Several horses were watered from it early in the morning before the family had occasion to use the water, and died immediately, thus saving the lives perhaps of all the family. HON. E. C. PHISTER.

Complimentary Action of the Lewis County Bar Association.

The following proceedings of the Lewis County Bar Association were presented to the court and ordered to be recorded:

At the recent June term of our Circuit Court there were disposed of forty-five ordinary and forty-one equity cases—eighty-six in all. There was but one civil case in which there was a jury sworn. There was not a civil case argued nor a single appeal prayed.

The result of the labor of the special Judge, Hon. E. C. Phister, was so gratifying to the members of the local bar, the visiting attorneys and the officers of the court, that they felt constrained to express, in some manner, admiration for the Judge and their approval of the manner in which he had dispatched the business of the court, and on Friday morning a meeting of the bar was held and the following proceedings had:

Upon motion, George T. Halbert was called to the chair and A. W. Eaton elected Secretary. Samuel J. Pugh, W. C. Halbert and W. L. Fitch were appointed a committee to draft and report resolutions expressive of the sense of the meeting, and at 11 o'clock the committee, by their chairman, S. J. Pugh, reported the following resolutions:

WHEREAS, At the present June term of the Lewis Circuit Court, owing to the absence of the regular Judge, Hon. A. E. Cole, it became necessary to select some to preside as special Judge; and whereas, the Hon. E. C. Phister, by the unanimous vote of the attending practicing attorneys of said court, was chosen for the purpose and fully discharged the onerous duties of the position; and now, at the close of his said labors, it being the desire of the officers and members of the bar to give some expression of their appreciation of his services aforesaid, therefore be it

Resolved, That it is the unanimous sense of this association that the various and important interests involved at the present term of this court have been, with pre-eminent ability, promptly and faithfully subserved by the Hon. E. C. Phister, acting in the capacity of special Judge, with commanding dignity, and yet with such deferential and refreshing courtesy. His official demeanor throughout the session has been such as to lighten and make pleasant the labor of officers and lawyers, while the impress of exact justice tempered for the unsuccessful litigant the effect of every adverse decision. With this humble and inadequate testimonial we hereby tender him the heartfelt thanks of this association.

The chairman then appointed Colonel George E. Roe, J. R. Garland and F. H. Hull a committee to wait upon Judge Phister and request his presence at the Court House. The Judge, appeared and after being informed of the action taken and hearing the resolutions read responded briefly and appropriately and with manifest emotion. Brief speeches were then made by Judge Thomas, W. L. Fitch, George E. Roe and others.

It was resolved that the proceedings be spread upon the records, and be published in the Vanceburg Courier and the Maysville papers, and the Secretary was directed to present Judge Phister with a copy of the proceedings.

THE news from Spain is a repetition of the statements of last year relative to the cholera outbreak in Marseilles. Thousands of persons are fleeing from the infected places; new cases are being developed in large numbers, and the disease is spreading westward. The disease has an early start this year, and too great care cannot be taken in every part of this country, to present as unfavorable a foothold for the disease as is possible.

Iron Versus Alcohol.

In doctoring sick people with alcoholic mixtures, the first mischief is that the fiery stuff burns its way through inflamed, delicate tissues which ought to be soothed and strengthened. Then the most sensitive part gives way, lungs, brain, or stomach, as the case may be. What the weak and debilitated need is Brown's Iron Bitters. Iron for enriching the blood; tonics for the general strengthening of the system. Mr. Thos. G. Daniels, Wadley, Ga., says, "I have used Brown's Iron Bitters, and advise all dyspeptic, nervous, low-spirited persons to do the same."

Without a good rain soon, the oat crop will be low, but it has good heads. There is more grass in many places this season than there is stock to eat it. The rye crop is very fine this year. Corn is of fine color and needs a little wetting. The weather has been cold and dry for some days past and the crops are suffering for rain. Clover hay is very fine this season and abundant, and there never was a better time for saving it.
