THE petition for a change of venue in the Sullivan-Broshears murder case was filed yesterday afternoon. The affidavits of W. C. Shackelford and James W. Sparks were also filed by defendants' attorneys.

He said, from his experience with it, he regarded it as the most reliable preparation in use for colds, and that it came the nearest being a specific of any medicine he had ever seen. For sale by Power & Reynolds, druggists.

Boucicault's Play

DION BOUCICAULT

The St. Louis Republic says: "That 'After Dark' is said to be from the pen of Dion Boucicault would itself imply some degree of merit. It is a melodrama much above the average, dealing, as the title would suggest, with the crimes that are committed and the deeds that are done 'after dark' in a big and wicked city. The somberness of the situation is happily received in a natural manner by the introduction of specialties as a part of the play itself. Thus in act four is represented the Elysian concert hall in London, a low resort, which is made the scene of an assault and subsequent attempt at murder, and this setting is made the excuse for the appearance of Sherman and Morrissey in their laughable trapeze act. Kelly and Murphy are clever sparrers, and give a very interesting exhibition, in which the give-and-take of boyd and fcs blows is earnest and unfeigned. The scenery is very good and the company is a competent one."

At opera house next Saturday night. Reserved seat tickets now on sale at Nelson's.

Kentucky Grit.

There was quite a lively fight on the ferry-boat Saturday evening. A young couple from Kentucky who had been married that afternoon, were en route home. It is said the groom had indulged in a little too much liquor, over the joyful event in which he had just been one of the principal characters. A dispute arose in regard to his fare, and one of the Brown boys sailed into him with his flats. The bride's father, Mr. Bailey, expostulated with Brown, when the latter undertook to annihilate the old man, but found he had picked up the wrong party. Bailey wouldn't be thrashed worth a cent, and but for the interference of others would have made sorry work for Brown. By the time bystanders had separated Bailey and Brown, Mrs. Bailey concluded to take a hand in the circus, and with a mighty sweep of her right arm, (woman-fashion) peeled Brown's skull with a rock. Her victim fell unconscious to the deck, and was carried up the bank after the boat landed, while the old lady laid off her sun-bonnet, rolled up her sleeves, and wanted to know if there wasn't some more Brown's to kill.—Portsmouth Blade.

A Wonderful Pear Tree.

Professor A. Frost has a wonderful pear tree at his home on Second street, Fifth ward. It is of the Bartlett variety. It bloomed last February, but the freeze came and the young fruit was killed. It bloomed again, and there is now some full grown fruit on it from these buds. But the remarkable thing about the tree is that in September it commenced blooming again, making the third time this year. It has now on it full grown pears, others about the size of marbles, and it is still in bloom. Some of the small fruit can be seen at this office.

Stable Burned.

Mr. Thomas B. Hughes, who resides near the old Slack Postoffice, had a large stable destroyed by fire at 2 o'clock this morning. It had just been completed and the loft was filled with hay yesterday. There were two buggies in it, and one of them was burned. The loss on the building amounts to about \$350. No insurance. It is not known how the fire started.

Death of a Centenarian

John Goodman died Monday near Miller's Station, Bourbon County, and was brought to Washington and interred. He formerly lived in this county, and had reached the remarkable old age of one hundred and three years at the time of his death.

A SPECIAL from Paris says John S. Smith, attorney for Mr. and Mrs. Wm. Hukill, Sr., has compromised with the Chesapeake and Ohio Railroad authorities for the killing of Lawrence Hukill, near Duckler's Station, Woodford County, in August. Deceased was engaged as messenger in the employment of the Adams Express Company. The parents get \$5,000 damages under the compromise.

A TOTAL LOSS.

The Fine Steamer Rainbow Destroyed by Fire at Cincinnati Last Evening.

At Cincinnati last evening at 6 o'clock the fine side-wheel steamer Rainbow caught fire and was entirely destroyed. She was placed on the ways a week or so ago for a general overhauling, and considerable work had been done on her. It was not learned how the fire originated.

The Rainbow was bought by Captain Chris Young a year or so ago, who secured her at a very low figure. Heran her in the Cincinnati and Pittsburg trade for a while, and afterwards on the lower Ohio. The White Collar Line purchased an interest in her and her last service was in the Pomeroy trade.

Captain Young refused \$20,000 for the steamer last week. She was insured for \$12,000.

For the Farmer.

W. H. McCoy, of Dover, bought a three-year-old brown colt by Curreney at Lexington for \$210.

Mr. J. J. Thompson, of Fern Leaf, had a valuable young horse to break one of its legs yesterday.

Fifty-five trotters, pacers and one thoroughbred brought nearly \$85,000 at the Parkville farm, New York.

Forty-six four-year-olds, thirty-eight three-year-olds and seven two-year-olds have made new records in the 2:30 list this year. This includes all performers of these ages, whether previously on the list or not.

At a recent sale of thoroughbred yearlings, held at Doncaster, England, a filly by Hermit sold for \$20,000, a filly by Scottish Chief brought \$19,400, a colt by Rosicrucian \$11,000, a colt by Macgregor, \$12,000.

The Railways

The net earnings of 115 railroad- from Jan. 1 to Aug. 31 were \$125,177,550, against \$117,816,684, an increase of \$7,360,866.

The earnings of the C. & O. for the second week of October show an increase of \$26,408.54 over those for the corresponding week last year. The figures are:

800.....	\$164,781.41
1889.....	138,673.90
Increase.....	\$26,107.51

Mr. J. T. Harrahan's friends are glad to learn of his election to the office of Vice President of the Illinois Central. He will have charge of the operating and traffic departments of that company. Mr. Harrahan was formerly General Manager of the C. & O.

The Railway Age says the track laid between January 1st and October 1st was distributed as follows: New England and Eastern group, 8 States, 38 lines, 462 miles; Central Northern group, 5 States, 27 lines, 338 miles; Southern group, 9 States, 65 lines, 1,443 miles; Southwestern group, 7 States, 36 lines, 638 miles; Northwestern group, 6 States, 23 lines, 644 miles; Pacific group, 4 States, 24 lines; 257 miles. The nine States, which may be classed as Southern, show by far the greatest activity.

MINER'S MAXIMS

A Good servant and a bad servant may look enough alike to pass for twins, but watch the difference in their service. Same with good and bad shoes.

Shoes look so much alike, though the grades are wide apart.

Why is it?

Why, they're made to look alike. It's the good coin that's counterfeited. You would not buy a poor shoe if it showed poor, of course; but it won't show poor till it's worn. Then service shows the shoe. Well, then, how's a man to tell?

He can't do it.

Only thing to do is to go where they always sell good shoes and are careful of their reputation. If ten thousand people have crossed the old bridge in safety, it's reasonable to suppose it won't break down with you. If ten thousand pairs of shoes bought at MINER'S have proved to be good shoes, the ten thousand and first pair are not likely to be bad.

See the point?

And, then, the good shoes don't cost a cent more than the other kind, when you buy them at MINER'S.
