BORN.—In Flagstaff, on April 9, 1894, to the wife of C. A. Bush, a son.

A MARTYR TO INDIGESTION Cured by Using Ayer's Sarsaparilla

Words of Comfort to All who Suffer from Dyspepsia.

"For years, I was a martyr to indigestion, and had about given up all hope of ever finding relief, as the complaint only seemed to grow worse instead of better, under ordinary treatment. At last, I was induced to try Ayer's Sarsaparilla, and I hereby testify that after using only three bottles, I was cured. I can, therefore, confidently recommend this medicine to all similarly afflicted."—FRANKLIN BECK, Avoca, Ia.

"I am personally acquainted with Mr. Beck and believe any statement he may make to be true."—W. J. MAXWELL, Druggist and Pharmacist, Avoca, Ia.

"I have used Ayer's Sarsaparilla for general debility and, as a blood-purifier, find it does exactly as is claimed for it."—S. J. ADAMS, Ezzell, Texas.

Ayer's Sarsaparilla Admitted for Exhibition AT THE WORLD'S FAIR

The Most Favorable Point.

Prof. A. E. Douglas is making observations with his six-inch telescope from various points in this vicinity. On Saturday his instrument was moved to the mountain south of Fort valley, but the weather was unfavorable for observation until Monday and Tuesday nights. The result of the observation has been that the professor has found almost perfect conditions of atmosphere, the favorable results obtained being greater than at any other point in the territory that he has visited.

Prof. Douglas is so well pleased that he will remain some time yet and take observations from the peaks of the San Francisco mountains, and from some of the lower points east of the mountains, and he may go to the rim of the Grand Canyon and gaze at the heavens through his telescope from that point.

The result of the observations here is all the more gratifying from the fact that the most unfavorable weather here during the year is in the months of April and May.

Howe, senior telegrapher; G. W. McFadden, inside sentinel; F. R. Crethens, outside sentinel. D. C. Leach and R. Allen were chosen delegates to the national convention, which meets in Denver next month; the alternates are F. R. Cunningham and F. W. Crothers. The division meets in K. of P. hall in Winslow the last Sunday in each month. Mr. McGarvie is interviewing the operators along the line of the road, and it is expected that all the operators will become members of Winslow division.

Rev. T. C. Moffett returned today from a trip to Needles.

The Complexion of a Chinese

Is not yellower than that of an unfortunate individual whose liver complaint has assumed the chronic form. The eyeballs of the sufferer assume a saffron hue, there is a dull pain in the region of the organ affected, the tongue is coated, breath sour, sick headaches usually but not always occur, and there is sometimes dizziness on arising from a sitting posture. Constipation and dyspepsia are common attendants of this very common ailment, always in its aggravated form, liable to breed abscesses of the liver, which are very dangerous. Hostetter's Stomach Bitters wholly eradicates it, as well as the troubles complicated with it and which it originates. In chills and fever, a complaint which always yields to the bitters, the liver is seriously involved. This fine alterative tonic removes costiveness and indigestion, rheumatic, nervous and kidney trouble and debility.
