The board of supervisors at their meeting this week ordered an Austin road machine. The machine will cost \$250 and its use will compel the road overseers to build a good practical road. Coconino county has spent a good many thousands of dollars on her roads and has but few miles of first-class roads.

For Rent—On July 1, 1901, brick building on the corner of Railroad avenue and Leroux street. Good frost-proof cellar 25x60 feet, store room 50x60 feet, second story 25x60 feet. Water and sewer connections. Best location in town. For particulars apply to Julius Aubineau, Flagstaff, Arizona.

If Flagstaff only properly advertises a resort for tourists and a general outfitting point for sightseers there is no reason why the coming summer should not be a red letter one for the Mountain City. On account of the pan-American exposition at least one hundred thousand people will pass through this place and an effort should be made to have some stop here. As a globe trotter remarked to a SUN reporter "if the citizens of this place are not too apathetic many thousand dollars will be left in your beautiful city before next winter's snow covers the mountain."
