

## WOLCOTT'S POSITION.

The Colorado Senator Gives His Reasons for Supporting the Republican Ticket. DENVER, Col., Aug. 3.—Senator Edward O. Wolcott has issued a signed statement outlining his position in the present campaign. He says the silver question is most vital, and that while recognizing that international bimetalism is the most desirable means by which silver could be restored as a money metal, he firmly believes the United States could restore it independently of other nations. He maintains that his position has always been, during his seven years in the senate, the same as that of the other silver senators. The financial plank of the republican platform, he says, is far from satisfactory, but he holds that the pledge for the furtherance of international bimetalism must be taken in good faith in view of the party's record on other questions. The platform is, he affirms, aside from the money question, without a flaw, and the nominee of the party a man of highest personal qualifications.

## A BIG FAILURE.

Columbus Buggy Co. Makes an Assignment on Account of Business Depression. COLUMBUS, O., Aug. 3.—The Columbus Buggy Co., the largest in the world, assigned Saturday night, the result of general business depression. The estimated assets are \$1,000,000, and the liabilities are of the class known as contingent. It is believed that the numerous branch establishments operated by the Columbus concern will be closed and the factory here run by the assignees. The crash was not looked for as the trade had fallen off largely in the last few years, and three years ago there was financial trouble which threatened to force the concern to the wall. The pay rolls carried 1,000 men, and there were nearly a dozen branch houses in various cities east and west. The branch house at Kansas City, Mo., which was reported prosperous, was closed Saturday.

## DOOLIN UNJUSTLY ACCUSED.

The Outlaw Did Not Rob the Stage Coach Between Okeene and Lacy. PERRY, Ok., Aug. 3.—Several days ago the mail stage between Okeene and Lacy was robbed of registered letters containing large sums of money, and the report was given out that the mail carrier, Hempfeyer, also was robbed of a big sum. The driver described the robbers as Bill Doolin and Dynamite Dick, two of the most desperate men that ever operated in Oklahoma. Officers and citizens went in pursuit. The actions of Stage Driver Hempfeyer were rather suspicious. He is only 19 years old, but he handled large quantities of money. He was arrested and placed in jail on suspicion of being his own robber. He confessed yesterday.

## BIG DAMAGE BY STORMS.

Crops in Many Iowa Counties Literally Destroyed by Hailstorms. SIOUX CITY, Ia., Aug. 3.—During the last week there have been a series of hailstorms in northwestern Iowa and southeastern South Dakota, covering about a dozen counties. Insurance adjusters, with headquarters here, have been out over the district and report that the damage to crops within 50 miles of this city has been not less than \$300,000. In some counties the path of the hailstorms show fields utterly devoid of vegetation, and the injury to live stock from the heavy hailstones was also great. Hailstones are reported to have broken timbers 2x4 inches in size, and to have torn large limbs from trees.

## WATSON FOR SENATOR.

A Deal Said to Be on to Get Him Off the Vice Presidential Track. ST. LOUIS, Aug. 3.—A special to the Republic from Savannah, Ga., says: A rumor reached this city that negotiations for the withdrawal of Tom Watson, the populist candidate for vice president, are on. It is said that Watson has been promised the Georgia senatorship to succeed Senator Gordon. An editorial in the Savannah News mentions the matter. "It would not be at all surprising," the paper says, "to see Mr. Watson as a democratic senator." Mr. Crisp now has a walk-over for the senatorship, and it depends upon him to say if the deal with Watson shall be made. It is suggested that Crisp might go in the cabinet.

## MAY WIN A MILLION.

A Chicago Inventor Claims He Can Make Millionaire Rousers See Again. NEW YORK, Aug. 3.—With a view to claiming the reward of \$1,000,000 offered by Charles Broadway Rousers for the restoration of his sight, Walter W. Felts, a Chicago inventor, has been experimenting upon Martin, the substitute, and claims to have been so successful that the formerly blind drug-jockey can distinguish medium sized objects. Felts has expressed himself as confident of securing the reward.

Republican Chances in the South. WASHINGTON, Aug. 3.—The republicans are hopeful of carrying several southern states for McKinley. They regard West Virginia, Maryland, North Carolina, Alabama and Georgia as good fighting ground. Maryland they regard as pretty nearly a sure thing. The situation in Georgia, as represented by gold democrats, is much more favorable to McKinley than might naturally be supposed, even without the practical certainty that the middle-of-the-road populists will fight the Bryan ticket.

Could Not Get Paper Extended. CHICAGO, Aug. 3.—The Staver & Abbott Carriage Co. made an assignment yesterday for the benefit of its creditors. The action was caused by the refusal of eastern banks to grant extensions on maturing paper. The liabilities are \$400,000; assets, \$300,000.

Li Hung Will Soon Be Here. PHILADELPHIA, Aug. 3.—It was learned at the offices of the International Navigation Co. that Li Hung Chang had engaged apartments for himself and suite on the St. Louis, which sails from Southampton August 22.

## NEW METALS FOR COINS.

Pure Nickel for Nickels and Aluminum for Cent Pieces. WASHINGTON, Aug. 3.—Experiments with pure nickel and aluminum as substitutes for the present nickel pieces and one and two cent bronze pieces will be made at the mints by order of Director Preston during September or October. A resolution was passed by the house of representatives authorizing such experiments. There is some doubt whether the actual adoption of a new metal for the minor coins will be recommended at an early date by the treasury officials, even if the experiments prove successful. The objection to a change in any form of coins or notes is the disposition of the public to refuse the old forms and insist upon having the new. This would drive into the mints for recoinage \$14,000,000 in nickel pieces, which are now in circulation, and \$7,500,000 in pennies. The advantage claimed for pure nickel, instead of the alloy now used in five-cent pieces, is its greater hardness, durability and distinctness of impression.

## RELIGIOUS INNOVATION.

Baptist Church Convention of Iowa Will Listen to a Joint Political Discussion. DES MOINES, Ia., Aug. 3.—A remarkable innovation in religious meetings has been arranged as a feature of the state convention of the Baptist church, to be held at Humboldt, August 8. It will be a joint debate on the money question. Rev. A. L. Stetson, president of Des Moines college, the Baptist institution of the state, has arranged the matter, and it has been approved by the leading members of the church. The board invited Judge C. C. Cole, of this city, a leading free silverite, to address the convention. Afterwards the local committee invited Congressman Dolliver to address the meeting, and now it has been decided to have them divide the time and make it a joint debate.

## THE BUILDING COLLAPSED.

Two of Three Persons Who Sought Shelter Instantly Killed. BIRMINGHAM, Ala., Aug. 3.—At Columbus City Maynard Covans was escorting Misses Doyle Proctor and Della Bishop, daughters of prominent families, out for a walk when a heavy rain and windstorm came up. The trio stepped into an old building to keep from getting wet. The building collapsed and all three were caught in the debris. Covans and Miss Proctor were instantly killed and Miss Bishop so badly injured that death will result.

## COINAGE AND CIRCULATION.

Gold and Silver Dollars Coined During July—Increase of National Bank Notes. WASHINGTON, Aug. 3.—The coinage executed at the United States mints during July aggregated 2,935,260 pieces of the value of \$4,031,200. Of the coinage \$2,918,200 was gold and \$1,063,000 was standard silver dollars. National bank notes outstanding August 1, aggregated \$255,942,455; an increase during July of \$29,495, and since July 31, 1895, of \$14,660,547.

## Tidal Wave Drowns Thousands.

SHANGHAI, Aug. 3.—News reached here of a tidal wave, inundating the coast of Hai-Cha, in the northeast of the province of Kiang-Su, destroying many villages and drowning 4,000 people. Immense numbers of cattle perished, the rice fields were almost totally destroyed. Kiang-Su is one of the most fertile provinces of the empire and exports more silk than any other part of China.

## Children Killed by a Hog.

FAYETTEVILLE, Ark., Aug. 3.—In Benton county Mrs. Mary Smith, wife of a farmer, became alarmed at the absence of her ten-year-old daughter, and started to search for her, leaving her other children, infant twins and a boy aged four, playing in the yard. During her absence a vicious hog attacked them and killed them. The little boy tried to drive the hog away, and was himself fatally bitten.

## Bryan Makes Denial.

LINCOLN, Neb., Aug. 3.—Regarding the rumor that he had promised to appoint Gov. Altgeld attorney-general, Mr. Bryan said last night: "In order to answer once for all rumors in regard to places promised, I desire to say that I have not directly or indirectly promised any office, of any kind, to any person whomsoever, and shall not during the campaign promise any office of any kind to any person whomsoever."

## Potatoes a Nickel a Bushel.

ST. LOUIS, Aug. 3.—Illinois and Missouri farmers in this vicinity, at a meeting at Alton, voted to sell no more potatoes until the dealers' price should be increased. Potatoes dropped to 15 cents a bushel Tuesday, Wednesday they brought only ten cents and Saturday the middlemen squeezed the price to five cents a bushel.

## Cost of Uncle Sam's Business.

WASHINGTON, Aug. 3.—The comparative statement of the government receipts and expenditures, issued by the treasury department Saturday, shows the total receipts from all sources during July to have been \$29,029,300, and the expenditures \$42,088,468, leaving a deficit for the month and the fiscal year thus far of \$13,059,249.

## Hard Coal Rate Cutting.

CHICAGO, Aug. 3.—The warring freight officers of the western roads have turned their attention from grain to hard coal, and a big tumble in rates on the latter commodity from Chicago to the west is threatened.

## A Successful Adventure.

LONDON, Aug. 2.—The rowboat Fox, containing the two Swedish sailors, Frank Harbo and George Samuelson, who started from New York June 6, with the intention of rowing to Havre, France, arrived at the Solly Islands today. Both were in good health.

The receipts at the Kansas City stock yards during the last ten days of July were 45,419 cattle, 6,718 calves, 50,816 hogs, 21,859 sheep, 583 horses and mules, being a gain of 3,837 calves, 6,911 hogs, 894 sheep and a loss of 9,944 cattle, 53 horses and mules compared with the corresponding ten days in 1895.

## UNION VETERANS ORGANIZE.

Members of Both Old Parties Will Work for Sound Money and Order. NEW YORK, Aug. 1.—In answer to a call sent out by Col. Edwin Dudley, formerly secretary of the Union Veterans' national committee, a meeting was held yesterday and it was decided to issue an address to the Union Veterans requesting them "to preserve the country from dishonor and financial ruin by rallying to the standard of sound money and fighting against anarchy and disorder and standing for the integrity of the government." The following committee was appointed to form an organization: Gen. Daniel E. Sickles, president; Gen. Horace Porter, vice president; Col. L. Edwin Dudley, secretary. Letters endorsing the project and pledging hearty support were read from Maj.-Gen. Franz Sigel, ex-regiment and ex-pension agent under President Cleveland; Maj.-Gen. O. O. Howard, and many other prominent ex-union veterans, both democrats and republicans.

## IN GREAT DEMAND.

A Rush on the Treasury Department to Get the New \$1 Silver Certificates. WASHINGTON, Aug. 1.—The demand on the treasury department for the new \$1 silver certificates is something unprecedented and has already taxed the bureau of engraving and printing much beyond its capacity. These notes are being issued at the rate of \$40,000 a day, and the total amount now outstanding is \$280,000. Many bankers have offered gold for them, and it is said that they are rated at a premium of 25 per cent. in Wall street. Owing to the limited stock on hand the treasury is able only to issue them at present in redemption of old and worn out silver certificates. The new \$2 and \$5 silver certificates will be ready for issue next week, and it is supposed there will be a similar demand for them while they are new.

## THE QUEEN MAY RETIRE.

Renewed Talk of the Abdication of the British Throne by Victoria. LONDON, Aug. 1.—The rumor that Queen Victoria intends to retire in favor of the prince of Wales is current again to-day and it is added that court circles are troubled about the queen's health. The queen has decided, it is said, to spend her time hereafter at Balmoral or Osborne and to give the prince and princess of Wales the use of Buckingham palace and Windsor castle. The queen is said to have remarked repeatedly during her stay at Buckingham palace, upon the occasion of the recent marriage of Princess Maud of Wales to Prince Charles of Denmark: "This is my last visit to London."

## WAS NOT PARTICULAR.

An Arkansas Mob, Foiled in Its Attempt to Hang One Negro, Ends the Life of Another. CLARENDON, Ark., Aug. 1.—Godfrey Gould, colored, was lynched at this place early this morning by a party of 150 men. The negro committed an assault on a white woman in Brinkley, Ark., named Florence Wright. The lynchers came for the purpose of mobbing one Barker, another negro, who had committed a similar offense on a white lady at Holly Grove, Ark., but the sheriff had spirited him away to Pine Bluff, Ark. Not finding Barker the mob proceeded to take Gould from the officers, who were attempting to make away with him.

## BYNUM IN FAVOR.

Indiana Sound Money Democrats Sponsor Him for Leader. LAPORTE, Ind., Aug. 1.—A movement has had its inception among the sound money democrats in northern Indiana to present the name of ex-Congressman William D. Bynum, of this state, as a presidential candidate before the forthcoming gold convention. Conservative leaders estimate that there are 25,000 democrats in Indiana who would vote for him, and the sentiment may be said to be rapidly crystallizing for his nomination as the leader of the democratic sound money force.

## Arkansas Cotton Crop Injured.

LITTLE ROCK, Ark., Aug. 1.—Commissioner W. G. Vineheller, of the state agricultural bureau, estimates that the cotton crop of Arkansas has been cut fully 50 per cent. by the drought. The state government has 8,000 acres in cotton and up to a few weeks ago, before the ill effects of the dry weather became manifest, it was anticipated that the yield would be 6,000 bales. Not more than 2,500 bales are counted upon. Commissioner Vineheller says the crop failure is the most marked in 30 years and estimates the Arkansas crop at not over 500,000 bales.

## Might Fuse on Electoral Ticket.

ATLANTA, Ga., Aug. 1.—The Constitution publishes a telegram from Senator James K. Jones, chairman of the democratic national executive committee, as follows: "I cannot consider any proposition for withdrawal of Sewall, but will entertain as far as I have power and promote to the best of my ability any just and fair proposition for fusion on electoral ticket." JAMES K. JONES.

## Harberty Retires from Politics.

PHILADELPHIA, Aug. 1.—William F. Harberty, until recently the chairman of the democratic national committee, and for years a leader in the party councils, made the announcement yesterday that he had retired from politics.

## Grasshoppers in Nebraska.

OMAHA, Neb., Aug. 1.—For the past three days clouds of grasshoppers have been passing over Nebraska eastward bound. In some places they are reported to have been so numerous as to have perceptibly arrested the sun's rays. They have crossed the Missouri river in swarms, but show no tendency to settle. They have done no damage to crops in the state, and are believed to have come from Colorado.

## Ardmore's First Bale of Cotton.

ARDMORE, Ok., Aug. 1.—Ardmore's first bale of cotton was received on the 30th and sold for seven cents.

## NEGLECT OF TAYLOR.

Philadelphia and the State Itself Ignored the Gifted Man of Letters. "There is no character that shows the Pennsylvania feeling so well as Bayard Taylor. He was a thorough son of the soil. His German and Quaker ancestors had been Pennsylvanians for many generations. He always felt that he belonged to the state. He tried to identify himself with it as much as he could and as much as it would let him. He built himself a home in his native valley and tried his best to live there. He wrote novels and ballads to describe its scenes. But his difficulty was not merely that he was forced to say that there was a 'tyranny of public sentiment' there which was against him. His real difficulties were still larger. The whole state rejected him. Its chief city, Philadelphia, would have nothing to do with him. It seemed extraordinary that, after the state had produced its first great poet and its first really gifted man of letters, of whom any commonwealth might be proud, the state and the city should unite in kicking him out of doors.

"Fortunately for these children who are so summarily ejected, they are usually of sufficient ability to be valued by other communities. Taylor was of a loyal and honorable nature. He felt that he belonged to his old home and was always trying to get back. But, undesired and appreciated by his native state he sought sympathy abroad. Germany honored him and he received more encouragement and regard in a few years on the Rhine than he received in his whole life on the Delaware. New York adopted him as her son. When he was appointed minister to Berlin Pennsylvania and Philadelphia were silent but New York gave him a banquet. When his dead body was brought home from Germany New York received him and he lay in state, with a guard of honor, in her city hall. When he was carried to Kennett square to be buried his native state was again silent and seemed to be unaware that she was receiving him into her soil."—Sydney G. Fisher, in Lippincott's Magazine.

## THE GREAT NURSERIES.

Louisiana, Mo., Rockport, Ill.—Visited by Gov. Colman, Ex-Sec'y Agri. and the Hort. Ed., Judge Miller.

"Oh, how insignificant all my fifty years of nursery business seems, all combined, when compared with this stupendous establishment, where they count by millions," said Judge Miller, that veteran horticulturist, as he, in company with the writer, were being driven to the various departments of this vast nursery.

In an experience of over forty years we do not remember to have passed through an establishment where so large a number of hands were employed whose duties were so thoroughly systematized, and whose business capacity of a higher order was manifested.

It is not in the soil of every farm that one finds qualities essential to the growth of the different kinds of Nursery stock, hence it has devolved upon these gentlemen, who were born to the Nursery business, to select from among the hills and valleys of the two Pikes such portions as are adapted to their purposes. But in this very fact of selection of soil, we see their exceeding care for the future success of their stock.

Missouri and Illinois have no more worthy institutions than the Stark Nurseries, and surely no better or more representative men than the proprietors. The business is growing on their hands as it deserves to grow.

They have a system of 40,000 acres of commercial test orchards located in great fruit growing regions.

The canvassing force is being increased, 5,000 fine outlets ready. Stark Nurseries always have room for more active workers because they have millions of Stark trees to sell.—Colman's Rural World.

## Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore an important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
