

## THE COCONINO SUN.

### The Coconino Sun.

FLAGSTAFF, ARIZONA.

Entered in the Postoffice at Flagstaff as second-class matter.

Issued every Saturday. Subscription price, two dollars and fifty cents a year, in advance. Every paper is stopped at the expiration of the time paid for.

C. M. FUNSTON, Editor.

FLAGSTAFF, APRIL 16, 1898.

IT IS stated by an exchange that in event of war Burke O'Neill will organize a cavalry regiment and go to the war. In that event he will probably carry the populist party of Arizona with him.

THE public addresses of Gov. M. McCord, made since his inauguration have been issued in pamphlet form. Many of these addresses are worthy of preservation, as they contain much of interest to all Arizonans.

THE Tucson Star brings out Colonel Breathitt for delegate to Congress on the democratic ticket. Col. Breathitt came to Arizona as a special agent of the land department about four years ago. It is presumed that the Star can hold the Pima county delegation for its candidate, and it is further presumed that Mark Smith is no longer the idol of Arizona democracy.

THE indications are that the present season will be a dry one. This section has had, during the past three months much less than the usual fall of snow and rain. But little or no rain can be expected until July. There is water enough for the stock that is now in the county, but there is going to be some trouble in getting water for the large number of sheep and cattle now being shipped to the country from California.

THE fight over the post office at Tucson will come to an end this week. It is announced that George W. Cheyney will receive the appointment of postmaster. It is the only town in the territory where a vigorous, and it may be said, vicious fight has been made on the appointment of postmaster.

IT IS reported that a Paris physician has made a discovery that will be of undoubted value to electrical men who are so unfortunate as to be burned by the electrical current. The Paris doctor says that a solution of one part picric and seventy-five parts of water will cure quickly the most serious burns. The pain is instantly removed without blistering or irritation, and the wound heals in four or five days. A yellow tint is left on the skin, which may be removed by a solution of boric acid.

SUGAR very considerably promotes digestion and muscular strength. One need only recall a book written in the early part of this century, in which it was agreed that life could be considerably prolonged by eating sugar in determined quantities; for those in excellent health it helps to digest those dishes in which the rich too frequently indulge; for those who suffer from stomach pains sugar when eaten after a meal will generally prove a valuable specific.

STOCKMEN report a favorable winter for all kinds of stock. Cattle, although thin in flesh, have passed the winter in good condition and the loss from this source is less than for many years past. The sheepmen report the winter as being an exceptional fine one for their business, and the weather is now favorable for lambing, and the ranges all over the county are in excellent
