COLONEL JOHN B. HERNDON.

Sudden Death of the Veteran Correspondent of the Bulletin at His Home in Desha Valley.

The sad news of the sudden death of Colonel John B. Herndon, the BULLETIN's veteran Desha Valley representative, will be learned with sincere sorrow by the readers of this paper and by his large circle of friends throughout all this section.

He was a sufferer from strangulated hernia and was compelled to take to his bed last Friday night. Yesterday afternoon about 4 o'clock he was suddenly seized with a hemorrhage of the stomach or lungs, which terminated in his death half an hour later. He passed away at his home in Desha Valley, and was consigned almost to the very last, leaving instructions as to his funeral.

Deceased was born at Mayslick, and was a son of Edward Herndon, better known in his day as Gov. Herndon. Colonel Herndon was sixty-four years of age, and leaves one son, Mr. Ed. H. Herndon, and one daughter, Mrs. Cal Arthur. His wife, who was a daughter of Wm. Forman, died thirteen years ago.

Colonel Herndon was probably one of the oldest newspaper writers in the State. His first work in this line was on the old Maysville Herald, published by Sprigg Chambers. He afterwards spent some time at Frankfort as Legislative correspondent of the Louisville Courier, or Louisville Journal.

For probably thirty years he had been a valued contributor to the BULLETIN, and a very liberal one too, especially since the daily issue of the paper was started. He was an excellent writer, having an easy and pleasant style peculiarly his own. His pen has recorded more deaths and marriages and other events of local interest than that of any other newspaper writer in Kentucky, probably. His last contribution to the BULLETIN was the interesting historical sketch of Shannon Church and cemetery published this week.

His funeral will occur at Shannon Church at 4 o'clock this afternoon, and the remains will be laid to rest in the cemetery at that place. He requested that no sermon be preached, simply that Rev. F. M. Tinder, of Mayslick, should offer a prayer.

Colonel Herndon's father kept a tavern in Paris early in the '30's and about 1840 moved to Mayslick, and kept a hotel and was postmaster there for years.

FIRE AT SHANNON.

N. and D. Watson's Store Destroyed Wednesday Afternoon—The Loss and Insurance.

N. and D. Watson's store at Shannon was destroyed by fire yesterday afternoon about 4 o'clock, together with all of the contents. The building was struck by lightning.

The loss is a heavy one, as everything was burned, even the books of the firm. The building was valued at about \$2,500, and the stock of goods at \$4,000 or \$5,000.

The stock was insured for \$1,500 in the Royal, Duley & Baldwin, agents, and the building for \$600, in the Phoenix of Brooklyn, Dr. John T. Fleming, agent. The firm consists of Mr. D. Watson, of this city, and Mr. N. Watson, of Shannon.

His body had not been recovered at last accounts.

A Card of Thanks.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without results everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottle at J. Jas. Wood's drug store. Regular size 50c. and \$1.

IN affirming the case of the Glenny Glass Company against Taylor, from Bracken, the Court of Appeals says: "Where a promissory note executed in this State is made payable in another State the law of the latter State determines its validity and interpretation. Therefore a note executed in this State and made payable in the State of New York providing for the payment of a greater rate of interest than 6 per cent. is void, because the laws of the State of New York provide that all such writings shall be void."

THE HIBERNIANS.

Proceedings of the State Biennial Convention—Mr. W. T. Cummins Chosen Treasurer.

The State biennial convention of the Ancient Order of Hibernians was held at Louisville Tuesday. About sixty-five delegates were in attendance from various parts of Kentucky.

The election of officers, resulted as follows: Patrick Holly, Louisville, President; James Coleman, Louisville, Secretary; W. T. Cummins, Maysville, Treasurer.

The next biennial convention will be held in Covington in 1896.

The convention closed with a banquet Tuesday night at National Park. Mayor Henry S. Tyler of Louisville made the opening address.

The Courier Journal says: "Mr. Martin A. O'Hare, of Maysville, made the next speech, which was one of the best. After addressing himself in his introductory remarks to his fellow-members, and complimenting them on the success of the Hibernian Order, he spoke at some length of the Irish in America. The mere fact of foreign extraction in the citizen is no bar, he said, to his loyalty to the Government of the United States. Not less loyal and not less American than any other is that element of the American population which comes from Ireland."

The Commercial says: "Probably the most finished address of the evening was that delivered by Mr. Frank O'Donnell, of Maysville. Mr. O'Donnell is a native of Mason County, and is a practicing attorney in Maysville and is the Democratic nominee for County Attorney in Mason County. Mr. O'Donnell prefaced his remarks with a review of the delicacies of the feast about to close, and then traced the rise and fall of letters from the time of Virgil through the various fortunes and misfortunes down to the present day. He paid particular tribute to the work of Irishmen in the field of letters. In the body of his address which followed, his remarks were particularly happy."

The Maysville delegates arrived home last night.

MR. HIRAN CARPENTER, formerly of this city, now of Bourbon, had a large barn destroyed by fire a few nights ago, together with a large quantity of tobacco, hay and farm implements. A BULLETIN correspondent met a gentleman recently who was within a few feet of General Pat Cleburne when he was killed at Franklin. He fell with his horse's forefeet across the headlog of the the Federal breast works. The gentleman related that so soon as Cleburne fell he saw a soldier go to his saddle pockets and take out a roll of greenbacks which, when counted, amounted to \$1,300, and he also took out a package of Confederate bills as large as a man's leg. General Cleburne was the one who is said to have had a premonition of his death on their approach to that fatal field, and selected a spot to be buried.

THE Bee says the officers of one of the Ripley churches are seriously considering a plan whereby the loafing of young men in the lobby of the churches can be avoided. It has been suggested that a slate be hung in the vestibule so that the young ladies of the city may register before entering the place of worship. The young men who are in the habit of coming around just before the close of service could then consult the slate instead of continually annoying those inside by opening the doors to ascertain if the girls are inside.

In addition to Mose Daulton & Bros.' already most complete stock of latest style livery vehicles, they have added (the riding and driving season being at hand) one very fine wagonette of the tally-ho design. This coach will seat eight people and the compactness, lightness and beautiful design make it a desirable club or summer resort vehicle. This, in addition to two very fine light buggies, was purchased of the well and favorably known Maysville Carriage Company. To complete their stock of first-class livery turnouts for the summer, they have purchased from the Melbourne, (Ky.) Carriage works, (John Miller & Co. proprietors) three fine vehicles, viz: one fine pleasure wagon, one nice piano-box buggy, best make, and last, but not least, one of the latest design tan phaetons. The running gear of this phaeton is painted prim rose, yellow striped, with fine and wide carmine lines. The trimmings are maroon leather, and the mountings are nickel plated. The design is entirely new and very handsome.
