

# CABINET CHANGES.

Secretary Proctor Leaves the War Department.

ALREADY LEFT WASHINGTON.

He Will Enter the United States Senate as a Successor to George F. Edmunds. Stephen B. Elkins Spoken of for the War Portfolio—Other Dispatches from the National Capital.

WASHINGTON, Nov. 6.—Secretary Proctor has gone to New England, and will not return to the war department as its actual head again, except to turn the office over to his successor. Governor Page has appointed him senator, and so it would not be proper for him to act as a cabinet member, although he really does not become senator until congress meets.

Now that Mr. Proctor has been appointed the president will give his attention to the selection of his successor in the cabinet. The president, however, does not intend to announce his appointment until the senate meets, and will send the resignation of Mr. Proctor and the name of his successor to that body at the same time. The president, however, intends to settle the matter before that time, and then save himself much embarrassment from senators and representatives who will call with recommendations, for he will then be in a position to say that the selection is made.

As to the statement that Mr. Stephen B. Elkins is to be lucky man, matters seemed to have changed in this regard. A cabinet officer who holds the president's confidence, and who is good authority on such matters, says that the president has not made up his mind, and when asked if it was likely that Mr. Elkins would be appointed he replied that he did not think the president has asked Mr. Elkins to accept the place. Nor did he think he would.

An official who is also close to the president went driving with General Harrison a few days ago, and put to him the question point blank if he was going to appoint Mr. Elkins to the cabinet. The president turned to him and said, "No."

VIEWED WITH DEEP CONCERN.

The Outbreak in Brazil Confirmed at Washington.

WASHINGTON, Nov. 6.—The department of state has received a cablegram from Minister Conger confirming the report of the dissolution of congress and declaration of martial law in Brazil. The disturbed state of affairs in Brazil is viewed with deep concern here, in view of the importance of American interests in that country and our close trade relationship with it.

There is reason to believe that the revolutionary movement is being fomented by a considerable party which seeks to re-establish a monarchical form of government in Brazil. Such reports as were received here during the past few months indicated a steady strengthening of the Republican feeling among the Brazilian people and while the news of the revolutionary movement causes much surprise, and will probably lead to the ordering of some of our naval vessels to points where trouble threatens, it is not generally believed the revolutionary element is strong enough to uproot the new republic.

Opened to Settlers.

WASHINGTON, Nov. 6.—The secretary of the interior has issued another order opening to entry, upon the homestead law, the surplus lands of the diminished Fort Assinaboine military reservation in Montana, aggregating 67,300 acres.

STRIPPED IN THE STRIP.

Town Site Scheme a Swindle Worked by Chicago Men.

WICHITA, Kan., Nov. 6.—President R. E. Dowell and Secretary L. A. Osborne, of the Cherokee Land and Town Site Company, were arrested at Ponca, I. T., Wednesday by United States troops. The direct charge is illegal entry into the Indian country, but the real intent is the expose of what is alleged to be one of the most rotten town site bubbles ever conceived. Dowell is said to have an office on La Salle street, Chicago, whence have been issued hundreds of thousands of circulars of the Cherokee Land and Town Site company, drawing attention to the alleged future capital of the Cherokee strip named Cherokee City. Thousands of lots have been sold to prospective inhabitants of the imaginary town site at the rate of \$2 each. The promoters of the scheme, Dowell and Osborne, will be handed over to the United States marshal, and, it is expected, will be prosecuted for fraudulent use of the mails and getting money under false pretenses.

Bank Successfully Robbed.

CALEDONIA, Minn., Nov. 6.—The Bank of Caledonia was robbed last night, a blacksmith shop being entered to secure the tools, the vault being next entered and a fine burglar-proof safe blown to pieces. It was the work of experts. About \$6,000 in cash was secured besides notes and other papers. The burglars next stole a fine team of horses and a carriage belonging to Asa Duprage, the head of the bank, and fled toward LaCrosse. Reports received say that they broke open a safe at Hotkuk on their way. Sheriff Drewly has a strong clew and with deputies is in pursuit.

DAMAGING DROUGHT.

Alarming Situation in the Southern Part of Indiana.

JEFFERSONVILLE, Ind., Nov. 6.—There is still no more prospect of rain than there was two months ago, and everybody views the situation with alarm. Wells, streams and ponds are completely dry in entire sections. Navigation on the Ohio river is impossible, and since the '50's nothing like this has been known.

The worst aspect is the damage to wheat and meadows. In many inland towns like Charlestown water is being sold. The cement factories near here are being supplied by the railways, else they would have to shut down.

For the Farmer.

Corn is selling at 40 cents a bushel, delivered, at Flemingsburg.

Several crops of new tobacco have been sold in Scott County at 10 cents.

J. H. Cooper, of Scott County, sold eighty-three hogs at 4 cents. They averaged 300 pounds.

D. C. Terhune sold seventeen of the finest mule colts in Mercer County to F. P. James at \$80 per head.

Calvert & Brannon bought 21 fat steers that averaged 1,665 pounds from R. C. Ambler of Fleming County.

John T. Hughes, of Fayette County, sold to Mr. Trueheart, of Galveston, Texas, a pair of three-year-old matched bay harness geldings, one by Messenger Chief, the other by Harrison Chief, for \$2,500.

Miss Mary Daulton is at home after a pleasant visit to her cousin, Mrs. C. G. Stewart, at Indianapolis.

A Happy Event.

FORT RILEY, Kan., Nov. 6.—At 9 o'clock yesterday evening Colonel Dallas Bache, U. S. A. and Miss Bessie Forsythe, daughter of General Forsythe, of Wounded Knee fame, were married at the post. Following the ceremony was a most brilliant reception at the Forsythe residence, and then the couple started for the Pacific coast on a wedding tour.

Dry Goods House Assigns.

GALVESTON, Nov. 6.—The firm of Weis Brothers, one of the largest wholesale dry goods houses in the state, made an assignment yesterday to Gus. Lewey for the benefit of his creditors. The liabilities will probably foot up \$175,000. The firm consists of Albert and Robert Weis, and has been looked upon as perfectly sound. The assets include the store property on the Strand and warehouse, the stock of merchandise, consisting of dry goods, boots, shoes, hats, etc., together with wares and merchandise now shipped and en route, which may be rejected or returned.

Regulators in Mississippi.

BIRMINGHAM, Ala., Nov. 6.—Passengers reaching here from Vicksburg, Miss., report that last night a band of twenty-five masked men, known as "Regulators," boarded the train at Lake, Miss., and took Bob Wallace, a colored sleeping car porter from the train. They led him to the woods with a rope around his neck. Nothing has since been heard of Wallace, and it is believed that he was lynched. On his previous trip Wallace assaulted Station Agent Gilmore at Lake.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had children, she gave them Castoria.

The Regulation of the Lobby.

The lobby is so universally recognized as an evil, and yet politicians seem so commonly to agree that it is a necessary one, that any efforts for its regulation must command the interest of all patriotic Americans. The recent experiments in this direction in Massachusetts are described in the November Forum by Josiah Quincy, the Democratic leader of the lower House of the Legislature in that State, who had a large share in preparing the act in question. Though the principles on which the law is based are quite novel in American legislation, and though it met with violent opposition, it has been amply justified by its results, in Mr. Quincy's opinion; and we may doubtless expect similar acts to be passed in other States before many years have gone by. Among other reforms, it has completely done away with the levying of blackmail on corporations by professional lobbyists.
