

The Bee Hive

The Best 50c. Linen Skirt at 39c.

You have often paid 50c. for a skirt not the equal of these. We have known them to sell elsewhere for 75c. They are made of heavy linen and have a full three and a half yard sweep. These skirts are not "skimmed." They have a "hang" about 'em that shows they were built by makers of well-fitting skirts. Merely to avoid summer dullness, we've marked 'em 39c. A regular \$1.50 White Pique Skirt is marked 98c.

Newly-Arrived 15c. Lawns Are Now 10c.

Your advantage in having our buyers visit New York City is well shown in this newly-arrived lot of Lawns. They come in dainty Dimities, exquisite corded Mulls and Muslinettes. The patterns are the very latest shown in the Eastern markets. Your saving is just 5c. a yard, for they're marked 10c. instead of 15c. Those 10 cent Lawns at 6c. are selling like the proverbial hot cake. You had better come quickly.

Great Bargain in Ladies' Night Gowns.

This was a most fortunate purchase, indeed. These Gowns were made to sell at 75c. There were just thirty dozen. We took them all at a price which, with a small profit, sells them to you at 49c. They are made of soft, sheer Cambric and trimmed with superb Swiss embroidery and insertion. Do you need a gown? Here's one to your great saving at 49c.

INVENTIVE GENIUS.

A Maysvillian Who Has Been Granted Four Patents and Has Applied for a Fifth.

Elsewhere in to-day's issue brief mention is made of the fact that Mr. C. A. White, of this city, has been granted a patent for a gig saddle.

This is the fourth patent Mr. White has secured, and he has applied for a fifth and will likely be granted that too in a short time.

Mr. White is a harness maker and all his patents are for articles used in that line of business. His first invention was a reversible gig saddle, then he got up an improved trimming for harness, and a billet or stamp clamp for saddles. His last patent, issued this week, is for an improved reversible gig saddle. In addition to these, he has invented a bow overcheck device and has applied for a patent on it.

Mr. White is a native of Dutchess Co., N. Y. He came to Kentucky some years ago, and has been a resident of Maysville two years. He has been employed at Messrs. Klipp & Brown's saddle and harness establishment for some time, and that firm has secured a half interest in his improved reversible gig saddle. That it is a good thing is evidenced by the increasing demand for it.

Mr. White's overcheck device is also a big improvement over the old arrangement, and will undoubtedly meet with a big sale.

THE STATE GUARD.

Maysville Trying to Secure the Annual Encampment of the Second Regiment.

[Lexington Herald.]

An effort is being made by the citizens of Maysville to secure the annual encampment of the State troops. The Second Regiment will doubtless be the only regiment that will go into camp this summer, as it is the only one that has been mustered in.

A committee of citizens appointed by the Board of Trade at Maysville called on Colonel Williams Tuesday and laid the advantages of Maysville before him and asked his assistance in securing the regiment. Colonel Williams promised to give the matter his attention and use his influence with the Governor to have him designate Maysville as the city for the encampment.

The committee also went to Frankfort to lay the matter before Governor Bradley and Adjutant General Collier.

The BULLETIN has known of this matter for some time, but for good and sufficient reasons it has been kept quiet.

A HEADQUARTERS detective is investigating a case which is not only peculiar but pathetic. The story was reported by Miss Kittle Turner, the charming young daughter of George W. Turner, deceased. At the time of his death Mr. Turner held the position of assistant city chemist. He overworked himself during the recent smallpox epidemic and finally contracted a cold, which resulted in his death. Naturally his death was a great shock to his widow. Some two years ago Mrs. Turner gave a tintype photograph of her husband to one of those "photo enlarging" companies. It was the best picture she had of her husband. When she received the enlarged picture she was not satisfied with it and returned it. Since then she has been trying to secure the tintype without avail. It was not until after her husband's death that she made a decided effort to recover the tintype, but the company paid no attention to her repeated requests. She wants the police to aid her in recovering the picture.

The above is taken from the Cincinnati Times-Star, and is verified every few days at our studio. Moral: Don't give your orders to agents. Leave them at CADY'S ART STUDIO, where the original picture will be safe and the enlarged picture will please you.
