WEATHER FORECAST.—Generally fair Thursday; fair and cooler Friday; variable winds.

We've been having a hot time lately, but just wait until the campaign opens in this State.

REPUBLICANS are jollying ex-Governor Brown and telling him what a patriotic fellow he is to enter the lists against Goebel. They know they haven't a ghost of a show unless they can split up the Democratic vote.

EX-GOVERNOR BROWN announces that he will be only too glad to head an anti-Goebel ticket. He has been anxious to get back into the Governor's chair at Frankfort, but his party has failed to manifest a disposition to help him along.

The State's attorneys in Illinois have been directed to proceed against 20,000 corporations which have failed to report to the Secretary of State according to the anti-trust law of 1898. The corporations will now raise a cry that they are being persecuted. No use having laws, however, unless they are obeyed.

HAVEMEYER has brought down the wrath of the Republicans on his head by the declaration that the "tariff is the mother of all trusts." They now threaten to get back at him by abolishing the tariff on refined sugar. Maybe if he will plank down a big sum for their corruption fund they will be easy on him.

The leading journals of the United States demanded Alger's resignation as Secretary of War. The President maintained there was no reason why he should go; but the day after The London Times "jumped onto him," his resignation was called for by the President. Our Republican friends seem to have great respect for the wishes of our English cousins.

DISEMPLOYMENT AND THE TRUSTS.

"In the town of Fairmount, near Cincinnati, the people are now experiencing a taste of the good things which the great system of trusts has in store for the people everywhere," says The Public of Chicago. "At Fairmount there has been in steady operation for twenty years a barbed wire fence factory employing some 500 men. This factory having fallen under the control of one of the steel trusts that concern now clothes it down. The trusts acquired the factory for that very purpose. The shut-down was not occasioned by an over-supply of barbed wire fencing; it was ordered with the intention of creating an under-supply. Of course the 500 employes have been thrown out of work, and some of them who voted, either willingly or under coercion, for the 'advance agent of prosperity' two years and a half ago, are doubtless wondering whether closing the mills really has any virtues in the direction of opening the mills.

The disemployment of these 500 men at Fairmount is chiefly notable because it happens to be concentrated in its effects. There is nothing else peculiar about it. In a more scattered way that same thing is going on all over the country. Under the trust regime not only mechanics, but salesmen, clerks, bookkeepers and small business men are being crowded into the growing army of the disemployed."

Volcanic Eruptions

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them. Also old running and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains, best pile cure on earth. Drives out pains and aches. Only 25c a box. Cure guaranteed. Sold by J. J. Wood & Son, druggists.

Mt. OLIVET will vote on the local option question August 22nd.

THE BIG THREE.

Congressman Pugh One of a Trio Who Will Manage the Republican Campaign in Kentucky This Fall.

LOUISVILLE, July 25.—Senator Deboe has finally met a political Waterloo. The manager of the Lexington convention received a decided setback at the meeting of the Republican State Central Committee at the Louisville Hotel to-day. George W. Long, of Grayson County, was named for Chairman of the Executive and Campaign Committee, therefore Senator Deboe will not be able to do as he promised, and show the public "how he's a-goin' to run his campaign."

The other members of the Big Three are James F. Buckner, of Louisville, and Congressman Pugh, of the Ninth district. This committee is authorized to select an Advisory Committee consisting of one member from each Congressional District, and to elect its own officers and clerks.

The committee remained in executive session for nearly two hours. The members said after the meeting that the campaign would begin about August 15, and that the headquarters would be at Louisville. It was also announced that General Taylor himself would take the stump. In response to a question as to whether or not there would be any joint debates with Democratic nominees General Taylor said: "That matter hasn't been discussed at all."

One noticeable thing about the meeting was the absence of Hon. George Lieberth, of Campbell County; Hon. R. P. Ernst, of Kenton County, and all the Bradley-Comingore and Collier men who have heretofore labored for the success of the Republican ticket.

The Campaign Committee met to-night in the room of Attorney-General Taylor at the Willard Hotel. George W. Long was made Chairman and Captain James F. Buckner Secretary. It was decided to locate the headquarters of the committee in this city. Those present besides the committee were Attorney-General Taylor, Congressman Pugh, Senator Deboe, John Marshall, Judge Pratt, Postmaster Baker and Collector Sapp. The conduct of the campaign was discussed at length, but nothing definite was decided on.

River News.

The Gate City is off the Covington docks.

The Avalon will pass up this evening for the Kanawha.

The Sunshine for Pomeroy to-night and Stanley down.

The Government will have a \$38,000 steel snagboat built at the Jefferson ways.

Captain Oscar Barrett has gone to Paducah to see what can be done with the sunken Charley McDonald.

The rains this week extended to headwaters, and as a result the Keystone State will pass up to-night for Pittsburg.

The City of Pittsburg will enter the Cincinnati and Louisville trade next Monday and will carry passengers for \$1. The White Collar line packets now charge \$5 for the round trip, and a hot fight will be made against the Pittsburg.

It is more than likely that a handsome new boat will be added to the Louisville line in the near future. Captain Laidley and his associates are seriously considering the construction of a craft that will be by far the handsomest steamer that ever traversed the placid waters of the Ohio. In speaking of the project, Commodore Laidley said that such a move had been under consideration, but that no definite determination had been reached. It is proposed to construct a steamer that can be used as an auxiliary to those now in the Louisville service and at other times as a pleasure craft for excursions, picnics, &c. The idea is to build the new boat out of the old Boston, whose machinery was of the finest and which is still in splendid condition.

EX-SENATOR BLACKBURN

Will Head the Democratic Committee—Other Members Not Selected Yet.

FRANKFORT, Ky., July 25.—At the conference of the Democratic leaders here to-day, the following were present: Senator Joe Blackburn, Wm. Goebel, J. C. W. Beckham, S. B. Hagar, Colonel R. J. Breckinridge, I. B. Nall, Allie W. Young, Sam Shackelford, C. C. McChord and Urey Woodson.

Chairman Young appointed Senator Blackburn Chairman of the Campaign Committee, and he accepted the post. Suggestions as to the other members of the committee were made by Chairman Young, but no further selections were actually made.

The question of opening the campaign earlier than September 1 was discussed, but no change was decided on, though it may be done. Plans for the campaign were discussed, and partially agreed on, and all the members of the conference are pleased over the prospects for a brilliant victory in November.

MR. CAREY AMBLER, it is reported, is thinking of selling his fine place in Virginia to which he moved not long since, and going to Illinois.

MISS MARY INGLES, a popular young school teacher of Cynthiana, was adjudged insane and ordered committed to the asylum at Lexington. Overstudy brought about her condition.

A CATFISH weighing over 100 pounds was found dead in the Scioto river near Waverly last week. Fourteen hooks were found imbedded in its mouth, showing that it had had several battles for liberty.

SATURDAY, Aug. 5th, at 2 p. m., the old Russell homestead on the east side of Sutton street, between Second and Third, will be offered for sale at public auction by Mr. W. W. Ball, administrator, &c., of the late Mrs. Mary A. Russell.

MURPHY, the jeweler.

CAPTAIN ED. BOOTH has resigned as Deputy Warden of the Frankfort penitentiary to enter the service of the whisky trust. The Prison Commissioners will elect his successor Tuesday. John Punch, of Mt. Sterling; Charles Norris, of Lancaster, and R. H. Hearne, of Scott County, are candidates.

THE gross earnings of the Louisville and Nashville road for the month of June were the largest in the history of the company, and those for the present month, if they continue as large for the last week of the month as for the first three weeks, will exceed the June earnings and establish another new record.

SOMEWHAT of a surprise occurred at Cynthiana Tuesday night when Miss Lillie Dale, daughter of Hon. W. S. Dale, and B. O. Gaines, editor of the Georgetown News, were united in marriage by the Rev. Buckner at the home of the bride. The event had been hinted at, but no one knew it was so close at hand.

THE famous showman and clown, Dan Rice, married the widow of Bob Greathouse, formerly of this county, who went to California in '49, thence to Texas where he owned a large body of land. Dan and Mrs. Rice spend their summers in Texas and winters in New York, his native State.

SUIT was filed at Versailles Wednesday by Rev. R. L. Bowmar, former pastor of the Baptist Church, against Thomas Seller, Vice President of the Harris-Seller Bank, for \$40,000 damages. Bowmar charged Seller with saying that Bowmar was drunk in his pulpit. Seller is a Deacon in the Baptist Church and an uncle of Bowmar's wife.

LLOYD TRAVIS, the multi-millionaire, whose death is announced at San Francisco, was a native of Kentucky, and was closely related to the Greathouse family, who many years ago lived near this city, on the Mt. Sterling pike. A daughter of Travis was married to Owen Breckinridge, son of John C. Breckinridge, but the marriage proved an unhappy one and they were divorced.

AT Ripley Joe Foerder was accidentally shot in the head with a flobert rifle. The injured boy instructed his little brother to bring him the rifle so that he could shoot some sparrows. By some unknown means it was discharged, the ball taking effect in Joe's forehead, just above the right eye, the ball passing into the brain. Part of the bullet was removed and he was still alive at last accounts.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c a bottle at J. J. Wood & Son's drug store.

D. HUNT & SON.

An Honest Sale of Clothing.

On account of so many firms resorting to the scheme of saying they are selling out and never doing it, has caused the people to lose confidence in such sales, and who can blame them? (This is one reason we call this an honest sale). We inaugurated a system two or three years ago of selling out all our surplus stock once or twice a year, as the occasion demanded, and find while we lose quite a neat sum of money for a while, it pays us, in the end, to do it, for it keeps our stock ever fresh and clean. No old stock for us. We know by the result of our business career during the last few years that the people have not lost confidence in our sales, for they increase in volume each succeeding one. This honest sale of the best Clothing will commence the first day of August and continue during the month.

THE MEDICAL SOCIETY.

Interesting Report by Dr. Adamson of a Case of Gunshot Wound—Program for the Next Meeting.

The Mason County Medical Society held its regular monthly meeting in G. A. R. Hall yesterday. The attendance could have been larger; the absentees were losers.

The interest was general, but centered, as always, in the regular essay. This was by Dr. H. K. Adamson, in the way of report of a case of gunshot wound of thigh, with wound of femoral artery, and subsequent amputation below the knee. The discussion took wide range, bringing out much personal experience in similar conditions, and was participated in by most members present, to some extent. The running comment was productive of genuine good feeling, and did much towards making this one of the most pleasant meetings thus far.

Dr. J. A. Reed was chosen essayist for next meeting. In addition, the racial effect of amalgamation between white and colored citizens, will, at suggestion of Dr. A. N. Ellis, be open to discussion. The program for Wednesday, Aug. 30th, is a promising one and the occasion should be improved by all the members.

PASTURES are very short in some parts of the county, as a result of the recent dry spell.
