It is given out that the President of the mammoth steel combine is having a private car built that will "eclipse anything of the kind ever constructed." Well, why shouldn't he? The people will foot the bill eventually, so he needn't care for expenses.

JUDGE ALBERT DOUGLASS in a speech before the recent Republican Judicial convention at Chillicothe, said:

"If the Republican State convention fails to take a stand against trusts, there are breakers ahead of us. The coming contest in Ohio will be a memorable one, and I am going to talk right out in this convention and say that when the polls close next November the Republicans of Ohio will know that they have been in a fight."

Ohio Democrats are a plucky set. No matter how crushing their defeat, or how often they lose, they are always ready to give the enemy the stiffest fight possible.

TARIFF RETALIATION.

"No thoughtful man can fail to observe the startling signs of an approaching war of retaliatory tariff by combined Europe against the United States," remarks the New York Journal. "Notwithstanding the obvious peril of the situation, the high protectionists of the United States jeer at all prophets of evil and jauntily declare that the governments of Europe can not afford to levy destructive duties upon our manufactured goods because they would thus deprive their subjects or citizens of the right to buy in the best and cheapest market. Nearly all of the commercial treaties of the United States with the leading nations of the world will expire in the same year, 1903. It is notorious that our great rivals are preparing to revise these treaties on hostile lines. Is there no statesman powerful enough and wise enough to arouse the nation to a realization of the coming international struggle?"

Politics in Army Appointments.

There will be surprise and indignation over the story from Washington that 100 enlisted men in the regular army who have passed examinations for Second Lieutenancies will have to wait for appointments till the outside applications are disposed of. This is not the way to stimulate enlistments. And it is not the way to be fair.

A JUST COMPLAINT

About the Prolonged and Continuous Ringing of the Fire Bells.

Dear Editor: Is there any reason for such prolonged and continuous ringing of the fire bells as occurred last night? When the bells have sounded the alarm for a reasonable length of time and the "fire-ladders" have been summoned to their posts, as common justice to those who may be ill in the city, cannot the bells cease their clamor? Many who are very ill are frequently made much worse by such unnecessary confusion and noise.

In the interest of those so disturbed I appeal to those having the matter in charge that consideration for such cases will lead to a different method of sounding the alarm in the future. Sincerely,
A SUBSCRIBER.

Owingsville Lawyer Tendered a Fee of \$100 When He Expected to Charge About \$2.50.

[Owingsville Outlook.]
One day last week a strange gentleman came to town and called at several lawyers' offices, but the attorneys were out. Finally his practiced eye discovered the office next door to the Outlook office and the owner in. He stepped in and briefly stated his case. He was agent for a Canadian lumber company and had bought a lot of timber in this county for the company. However, the company rejected it. He wanted to know of the attorney what the law was. The attorney promptly turned to the statutes, showed him the law on the question and wrote him four or five lines. If he had been asked to name the fee he would probably have said \$2.50, but the stranger didn't ask. Instead, he drew out a hundred dollars and handed it to the attorney, saying he wanted him to conduct his case and if necessary to go to Canada to do it. He left the attorney in a trance.

Jim Allen's Snake Story.

[Cynthiana Democrat.]
Eugene Hutchings tells us of a rattlesnake in Nicholas County that certainly proved its gratitude by its works. A gentleman in driving along the road saw a large snake poised as if floating in the air. Investigation showed that a bowler had fallen on the snake's tail and held it a captive. The man rolled the stone away and went on his way. Soon he discovered the snake was following him. He stopped, when the rattler wrapped itself around his legs, and by fond caresses showed it appreciated what he had done. It went on home with him to Carlisle and soon became a family pet. It coiled itself on the bed at night, and so secure did everybody feel that doors were left unlocked, windows open, without any intruders at all.

One night the gentleman awoke to find the snake missing from the bed. He at once jumped up, knowing that something was wrong. He began searching the house, and when he got down to the kitchen there, sure enough, was where the rattler was proving its eternal gratitude. It had coiled itself securely around the leg of a burglar and held him in the room, with its tail sticking out the window, rattling for a policeman.

NO HUMBUG HERE.

Maysville Endorsement is What Counts With the Maysville Public.

You can't fool the public all the time. They will find you out at last. Every time a man is fooled another skeptic is made. Many the remedy that makes the skeptic.

Because it fails to keep its promises. Doan's Kidney Pills bring renewed reward. They cure the skeptic. Plenty of proof of this at home. Maysville proof for Maysville people. Here's a case of it:

Mrs. J. A. Thomas, of 311 East Second street, says: "The result of my experience with Doan's Kidney Pills was most gratifying and their use brought speedy relief to backache which had been a source of much discomfort to me for some time. It is a pleasure to endorse a remedy of such proven value. I procured Doan's Kidney Pills at J. Jas Wood & Son's drug store, corner of West Second and Market streets.

For sale by all dealers; price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

This Would Cause an Earthquake.

[Georgetown, O., News-Democrat.]
A young fellow passed through this place Monday on his way from Alexandria, Indiana, to Salt Lick, Kentucky, in the Southeastern part of Bath County, with 400 quarts of nitro-glycerine in his wagon. Railroads refused to handle the stuff and this was the only means of getting it to those who had purchased it. It is to be used in shooting oil wells which are being bored in that region. The young man received \$4.50 a day and expenses for transporting the stuff. It was packed in cans, and the cans in boxes. Each can rested on a spring and each box on springs and the whole was placed in the bed of a spring wagon. Concussion discharges nitro-glycerine and the utmost care is necessary in transporting it. The driver remained over night in this place and left his wagon north of town, near the Confidence cemetery.

Old Soldier's Experience.

M. M. Austin, a Civil War veteran, of Winchester, Ind., writes: "My wife was sick a long time in spite of good doctor's treatment, but was wholly cured by Dr. King's New Life Pills, which worked wonders for her health." They always do. Try them. Only 25c. at J. Jas. Wood & Son's, drugstore.

Governor Beckham has appointed fifty delegates to the Southern Industrial Convention to be held in Philadelphia in June. Among them are Henry Watterston, Chas. P. Weaver, Gen. John B. Castleman, N. M. Uri and James E. Buckner, Louisville; Mayor Duncan, Lexington, ex-Governor J. Proctor Knott and John W. Yerkes, of Danville.

Tom Johnson, the new Mayor of Cleveland, has ordered the "Keep off the grass" signs removed from Cleveland's parks. He said: "What's the use of having parks that people may only look at? If these people whose business it is to keep the parks green and pretty can't do it we'll get others who can. But the people are going to walk on the grass if they want to."

Mr. F. Stanley Watson, State Auditor's Agent, through his attorneys, Judge A. E. Cole and Judge Power, has filed suit in the Mason Circuit Court against County Judge Newell, asking that a mandamus be issued compelling him to entertain jurisdiction of the suit recently filed to force the C. and O. to list its franchise and lease of the M. and B. S. railroad for taxation. As mentioned Friday, Judge Newell dismissed the case against the company, holding he had no authority or jurisdiction in the matter.

At the Southern Presbyterian General Assembly, in session at Little Rock, Ark., Rev. J. E. Jones, Chairman of the Standing Committee on Sabbath Schools and Young People's Societies, submitted a report showing that seventy-five Presbyteries are represented in the church, 2,173 Sunday schools and 142,000 scholars. The report shows that \$92,000 was received during the year from the Sabbath schools for all causes, and indicates an increase in schools, officers and teachers, but a decrease in the number of additions to the church from the Sabbath schools.
