Carnegie Will Readjust Wages. PITTSBURGH, Sept. 29.--The Carnegie Steel Company, limited, has posted notices in the Homestead works that on January 1 the scale for the coming year will be readjusted. Considerable dissatisfaction is expected when the time for signing the scale arrives. The workmen claim that the company is not compelled to make a reduction since it has all the work on hand that can be handled.

A WEEK IN LABOR CIRCLES

Ex-Supervising Architect O'Rourke's Insult to Laboring Men.

HE DIDN'T WANT THEIR PRAISES

The Incident is Recalled and Discussed--Infringements of the Sunday Closing Laws by Certain Barber--There Will Be No Permanent Labor Day Conference.

MEETINGS FOR THIS WEEK.

MONDAY, SEPTEMBER 30. Plasterers' Assembly--Plasterers' Hall, Four-and-a-half street and Pennsylvania Avenue. L. A. 1748, Knights of Labor, Carpenters--Typographical Temple.

TUESDAY, OCTOBER 1. Federation of Labor--Four-and-a-half street and Pennsylvania Avenue.

WEDNESDAY, OCTOBER 2. Electrical Workers' Union, No. 26--Hall Twelfth and F streets.

THURSDAY, OCTOBER 3. District Assembly, Knights of Labor--Four-and-a-half street and Pennsylvania Avenue.

FRIDAY, OCTOBER 4. Excelsior Assembly, K. of L.--Typographical Temple.

SATURDAY, OCTOBER 5. Bakers' Monumental Assembly, K. of L.--Plasterers' Hall, Four-and-a-half street and Pennsylvania Avenue.

SUNDAY, OCTOBER 6. Federation of Labor.

At the regular meeting of the Federation last Tuesday night, representatives from twenty-two organizations responded at roll call. President Spohn presided. In addition to the regular delegates a number of ex-delegates and visiting members were present.

Ex-President Whitmore, who has been absent from the city for some time, was also present and was warmly greeted. The first business of the evening was that of reports of standing and special committees. The committee on future contracts stated that the contract for the coming year appears on the table list and who was reported as about to secure certain work which rightfully belonged to union men, had been duly investigated. The error of the houses had told the committee that the contract was in the hands of the general contractor. It was also learned that the general contractor had been given to a local carpenter, who was also wanted on, and the matter was explained. At the request of the committee the case was referred to the Bricklayers' Union.

The committee further reported that in the case of the "Carnegie" Schenck, who was about to build, that the committee had waited on that gentleman and had been assured by him that strictly union men would only be employed.

The committee on the Dunlop case reported progress. The committee appointed to wait on the Commissioners also reported progress. The committee stated that the communication of the Federation requesting that a practical bricklayer be appointed on the staff of the building inspector had been presented to the Commissioners and a hearing had been held on Wednesday.

The committee also reported that in addition to the request of the Federation, they had the prepared resolution adopted in the last national convention of Bricklayers learning on the same question, which would also be presented.

The committee to investigate the charge that the wages of employees in the many yards were not in accordance with the law, which requires that the same rate of wages be paid in the yard as is paid for corresponding work on the outside, reported that they found that the charges as to the bricklayers was sustained. In the case of unlicensed engineers working in the yard, they were not ready to make a final report.

A proposition was received from a firm whose name appears on the unfair list asking what was required of the firm so that the matter could be amicably settled. This case was referred to the organization that had requested the firm to be placed on the list.

Another firm requested information as to the reason of their name appearing on the list, and if there was nothing against them they would take it off. The Federation after some debate decided that while there was nothing local against the firm, still there was a national prejudice against them, therefore they decided not to make any change in the list in their case.

It was reported that it had been alleged that the brick work on the new Stump building would be given to a non-union employer. Delegates from the Bricklayers' Union in their belief the report was groundless, and the speakers seemed to be in a position to prove their assertions.

The order complained that the Commissioners had not issued the order to Major Moore, as requested by the Federation, relative to the closing of barber shops on Sundays. The matter was laid over for one week, so as to give ample time for reply from the Commissioners.

Motion was made to place Goodie, the bricklayer, on the unfair list, but was finally referred to a committee to investigate.

Delegates reported that a prominent firm of bricklayers, who seemed to be getting a large share of government patronage in the city, had been placed on the unfair list. A committee was appointed to investigate, and if the charges are found as reported, the Secretary of the Treasury and the District Commissioners will be promptly notified.

Delegates from Excelsior Assembly reported that in the opinion of that assembly it was inadvisable to continue the Labor Day conference, and that when called together again it should be under the auspices of the Central Labor body.

Bakers' and Confectioners' Union delegates reported continued violation of the agreement between a prominent baker and the bakers' organization by importing non-union labor. While the imported labor might be willing to join the unions here, still the bakers' order, it undoubtedly can be ascribed to his friendliness to organized labor.

Carpenters' Union, No. 1, held an interesting meeting last Wednesday night. The election of officers for the ensuing term took place, and several changes were made. A. B. Manuel was elected president after a spirited contest; S. M. Haislip, elected vice president; John T. P. Magee, recording secretary; Joseph K. Potter, financial and corresponding secretary; George J. Kater, treasurer, and John S. Foster, conductor.

Due to the lateness of the hour the election of the other officers was laid over for one week.

At the last meeting of the Painters' Assembly the agreement between Heilbrun & Co., shoe dealers of Seventh street, and the organized labor of this city was ratified. This action on the part of the painters virtually settles all the late unpleasantness that has existed for some time back between the firm and organized labor.

The Plasterers' Assembly last Monday night ratified the constitution of the Building Trades Council and elected the following

F. COCKER, TREASURER, 939 Penna. Ave.

they would conform to the rules provided they were kept properly informed.

The committee on Sunday closing of barber shops reported that they had received the following letter:

OFFICE OF THE COMMISSIONERS OF THE DISTRICT OF COLUMBIA. SEPTEMBER 25, 1894.

In response to your communication dated the 14th inst. relative to closing barber shops on Sundays be impartially enforced, I am directed to receive the next conference to be held on the subject of the law, which has been enforced without discrimination.

Respectfully, W. THOMAS, Secretary.

That the law is being violated in this city is well known to several delegates. Therefore a few practical illustrations will be given by having warrants sworn out against the offending parties, so as to prove the assertions made to the Commissioners by the organizations.

It was reported that an agreement between Heilbrun & Co., shoe dealers, on Seventh street, was about to be entered into between the organizations and that firm, in which the members heretofore organized by the organized labor and the firm would be mutually settled, the firm on their part agreeing to give their firm in future only to employers of organized labor, recognized as such by the District Assembly, and the Federation of Labor, the organizations on their part agreeing, if this is done, to give the firm an equal share of their patronage and encourage others to do the same.

The agreement was referred to the Painters' Assembly for ratification.

Under call of assemblies delegates from the tailors reported that trade was better with good prospects ahead.

Plate printers reported the names of four applicants for membership and one member admitted on transfer card at their last meeting. Eleven members for a large amount of work, it will be to the interest of delinquent members to square up their dues, as a clear card will be demanded on all of their work.

A committee was appointed to secure a list for extra meetings for the first Saturday in each month. The object of the extra meetings is for the convenience of members and for the rehearsal of the proposed "comical" second degree. It is also proposed to give a grand electrical entertainment during the coming winter.

The attendance at the Electric Workers' Union meetings is increasing as the season advances. The last meeting was unusually well attended. Three candidates were invited. Bro. S. Prescott and Morgan Pennington, of the firm of Cornell Bros. & Co., were among the latest additions. That firm now runs a complete union shop, and as they are a committee was appointed to secure a list for extra meetings for the first Saturday in each month. The object of the extra meetings is for the convenience of members and for the rehearsal of the proposed "comical" second degree. It is also proposed to give a grand electrical entertainment during the coming winter.

AMONG THE ODD FELLOWS.

What the Various Lodges Are Doing and Something About Members.

Past Grand John G. Morrison, of Columbia Lodge, No. 10, has returned from Chattanooga, where he has been in attendance at the session of the Sovereign Grand Lodge.

He brought with him a splendid collection of photographic views of that section of the country, including Chattanooga, Lookout Mountain, the Tennessee River, and other points of interest, which he exhibited to the lodge on Thursday evening. Brother Morrison also has a valuable collection of views which he secured at Yellowstone Park and that section of the country, and which he has on several occasions exhibited and explained to the lodge.

He has become quite an adept in that line.

Isaacson Lodge, No. 15, conferred the second degree at its last meeting, and will have the third to-morrow evening. The grand visitation to this lodge occurs two weeks from to-morrow night, the first of the series.

There is some talk of the Grand Canton and Canton Potomac giving an excursion to Washington, Va., on Thanksgiving Day, and if a popular rate can be obtained there is no doubt it will be largely attended.

Mount Pleasant Lodge, No. 23, conferred the third degree on one candidate last Wednesday evening.

P. G. M. and P. G. R. John T. Welles is lying ill at his residence on I street northwest with kidney trouble.

Past Grand Duffy, of Langdon Lodge, No. 26, who is posting the officers in the unwritten work, has mastered it thoroughly. He is an earnest worker in the cause. Langdon Lodge has purchased an elegant picture frame in which to place the photographs of the retiring noble grand and the grand instructor of the lodge. Brother T. L. Lyod and wife are visiting friends in Norristown, Pa. Brother Harry Newman, the organist of Langdon Lodge, has returned from his summer outing.

Dr. Charles B. Manson, of Beacon Lodge, No. 15, will take unto himself a "better half" October 5.

Past Grand William Knowles, the only surviving charter member of Friendship Lodge, No. 12, continues in good health and is frequently in attendance. He and his good wife recently reached the fiftieth anniversary of their marriage.

Brother Litchfield, of Columbia Lodge, No. 10, who has been sick for some time, is again able to be out. D. E. Archibald, of Eastport, Md., is visiting friends in Norristown, Pa.

The record of Gen. Schellfield, transferring to the West the troops stationed at Fort Meyer, Va., causes quite a scattering of members of the fraternal organizations of this city. On last Saturday evening the members of Friendship Lodge, No. 12, I. O. O. F., held an impromptu farewell reception at Odd Fellows' Hall, Twelfth street and Pennsylvania Avenue, in honor of a number of Odd Fellows among the regulars.

To Cripple the Tin Plate Industry. SWANSEA, Sept. 29.--It is rumored here that there is a movement on foot to strike a blow at the tin plate trade of the United States. It being contended that the Americans cannot produce certain plates without Welsh labor, the representatives of labor in Wales, it is said, are inviting the return to that country of all makers of tin plate in America who have been discharged from their positions, or whose wages have been reduced as a consequence of the adoption of the new tariff.

LENIENCY TO AN OLD OFFENDER.

William Horbach, Connected with Many Policy Schemes, Gets Off with a Fine.

Prosecuting Attorney Mallowney surprised Judge Miller in the police court yesterday by bringing up another policy case in which the government wanted the defendant fined and not sent to jail. William A. Horbach, who had some time ago been run out of the city by Detective Weedon and Lacey for implication in numerous policy schemes, was the defendant. An old warrant, dated August 25, 1893, was served on Horbach and he was arraigned upon a plea of guilty.

Mr. Mallowney, in stating the case to the court, said that several prominent business men were interested in Horbach and intended to give him some employment and would assure the court that they would keep him out of policy circles. He said that Mr. Birney had instructed him to ask the court to impose a fine of \$100. Judge Miller rendered decision in accordance with the request of Mr. Mallowney and Mr. Birney, but said he did so reluctantly, as he well remembered the defendant's connection with the policy business in the past and his many broken promises.

Look out for two things--"cheap" suits and "old" styles. We could have bought "cot-ton" suits to sell as low as \$6.50 or \$7, but we skipped them. We wouldn't jeopardize our reputation by handling them. As to "old styles" we never carry over a suit from one season to another, so show a "clean sheet" each season.

Washington has needed an "Exclusive" clothing house for some years and we propose to fill the want. No shoes, hats, "pins and needles," &c.--only clothing--the best and most stylish your money can obtain.
