph. 1:13 and 14. This sermon was founded on the "Earnest of the spirit in believers," and was a very able and original discourse. It was heard with profit both to mind and heart.

At two p. m. the Association met to discuss the subject of education. Several addresses were made and a committee appointed to report to the Association next year some plan for the promotion of higher education in this community. The Presiding Elder, Dr. Stevenson and Rev. John Cox were appointed on that committee, and the Association requested all the pastors of this district to preach on the subject of education in their respective charges, between this and our next meeting.

At 3 p. m. Rev. W. A. Phillips preached on Romans 8:16. A most excellent sermon on the spirit's witness of the believers adoptive. It was lucid, forcible and greatly enjoyed. Bro. Phillips has endeavored himself to us by his urbanity, christian meekness and ability of his discourses. Good congregations so far. It began to rain about six o'clock this evening, yet there was a good congregation at 8 p. m. to whom Rev. C. J. Hawes preached on the last verse sixth chapter of Romans: "The wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord." The sermon had some strong points, and was good.

Rev. W. G. Bradford returned this evening, and Bro. Boring, of Maysville, was able to be with us for the first time.

NOTES. A lady's bracelet was found at the hotel, and is now in the hands of Mrs. Tolle. The owner can have it by describing it and calling for it.

The President of the Holiness Association, with his helpers, failed to get here this evening, much to the disappointment of expectation.

Rev. Bidwell Lane will preach on Sunday at 11 a. m.—Rev. Dr. Stevenson at some other hour of the same day.

The hotel gives entire satisfaction so far as your correspondent knows.

Preparation is being made to enter a large crowd that is expected Saturday and Sunday.

Monday will be the last day. The people will go home in the afternoon of that day if they can get conveyances.

If some of the leading citizens of Maysville will teach their sons that it is no disgrace to labor with their hands, and will follow up the good advice they give by putting them to work in the factories of Maysville in the next ten years the town will show a vast improvement. As it is the young men of the city are obliged to go abroad to earn a livelihood they might gain here and this annual going out about equals the population that comes to us. There is, therefore, little or no increase of numbers in the town. Let the establishment of industrial works be encouraged here, and there will soon be places for all who care to work, and no necessity for sending away the young and enterprising element of the community. This is something that ought to be seriously considered by all who have an interest in the future welfare of Maysville.

Black Bearded Centennial Wheat. Prof. C. J. Hall has sold fifty bushels of this wheat, and still has fifty bushels on hand at prices which are stated in our advertising columns. The grain is amber colored, remarkably hard and flinty and the yield has been very remarkable. To any one wishing to raise this wheat for seed is afforded a rare opportunity for making money. The demand has been so great where this was raised that it has been exceedingly difficult to secure even the small lot now offered for sale.

Maysville Division of the Home Guardian. A division of the above order was organized Thursday afternoon by the deputy Superintendent, President H. Baumgarten, of Cincinnati. The following officers were elected and installed:

President—Wesley Vicroy. Vice President—S. N. Nevell. Financial Secretary—S. P. Campbell. Med. Ex.—Amos G. Brownline, M. D. Executive Committee—S. S. Riley, M. C. Hutchins, Robert H. Overly, James Hendrixson and E. T. Hancock.

PERSONALS. Mr. C. S. Walker has removed his family to Augusta.

Mr. James Smith, Jr., who has been living in Texas for several years, is in Maysville on a visit to his father's family.

The following marriage licenses have been recorded in Brown county, Ohio, since our last report: Squire Johnson and Ann Smith. Riley McAdams and Mary A. Curry. B. W. Brittingham and Amanda Dryden. C. A. Brisland and P. E. Parkis. Adam E. Meeker and Rebecca E. Wardlow.

REV. M. D. REYNOLDS will fill his pulpit next Sunday. Only a few Sundays remain of this conference year, and much work is to be done in the short time. Let all the members be present.

Points for a Tragedian.

Washington Republic.

Christine Nilsson has been giving Henry Irving a pointer on America to the effect that "Way Down upon the Suwanee River" is our national anthem, and that she has made two seasons successfully on the strength of it. After this we need not be surprised to see Henry, after an encore for the solo song in "Hamlet," come down to the footlights and begin with the ortho-lox gurgle to pipe out: "Dar's where my heart and my lag eber, Dar's whar we ole folks stay."

Some actual occurrences in the emergency in Washington have not been much more absurd than this.

Be kind to your mother-in-law, and, if necessary, pay her board at some good hotel.
