TRAINING THE NEW ARMY

Preparations for Instructing Men in Guerrilla Warfare.

Secretary Root Thinks the Day of Solid Foundation in Battle is Passing—Plans for the Establishment of Several Important Posts.

Secretary Root has returned from his brief Western trip and was at the War Department yesterday attending to a mass of matters which had accumulated during his absence.

It is taken for granted among army officers that this country is not in imminent danger of a war with any foreign power, especially where a large land force will be brought into action in an open engagement.

For this sort of training and drilling a large land area is needed, and Secretary Root believes that Fort Riley is the post best suited for such practice work as is required, and it is one of the four which he has recommended for the maneuvers.

There are more than 20,000 acres in the military reservation at Fort Riley, and the quarters are to be controlled by the accommodation of a large force of men.

The plan of enlarging Fort Sheridan was made some time ago and will be carried out according to the original program, and the quarters will be completed in a few months before the actual work of constructing the quarters at the new post at Fort Leavenworth.

Secretary Root is much pleased with the condition of the posts which he visited and is confident that the plans now being undertaken can be successfully carried out.

THE GOVERNMENT'S REGRET.

A Letter to the Italian Charge Regarding Recent Lynchings.

Dr. Hill, Acting Secretary of State, has addressed a note to the Italian Charge of Affairs here, Mr. Carignani, expressing the regret of the government over the lynching of the supposed subjects of Italy at Erwin, Miss., about which the Italian government complained, and promising that the United States government will do everything within its power to secure justice.

Counterfeits.

Read what one of the GREATEST NEWSPAPERS IN AMERICA has to say on this subject:

"The manufacturers of Castoria have been compelled to spend hundreds of thousands of dollars to familiarize the public with the signature of Chas. H. Fletcher. This has been necessitated by reason of pirates counterfeiting the Castoria trademark. This counterfeiting is a crime not only against the proprietors of Castoria, but against the growing generation. All persons should be careful to see that Castoria bears the signature of Chas. H. Fletcher, if they would guard the health of their children. Parents, and mothers in particular, ought to carefully examine the Castoria advertisements which have been appearing in this paper, and to remember that the wrapper of every bottle of genuine Castoria bears the fac-simile signature of Chas. H. Fletcher, under whose supervision it has been manufactured, continuously for over thirty years."—Philadelphia Bulletin.

AT THE THEATRES.

Chase—"A Milk White Flag." Probably the best presentation of Hoyt's "A Milk White Flag" has been given in this city.

The houses which witnessed the two performances yesterday were reminders of the gala season of last December, and seats could not be obtained last night. The crowds were evidently well rewarded for their faith as almost every number on the programme was repeatedly encored and the laughing and cheering continued.

INDUSTRIES OF TERRITORIES.

Census Statistics for Arizona, New Mexico, and Oklahoma.

The Census Office has issued a bulletin on the manufacturing industries of the Territories of Arizona, New Mexico, Indian Territory, and Oklahoma.

There were 21 manufacturing establishments reported for Arizona in 1900 with 2,388 employees, who received \$2,369,965 in wages.

By far the most important branch of manufacturing reported is the smelting and refining of copper, an industry which gave employment to 148 persons, with a product valued at \$1,236,347.

There were 42 manufacturing establishments reported for New Mexico in 1900 with 2,500 employees, who received \$1,250,296 in wages.

The most important industries are the smelting and refining of copper and lead, with a product valued at nearly a million dollars; flour milling, with a product valued at \$521,108, and the scouring of wool, with \$7,575 reported, and received for the work done. Construction and repair shop work by steam railroads, lumber milling and certain of the trades exceed the industries just mentioned in the number of employees, but practically the entire production reported in these cases is for local needs.

There were 79 establishments reported for Indian Territory in 1900, with 1,214 employees, who received \$53,289 in wages. The product was valued at \$1,892,181.

The most important industries are cotton ginning, with 282 employees and a product valued at \$135,741; the manufacture of cotton seed oil and cake, with 121 employees and a product valued at \$451,626; and flour milling, with 119 employees and a product valued at \$1,188,819.

There were 89 manufacturing establishments reported for Oklahoma in 1900, with 2,464 employees, who received \$87,328 in wages. The most important manufacturing industries are flour milling, with 258 employees and a product valued at \$1,745,434; cotton ginning, with 106 employees and a product valued at \$129,829; and the manufacture of cotton seed oil and cake, with 98 employees and a product valued at \$122,850.

Certain other industries exceed the three just mentioned in number of employees, but practically the entire production is for the supply of local needs.

TRANSFER OF INTER OCEAN BUILDING.

TRIALS IN THE PHILIPPINES

A Large Number of Records Reach the War Department.

Juan Aganon Arraigned and Found Guilty Under the New Charge of Being a "War Rebel"—A Death Sentence Commuted to Hard Labor.

Mail from the Philippines received yesterday at the War Department brings a number of records relating to the trial and punishment of Filipinos for offenses ranging from simple assault and high treason. One Juan Aganon was arraigned under a new charge, that of "war rebel." The complaint under which he was found guilty and sentenced to be hanged alleged:

"Juan Aganon, native, without being part of portion of any organized hostile army, and without sharing continuously in the insurrection, but living habitually at his home, without the character or appearance of a soldier, did order the inhabitants of the barrio of Pura to enter the pueblo for the purpose of assassinating the chief of police, Esteban Versosa, attacking the American troops stationed there and to cut the telephone wires in the habit of use by the United States military authorities for the transaction of public business, and in compliance with these orders the pueblo of Pura was entered, the chief of police was badly wounded, and the telephone wires between Pura and Victoria cut."

The sentence was later commuted to ten years at hard labor in the Presidio de Manila. A feature of this trial is that it was held under an order issued by General Arthur about a year ago providing for the proper punishment of treacherous "amigos." This course he had recommended to General Otis during the latter's regime, but had been ignominiously turned down, as stated recently in the report of Lieutenant General Miles.

Julian Confesor was likewise tried under this order, but escaped not so easily, as he was hanged July 5. His trial, according to the review of the trial, was greater by his having held office as president of Catubman. He had taken the oath of allegiance to the United States, and at the same time had joined the order of Katipunan. With him was hanged Agustin Jiloca, for the same reason, with arson and murder added.

In the other cases seven were found guilty of murdering fellow natives whom they suspected of favoring the American side.

IN THE FOREIGN SERVICE.

R. S. Hitt Among Those Commissioned by the President.

The President has signed the following commissions: Richard L. Sprague, of Massachusetts, Consul at Gibraltar, Spain.

Edward A. Creevey, of Connecticut, Consul at Gluehau, Saxony.

Samuel Smith, of New Jersey, Consul at Moscow, Russia.

R. S. Reynolds Hitt, of Illinois, Third Secretary of the Embassy of the United States, at Paris, France.

Mr. Sprague succeeds his father, the late Horatio J. Sprague, who has for many years Consul at Gibraltar, and was the oldest person in the consular service of the United States at the time of his death a few days ago.

The present appointment has been Vice Consul at Gibraltar for some time and is the third generation of Sprague to represent the United States at that place.

R. S. Reynolds Hitt is a son of Representative R. R. Hitt, of Illinois. Mr. Hitt is a young man of 27 years of age. He has been in New York for some time, a guest at the Holland House, but is not at present at Manhattan Beach. Representative Hitt resides, when in Washington, at 1907 K Street northwest, but is not now in the city.

CLEARANCE SALE

—OF— Wash Dress Goods.

Thousands of yards of wash fabrics, foreign and domestic, and every yard produced for the present season, are offered at

A Third, A Half, And Less than Half Former Prices.

This sale comprises Dainty Dimities, Lawns, Organdies, Swisses, and many of the other most beautiful and most popular sorts of wash fabrics for midsummer wear—goods from our own choice and carefully selected stock, many thousands of yards of which have been in the house less than two weeks.

Stock taking is but ten days off and we want less yards to count this year than we've ever had in any season gone—hence this reduction sale. Some of the most interesting items are as follows:

12c Printed Lawns, 6c the Yard.

A lot composed of several kinds—all sheer and pretty. White ground with printings of lavender, heliotrope, red, yellow—also a few solid colors, principally in old rose and pinks.

6c the Yard, from 12c.

12c New Dimities, 7c the Yard.

The very best quality of 12c Dimities—and all new, crisp, perfect goods, fine and sheer; printed in scores of the most wanted designs, on white ground. Neat figures and stripes, in the handsome large patterns, in pleasing variety.

7c the Yard, from 12c.

12c Dotted Swisses, 8c the Yard.

Tinted grounds of green, yellow, red, and blue with printed figures of black and white; also white ground with pink, blue, heliotrope, and navy stripes. A great many very pretty effects.

8c the Yard, from 12c.

50c Mercerized Organdie, 12c the Yard.

Exquisite printings in floral and other designs on white ground, with white satin stripe. One of the season's most elegant cotton fabrics—30 inches wide.

12c the Yard, from 50c. First Floor—Tenth Street.
