News of Interest Gathered Here and There in the State

LYMAN DAM WILL BE BUILT; STATE IS TO AID PROJECT

The farmers in Northern Arizona who are under the Lyman dam project are to get \$120,000 of state money as a loan with which to complete that project.

This was announced after a consultation Saturday at Holbrook of Governor Hunt, State Treasurer Johnson, Secretary of State Osborn and representatives of the owners of the lands under the project. To this will be added \$30,000 in cash to be put up by the Lyman Water Company.

"Of the 15,000 acres of land under the Lyman Dam project," said Governor Hunt Monday, "the state will take title to 12,000 acres and will loan \$120,000 on it, or \$10 an acre. The other 3,000 has changed hands and the title is not clear for the purposes of the state. To cover this 3,000 acres the Lyman Water company will put up \$30,000 in cash."

With the money secured from the state the completion of the Lyman Dam project is assured and the farmers of that locality at least see their way out of a slough of despond in which they have been laboring since the destruction of the dam some years ago.

"An excellent engineer has been supervising the construction of the dam thus far," added the governor, but from now on, the state will have an engineer on the job to see that it is constructed according to agreement."

ARIZONA REGIMENT RECEIVES ORDERS TO BE READY TO MOVE

Again are rumors in circulation that the Arizona regiment at Camp Kearney will in a very short time be moving and from the tone of letters received by relatives in Prescott of many of the boys, it is believed that service abroad has been at last definitely decided upon. Requests have been made to hurry up any contributions, as the command expects at any time to be ordered to the Atlantic seaboard.

The regiment has been undergoing recently a thorough training in actual warfare, even to the extent of drilling in the field in combatting the effects of gas waves, which are usually the final instruction to be given for service abroad. One young soldier writes: "Well, we are to go at last, and while I cannot say when or where, it is the opinion of many that inside of 30 days we'll be in France."

WINSLOW MEXICAN SHOT.

At a Mexican dance held in Mexican town last Saturday night, where whiskey was one of the principal features, a row was precipitated and in the general mix-up some one shot a Mexican, the bullet penetrating the fleshy part of his leg, inflicting a painful, but not fatal wound. Monday in Judge Sampson's court an even dozen of the Saturday night revellers appeared as witnesses and principals in an effort to locate the party who did the shooting, but no one seemed to have a clear idea of just what did happen except there was whiskey in the crowd, of which they had partaken. One man was fined \$25, and three others were fined \$10 each, but no one known yet who did the shooting.—Winslow Mail.

PIONEER DIES.

A letter was received yesterday announcing the death recently of Timothy Davis at the age of 81 years. He made Prescott his home in the early 70's when he drove stage on the Wickenburg route to Phoenix. He was better known to old-timers by the sobriquet of "Chuch". Blood poisoning was the cause of death, due to a nail entering his right hand.—Prescott Journal-Miner.

A company has been incorporated in Arizona for the purpose of building a railroad south from the San Juan. Millard Herely, who explained his proposition here and requested aid of the citizens of Gallup, is the head of the new corporation. The residents of the San Juan basin are confident that this road will be built.—Gallup Herald.

Owing to a vast volume of private business, James B. Girard, city engineer of Phoenix, has tendered his resignation, to take effect about the middle of February. Mr. Girard formerly resided in Coconino county, at which time he made his home in Williams.

Attorney James Loy, formerly a resident of Flagstaff, was granted a divorce from his wife last Saturday in Prescott, where he now resides.

DONATE MARINE GLASSES TO U. S. GOVERNMENT

On account of a shortage of field or marine glasses, the United States government, through its agents, called on patriotic citizens throughout the country who owned such glasses to lend them to Uncle Sam during the war. When the call was made, Hon. J. J. Sanders, of this county, donated a fine pair of such glasses, being probably the first man in Yavapai county to respond. Now, we see that our old friend, C. A. Behn, the mining sage of Spruce mountain, has also sent in a pair of fine glasses for the use of our forces in the fighting fields.—Prescott Courier.

TO MAKE DOLLS FOR AMERICAN RED CROSS

Although they contributed nearly \$1,500 in cash to the Red Cross Christmas drive, the Apache Indians at the reservation near Rice are not satisfied that they have done their part yet. They have forwarded a request through Rev. F. M. Johnson asking the people of the Globe-Miami district for ribbons and remnants of brightly colored cloth with which they propose to make Red Cross Indian dolls. These the Globe and Miami chapter will sell for the benefit of the Red Cross.

"OUT OF HARNESS" FIRST TIME IN 31 YEARS

Thirty-one years in the harness should entitle one to a rest, in the opinion of J. E. Perry, well known business man of Kingman. Mr. Perry has just resigned his position with the Arizona Stores Company and plans to take an indefinite vacation. For many years Mr. Perry was engaged in business and later became affiliated with the Arizona Stores Company. He stated last week that he expects to devote all of his time to looking after private interests, which include large mining properties.—Kingman Mineral Wealth.

NEW RESIDENTS FROM TEXAS.

"Dink" Williams has somehow persuaded all of his Texas relatives that Williams is far superior to their native state, for last week five families of said relatives arrived in Williams, their household goods, autos, etc., arriving a few days later. Names of the new residents were not learned but there is no doubt that the community will welcome them.—Williams News.

Mrs. Katherine Taylor, one of the best known colored residents of Prescott died yesterday at her home on South Pleasant Street at the age of 73 years. Mrs. Taylor had been a resident of this city for more than 35 years, having come here with her husband to take a position as nurse at Ft. Whipple in 1885.—Prescott Journal-Miner.

The Russian colony in the Yavapai county jail recently received their question blanks from the Maricopa county exemption board. Twenty-five of the thirty-four agreed to sign the blanks, the remainder refused. The names of the obdurate nine have been reported to the federal authorities, and they will be proceeded against under the law.—Prescott Courier.

The trapping of rabbits and arranging for and carrying out of rabbit drives are being advocated by the county agent in Cochise county, and Mr. Gilchrist of the U. S. Biological Survey co-operating with the Agricultural Extension Service, is recommending utilization as a conservation measure and a means of pest riddance.

The double-header basketball game played in Winslow last Saturday between the boys' and girls' teams of the Prescott and Winslow high schools resulted in an even break. The Prescott girls won their game by the score of 24 to 18, but the boys lost 29 to 19.

Charles Brazee, who has been prospecting in the Wallapai mountains for several months, arrived in Kingman a few days ago, bringing with him 40 sacks of ore that is said to run \$600 in silver.—Mohave County Miner.

Every teacher in the Douglas schools who remains until the end of the school year will be given a forty-dollar bonus.

A new heating plant has been installed in the Williams public school building.

A lodge of Masons has been organized in Miami.

PROSPECTORS NOT WANTED ON NAVAJO RESERVATION

William Trent, formerly of Jerome, returned a few days ago from Southern Colorado, overland, and enroute he and his friend stopped for several days on the Navajo reservation east of Tuba city. They were waited upon by a delegation of Indians, and advised to continue, and not to remain to do any extensive prospecting. Trent left here four years ago to work in placer mines along the San Juan river, which are now closed down. He advises prospectors to leave the Navajo reserve alone.—Prescott Journal-Miner.

ONLY CHILD OF N. Y. FOUNDER.

With the death of Mrs. Jane St. Johns Sunday, at ninety years, there passed away the sole child of Captain Wm. Lockwood, one of the first settlers of New York. Lockwood was among the original founders of Gotham and in 1819 drove the first stage line from the Battery to the East river, over what was then rough and mountainous roads.—Chandler Arizonan.

Col. A. O. Brodie, former territorial governor of Arizona, and now on the retired list of the U. S. army, is well and hearty at Haddonfield, New Jersey, where he and his wife are now making their home.

Sam Forsman, a recent arrival in Prescott from the Ash Fork country, stated that since last October he had marketed pelts in Minneapolis, Denver and Ottawa, for which he had received the sum of \$416.

NEW RULING GIVEN ON NATURALIZATION

Declarations of intentions to become citizens of the United States, filed by aliens prior to June 29, 1906, when a new naturalization law was adopted by congress, have been declared null and void by a recent decision of the supreme court at Washington.

Section four of the old law which was superseded by the new act which went into effect September 27, 1906, provided that not less than two and not more than seven years may elapse between the filing of the first and final petition for naturalization. It was an appeal of this condition that resulted in the court's decision.

DID YOU.

Did you ever stumble around in the dark to look for a match and find that—

Doors stand out nine feet from the wall?

The table reaches entirely across the room?

The electric light switch has disappeared?

The wall advances to the center of the room to meet you?

The chairs each have twenty-seven legs?

And the bureau, on which you left the matches, has disappeared entirely?—Baltimore Evening Sun.

MORE LUMBERMEN WANTED FOR ARMY

So urgent is the need for lumbermen and road builders for immediate service in France that the War Department has made an exception to its previous ruling, and will now allow experienced men of draft age to enlist, under certain conditions.

Any man between eighteen and forty-one years of age, who is qualified physically and by experience, may enlist for this service; but they must obtain permission to do so from Major C. E. Clark, Chief of Engineers Office, War Department, Washington, D. C., by mail or telegraph. The men required will be sent to France as soon as they are assembled, without being held here for military training.

Tremendous quantities of lumber are required by the American troops in France. A special regiment, known as the 20th Engineers, is being recruited to cut timber in the forests of France and manufacture it into lumber. This regiment will include experienced men of every class required in lumber camp operations.

The 20th Engineers needs immediately 2,000 woodsmen, sawmill men, machinists and others who have worked at lumbering. It also needs 3,000 men who have worked at road building. These men are to construct roads from the woods to the mills and from the mills to the distributing depots. In connection with both the lumbering and road-building operation complete crews of men experienced in the great variety of machinery used and in the camp and repair work involved are required.

Government estimates of the production of petroleum in the United States in 1917 place it at nearly 14 per cent greater than any previous year.

DIZZY SPELLS

Relieved After Taking Two Bottles
Of Cardui, Says Tennessee
Lady.

Whitwell, Tenn.—Mrs. G. P. Cartwright, of this place, writes: "About four years ago the dizzy spells got so bad that when I would start to walk I would just pretty near fall. I wasn't past doing my work, but was very much run-down.

I told my husband I thought Cardui would help me, as a lady who lived next door to me had taken a great deal, and told me to try it. This was when we were living in Kentucky.

My husband got me a bottle and I took it according to directions. It helped me so much that he went back and got me another bottle. I got a whole lot better and just quit taking it. I got over the dizzy spells... I took no other medicine at that time nor since for this trouble. No, I've never regretted taking Cardui. I felt just fine when I finished the second bottle."

Purely vegetable, mild and gentle in its action, Cardui, the woman's tonic, may be the very medicine you need. If you suffer from symptoms of female troubles, give Cardui a trial. All druggists. NC-129

CLEANING AND DYEING IS CHEAPER THAN BUYING

providing you send it to us

Otherwise you run the risk of having your work done by "back-room" cleaners who have neither the experience nor the facilities necessary. When you send it to us you are sure that only the best dyes will be used (the shortage of European dyes has not affected us). You are sure of the best possible workmanship—and the lowest possible prices.

Write our special Mail Order Department for price list and expert advice on your cleaning and dyeing problems.

Remember we pay return postage on all orders.
