

EVENING BULLETIN

DAILY, EXCEPT SUNDAY. ROSSER & McCARTHY, Proprietors.

MONDAY, NOVEMBER 16, 1891.

Mr. R. A. COCHRAN, Jr., Maysville's faithful and efficient Collector and Treasurer, is a candidate for re-election.

Railroad News.

The Kentucky Midland, through its attorneys, has brought suit against County Clerk Whitney for a refusal to sign a call for Montgomery County bonds.

The standard code of train rules is now in use on 100 roads, operating 75,939 miles, and seventeen more roads, with 6,947 miles, will soon adopt it.

Says the Enquirer: "There isn't much doubt but that the Chesapeake and Ohio people will purchase from C. P. Huntington the Elizabethtown, Lexington and Big Sandy road, which extends from Lexington to Huntington, W. Va., a distance of 140 miles."

There is None Better.

Dr. R. L. St. John, of Howland, Putnam County, Missouri, takes especial pleasure in recommending Chamberlain's Cough Remedy, because he knows it to be reliable.

Pithy Points from Washington.

There's nothing that engages the attention of men that is one half so debasing and demoralizing as the rum traffic.

All the evil engendered by all other known causes does not equal by one half that brought about by the whisky traffic.

Rum factories, liquor stores and whisky shops are the very foundation stones of penitentiaries, jails, work houses and other penal institutions.

A city may contain gamblers, burglars, pick-pockets, thieves or highwaymen, but your concern is with the man whose business it is to dish out liquor to your sons.

The newly discovered process by which whisky is made at a saving of 20 per cent., does not mean a saving of boys, or life, or sorrow, or misery, or ragged and hungry children, or sleepless nights and wretched days for mothers awaiting the return of debauched and drunken sons.

Hints to Housekeepers.

Wash marble with ammonia and water. Do not let left-over tea or coffee stand in tin.

Never butter your pie plates, but dredge them lightly with flour.

Ripe tomatoes will remove ink stains from white cloth and from the hands.

Keep a rocking chair in the kitchen and you can snatch many moments of rest.

It is economy to have a plentiful supply of towels. You get more wear in proportion.

An easy method of removing mildew is to place the article in a warm oven for a few moments and then brush it.

In the ripening time of the year a great variety of fruit is obtainable, and if daintily served at table will save the housewife much labor of preparing food.

A tight shoe may sometimes be made easy by laying a cloth wet in hot water across where it pinches, changing several times. The leather will shape itself to the foot.

"Limited" Train

The question: Why is a "limited train" so called? which was satisfactorily answered in these columns recently by an officer of the Pennsylvania line, has been propounded by a New York paper to General Passenger Agent George H. Daniels, of the New York Central, who replies as follows:

- 1. It is limited as to its time. 2. It is limited as to the number of cars and weight of the train. 3. It is limited as to the class of cars. 4. It is limited as to the number and class of passengers permitted transportation thereon.

This last limit being adopted so that every passenger may have ample accommodation, and not be interfered with by other passengers. The fact that an additional fare is charged on a limited train, and, further, that nothing but first-class tickets are accepted for passage tends to limit the class of travel which is carried.

KENTUCKY CITIES.

Their Classification Under the New Constitution According to the Census of 1890.

The Commissioners appointed under the new Constitution to revise the Statutes have designated the class to which the principal cities of the State will belong, taking the census of 1890 as a basis.

Table listing cities and their populations under various classes (Second, Third, Fourth, Fifth).

Table listing cities and their populations under various classes (Second, Third, Fourth, Fifth).

The list in this class is not complete. Frankfort and Bowling Green are so near to the required population for the third class that the Commissioners will receive proof of population from the city authorities.

The population of Chester is between 1,200 and 1,500. If the contemplated consolidation with this city takes place it will not give Maysville the necessary population to place her in the third-class, according to the figures of the census of 1890.

Here and There.

Mr. Wm. Roth, of Dayton, O., is visiting his sister, Mrs. C. W. Bierley.

Mrs. Buckner Goodman left this morning to visit her relatives at Aurora, Ind. Miss Fannie Burrows is at home after a sojourn of a year or so at Ogden, Utah.

Misses Lillie Walther and Nannie Simons left Saturday to visit friends in Augusta.

Mrs. Brice Steele, of Bourbon County, is visiting Mrs. John C. Adamson, at "River View Terrace."

Mr. and Mrs. Herbert Reno and infant daughter, Frances, came down from Maysville last week, and are at home for the winter with Captain and Mrs. F. X. Reno, Kemper Lane, Walnut Hills.—Cincinnati Enquirer.

Says Chattanooga Times: "Miss Barkley, of Maysville, Kentucky, who has been much admired, and the recipient of many favors, while the guest of Miss Julia Leach on High street, returned home Friday."

River News.

The rise from the Kanawha and other streams will amount to two or three feet here.

The steamer Lizzie Bay is the first of the larger packets to resume business. She is due down this evening.

The Golden Rod will leave Cincinnati for Pittsburg, to inspect the Government lights as soon as there is sufficient water.

Among other articles of freight the M. P. Wells took into Cincinnati Saturday were 345 head of stock, 70 hogheads of tobacco and 100 sacks of grain.

OUR NEIGHBORS.

MAYSLEICK.

A cold wave struck us last Thursday and the weather has been quite cool and frosty since.

Bad Berry was down from Lexington last week to be present at the marriage of his sister, Miss Dora.

William Arthur, of Nashville, Tenn., with his wife, is here visiting his wife's relatives—the Dyes, Cliffs and Arburys.

On Tuesday at 1 p. m., the 10th inst., we had the long needed rain which has stopped the cry for water. Everybody and everything has plenty. The Lord in his own good time has supplied our wants.

Miss Peace Worthington, who has been visiting her brother, at Tollesborough, and A. G. Wilson at Clarkburg in Lewis County, returned home last week highly pleased with her visit. She also reports that Mr. Wilson will soon be down to visit his old friends.

W. R. Forman, with his lovely bride, left directly after the ceremony Wednesday evening, Nov. 11th, for Maysville, then on to Louisville and in the excitement he forgot and left his Watson slippers, and well enough, no doubt, as they were new they might have pinched his toes. J. B. H. has told you the balance.

PRISONER'S LAST HOPE.

Only the Governor of Ohio Can Save His Life. YOUNGSTOWN, O., Nov. 16.—William E. Fitzgerald, the murderer of Policeman William R. Freed, will expire next crime in the penitentiary annex next Thursday morning unless Governor Campbell grants him a longer lease of life.

The circuit court Saturday unanimously affirmed the decision of the court and jury below. Judge Lambie announced the opinion, stating that a careful examination showed clearly that Fitzgerald had been given a fair and impartial trial, and that there was no reason why the verdict and sentence should be disturbed.

After the decision Frank Jacobs, counsel for Fitzgerald, applied to the court for a suspension of the execution of the sentence to enable him to file a petition in error in the supreme court. The request was refused, Judge Lambie saying:

"The case has passed beyond the jurisdiction of the court and we have no power to interfere."

The decision of the court was received with general satisfaction by all classes, as the opinion prevailed that he had been fairly tried, and that he should be executed for the brutal murder of a brave police officer, who fell in the line of duty. Attorney Jacobs will go to Columbus to-day and appeal to the supreme court and the governor for a suspension of the sentence.

Horrible Discovery.

WASHINGTON, Ind., Nov. 16.—A few days ago Yardmaster Til Julian went to St. Louis, and while walking through a morgue in company with a friend who was searching for the remains of a dead friend, Mr. Julian identified one of the bodies as that of his brother William, whom he had not seen for several years. The dead man had been found in a room in a hotel, and he was unknown. A bottle half filled with morphine gave rise to a suspicion of suicide.

Mail-Box Robbers to Be Tried.

INDIANAPOLIS, Nov. 16.—Warrants have been issued by one of the federal commissioners of this city, for the return of "Sheeny" Armstrong, the mail-box robber, and a companion named Nelson, now in St. Louis, to this city, ostensibly for violation of the postal law. It is the understanding, however, that after reaching here both prisoners will be turned over to the county authorities to be tried for forgery.

Passenger Train Wrecked.

LIMA, O., Nov. 16.—A southbound passenger train on the Cincinnati, Hamilton and Dayton road was wrecked at this place Sunday morning.

Commendable.

All claims not consistent with the high character of Syrup of Figs are purposely avoided by the Cal. Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pretensions that every bottle will not substantiate.

The First Presbyterian Church of Covington celebrated its semi-centennial Friday evening, with appropriate services. Rev. John S. Hays, D. D., pastor of the First Presbyterian Church of this city, was present and delivered an address.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria, When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria.

THE MARKETS.

Cincinnati Tobacco Market.

(Friday.) The offerings were small, and the market held steady, no material change being shown from former days of the week. The common and low grades showed a good demand and sold well. Common and medium leaf was in fair request. Good and fine leaf, of which there was only a few bbls. were in active demand at full prices.
