No wonder the volunteers are petitioning to be mustered out. A government that is able to properly care for its sick and wounded soldiers and fails to do so won't have a respectable army very long.

LET THE FACTS BE KNOWN.

The latest from Washington City is that the War Department is preparing for an extraordinary court martial. There is no official in the department who does not believe either that Gen. Miles has already demanded an investigation, or that Secretary Alger will ask for a court martial as soon as Gen. Miles arrives in this country. Army authorities say that Secretary Alger or Adjutant General Corbin must demand an official investigation of the charges made by Gen. Miles, or by their silence confess the truth of the charges. In the opinion of the same experts Gen. Miles has laid himself subject to a court martial by his criticisms of the War Department. His friends, however, say he has taken the action with open eyes and is forcing the fighting.

In general terms, an army officer is not permitted to criticize, or blame a superior officer. Gen. Miles has, according to alleged reports in the Kansas City Star, accused the War Department of garbling and suppressing his messages.

If the published interview is true, General Miles certainly has strong grounds on which to base his charges. It is claimed that before he left for Cuba there were published orders that he had given to Gen. Shafter for the capture of that city. He gave them after consultation with President McKinley. In no case were his orders followed. When Miles arrived at Baiquiri and started to the front, he went as Commanding General of the armies of the United States. The first disobedience of orders that he saw was the occupation of the houses of natives at Siboney as hospitals. These he ordered burned at once. Then he ordered convalescent soldiers to care for the helpless and sick. As the Commanding General of the army, he was trying to remedy the mistakes of his inferior in command. It was then he was met by the order from the War Department that Gen. Shafter was supreme, and he ceased to sign his telegrams as "Miles, Commanding."

Another sensational charge that he makes is that an official of the War Department gave out for publication the point at which he would land his Puerto Rican expedition, thus disclosing his plans to the enemy, and forcing him to change those plans. It is broadly intimated that the plans were thus made public that Miles might be harassed in landing in Puerto Rico. In other words that some one in the Department was endeavoring to throw obstacles in his way and make his campaign a failure.

Pork Packing and Provisions.

[Cincinnati Price Current, August 25th.]
There is not much change in the current movement of logs in the aggregate. The Western slaughtering for the week has been \$10,000, compared with \$05,000 the preceding week and \$35,000 two weeks ago. For corresponding time last year the number was 285,000. From March let the total is 10,175,000, against 8,790,000 a year ago, an increase of 1,385,000. Prices have averaged a little lower than the preceding week, closing slightly higher than a week ago.

The first woman to be elected president of a national bank in Maryland is Mrs. Evelyn Tome, widow of Jacob Tome, the millionaire philanthropist. She is a very beautiful woman, and was many years younger than her husband, by whose will she acquired 791 shares of stock in the Cecil bank at Port Deposit, Md. Jacob Tome founded the bank, and was its president for many years. The other directors elected his widow to succeed him. She is also one of the executors of her husband's will, and assumes the active management of an estate valued at \$4,000,000. Mrs. Tome was the daughter of Henry Nesbitt and a graduate of Wesleyan college. Tome was an octogenarian when he died. His widow is but 40 years of age.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

BOONE DAY

To Be Observed Throughout Kentucky on October 21st.

The Rebecca Bryan Boone Chapter D. A. R., of Covington, is making preparations to agitate the celebration of Daniel Boone Day in all the schools throughout the State of Kentucky.

The allotted day is October 22nd, but as that day this year falls on Saturday, Friday, October 21st, has been selected.

Special programmes, embracing patriotic songs and recitations, will be rendered by the pupils; also, short talks on Daniel Boone by the teachers. Collections will be taken up and the proceeds used in restoring the Boone monument in Frankfort, which has been greatly marred and defaced by relic hunters.

The committee on the reconstruction of the monument consists of Col. R. F. Durrett, of Louisville; Col. H. F. Farny, of Covington, and General D. W. Lindsey and E. L. Samuel, of Frankfort.

The cost of the work is estimated at \$2,000. First a fence will be placed about the monument, to protect it from future injury, and the Italian bas-reliefs will be replaced by bronze panels and the rest of the work restored in the original material.
