

MAY SEND WU TO LONDON

A Report That His Government Contemplates a Transfer.

The delay in signing the protocol described in the Berlin authorities—old examinations to give place to practical modern discussions.

LONDON, Sept. 2.—A despatch to the "Times" from its Peking correspondent says that Li Hung Chang, the adopted son of Li Hong Chang, has declined to accept the position of Chinese Minister to Russia. The Government has appointed Lo Feng Leh to the post.

Wu Ting-fang, at present Chinese Minister to the United States, will be transferred from Washington to London to replace Lo Feng Leh.

The correspondent of the "Times" also ascribes the new delay in promulgating the edicts necessary to complete the protocol, to the difficulty created by the arrival at Berlin of the Chinese Minister, Prince Chun, the head of the Chinese expatriate mission.

The Chinese version of the trouble that has arisen in connection with the mission is that Emperor William insisted that Prince Chun should be received with the honors of a prince, and when this was refused it was required that the Prince's suite should be received with the same honors.

The correspondent recalls that for a century past all the envoys to Peking have refused to perform this barbaric ceremony, and that dispute regarding it was finally settled thirty-eight years ago.

Owing to the continued delay in signing the protocol Mr. Rockhill, the American special commissioner, being unwell, has refused to perform this barbaric ceremony, and that dispute regarding it was finally settled thirty-eight years ago.

SHANGHAI, Sept. 1.—An edict issued on Friday in the name of the Emperor abolishes the literary essays and substitutes therefor a practical discussion of three classes of subjects, namely, Chinese affairs, Western matters, and classical literature.

This applies to the prefectural, provincial, and metropolitan examinations. The edict also abolishes the ancient military examinations and substitutes practical training in military science.

These changes will go into effect next year.

PEKING, Sept. 1.—The direct supervision of the Chinese police and the carrying out of sanitary, street, and other foreign improvements ceased yesterday when Captain Selwyn withdrew his force from the British section of the Tartar city. The British will, however, continue to police the main thoroughfare, the railway, and the legation quarter. These will be the only foreign police employed, but the British and Japanese reserve police authority in their sections pending their evacuation.

The detachment of the American legation guard, which has been recuperating in the western hills, returned yesterday.

JUMPED INTO A RIVER.

Owner Forced to Abandon a Blazing Amphibia Launch.

RICHMOND, Va., Sept. 1.—Frank Cosby, a well-known singer and musical instructor, was forced to jump overboard from his amphibian launch into the James River last evening to save his life. The launch, which was on fire, was being towed by a tugboat. Cosby was seen to throw himself into the water and was picked up by persons who put off from shore in small boats.

TRIED BY COURT-MARTIAL.

Two Hollanders Charged With Violating a Boer Commando.

PRETORIA, Sept. 1.—Van Aartsen and Trouw, two Hollanders, were tried by court-martial yesterday for breaking their oaths of neutrality and spying. The principal evidence against them was given by accomplices in an expedition to a Boer commando. The two men were captured August 4, stayed four days with the commando and returned to Pretoria at 2 a. m. August 3.

Judgment in the case has not yet been rendered. This is the first of the series of important trials. Mr. Lohman, counsel for the Netherlands, Hallway, of South Africa, defended the accused men. Many Boer sympathizers are under arrest for leading the burghers.

TEN ENGLISHMEN KILLED.

Casualties Caused by the Boers Destroying a Train.

LONDON, Sept. 1.—General Buller reports to the War Office that the casualties attending the blowing up of a train by Boers between Waterfall and Mamasakral yesterday were ten killed, including Lieutenant Colonel Vandelaar, and seventeen wounded. The train's escort numbered forty-five men.

AN OIL STEAMER FOUNDERS.

All Except One Member of the Crew Drowned.

LONDON, Sept. 1.—A despatch to Lloyd's from Trinidad says that the Johnston Line steamer Northern (Normanore), with a cargo of oil, has foundered near Athens. The crew, numbering forty, were all lost except one man. The steamer was bound from Batoum, for Bombay.

MUMIR BEY RECEIVES.

The Anniversary of the Sultan's Accession Celebrated.

PARIS, Sept. 1.—Munir Bey, the Turkish Ambassador, held a reception at the embassy this afternoon on the occasion of the anniversary of the Sultan's accession to the throne. The guests were all members of the Turkish colony, or Turks visiting Paris.

A REPLY MADE TO JAPAN.

The Protest Regarding the Hawaiian Inspectors Answered.

LONDON, Sept. 2.—A despatch to the "Times" from Tokio, says that the United States has replied in a friendly and sympathetic manner to Japan's remonstrance against the treatment accorded to Japanese by the medical inspectors at Hawaii, and has promised to investigate the matter and to adopt suitable measures to prevent a recurrence of the complaint.

A NEW SCHOOL DEDICATED.

Exercises in the Building Given by Mrs. Ryan in Richmond.

RICHMOND, Va., Sept. 1.—Mrs. Thomas F. Ryan was here today from New York to witness the dedication of the handsome school which she gave to Sacred Heart church. The building cost \$10,000, and is modern in every respect.

SHAFER BITTERLY SCORED.

Sharp Accusations Made by the Milwaukee Steel Workers.

Simon Burns Striving Actively for Power—Training Skilled Men at Pittsburgh—The Carnegie Plant at Duquesne Now Partially Crippled.

MILWAUKEE, Wis., Sept. 1.—President Shafer, of the Amalgamated Association of Iron and Steel Workers, was bitterly attacked at a meeting of the Bay View lodge of steel workers this afternoon. He was charged with having doctored the constitution of the order to suit his purposes, with gross mismanagement and with fighting a hopeless battle, and the local union was warned that if the strike was not taken out of Shafer's control and called off at once he would disrupt the entire steel works association.

These charges were made by J. D. Hickey, formerly Vice President of this district, and J. P. Cooper, both of whom have just returned from a trip in the East, where they investigated the strike situation. They called on Shafer and the advisory board, made trips through all the mills, and consulted with the Eastern labor leaders.

The session lasted for five hours, and was one of the stormiest in the history of the lodge. Mr. Hickey made the principal address, and told them he found many of the mills in the district working without interruption. The most sensational charge was that the national constitution had been doctored.

He charged that Shafer had had new copies printed and circulated, and that the new copies did not contain the three sections compelling the unions to vote on the ordering of a strike. Michael Kelly spoke in defense of the national president and urged the men not to waver at this time, because the eyes of the country were turned to the steel industry.

PITTSBURGH, Pa., Sept. 1.—Fifteen skilled steel workers were taken from the Star tin plate plant yesterday and sent to the Crescent tin plate plant in Cleveland. The men had learned the trade in two weeks.

Being sheet rollers, most of them from the non-union sheet plants of the United States Steel Corporation, they did not have to learn very much about the business. The fifteen men were first sent to the Monacaugh House last night from the Star plant and at 7 a. m. they were gotten out of bed and placed in cabs to be driven over to Allegheny to take the train.

The cab drivers learned that they were non-union men and refused to drive them so the men got out and walked over. In a few days another batch will be taken from the Star plant and sent to Cleveland or perhaps to some other tin mill.

Simon Burns, president of the Window Glass Workers, is now campaigning to induce President Shafer to consent to follow the only method by which it is understood the United States Steel Corporation will consent to recognize the Amalgamated Association. Burns says that Charles M. Burns, who is confined in a room here with his left arm broken in two places. His collar bone is also shattered.

Maclames was driving a spirited horse at his home in Cherraw yesterday when he was thrown from the buggy. His injuries were serious, though not necessarily dangerous, and the attending physicians believe that the trouble can be remedied.

After the accident Maclames boarded the first train for Charleston to get proper medical attention.

CANADIANS AT SEA GIRT.

The Irish Visitors Present a Trophy to Be Won Today.

SEA GIRT, N. J., Sept. 1.—All the teams that will participate in the matches of the National and State Rifle Associations are in camp here, and the coming week promises to develop some of the best rifle shooting ever seen in this country.

The latest sharpshooters to arrive are the Canadians, who got into New York this morning and arrived at Sea Girt about 3:30 in the afternoon. In New York the riflemen were met by committee members who were appointed by the New Jersey State Rifle Association to receive the Canadians. The visitors were taken on board Col. R. M. Thompson's yacht and brought to Atlantic Highlands, from where they proceeded to Sea Girt by rail.

The fine physique and wiry-looking appearance of the Canadians impressed the Americans very much, and they realize more than ever tonight that they have to do their best to win the trophy, which will be shot for next Thursday.

Today there was placed on exhibition in the clubhouse a handsome gold medal given by Capt. James Wilson, of the Irish team, to the New Jersey Association. The medal was presented to the New Jersey team who makes the best score tomorrow in the Hilton trophy match.

A POWDER MILL EXPLODES.

Two Men Killed and Three Buildings Wrecked by the Accident.

MAHANAY CITY, Pa., Sept. 1.—By the explosion of a powder mill at Krey's Station, north of here, at 10 o'clock yesterday, two men were killed and three buildings were completely wrecked. The dead men are Isaac Ruppert, thirty, and Richard Houser, twenty years old, both of Krey's Station. The two men were engaged in the glassing house when there was a deflagration from the mill. The men made a wild dash for safety, but before they had gone far the blazing house, fired by lightning, went up.

Chunks of flying stone and iron overtook the men as they ran and left them stretched on the road, Ruppert dead and Houser dying. A moment later the drying house was destroyed. The explosion was a terrific one and shook the country for miles around. Houser died as the wagon bearing him came within sight of his home.

It is estimated that there were 200 casks of powder in the mill when the plant went up. It is possible a cannon had been fired for the accident, as the mill was deserted at the time and had not been visited for some time before.

A NEW SCHOOL DEDICATED.

Exercises in the Building Given by Mrs. Ryan in Richmond.

RICHMOND, Va., Sept. 1.—Mrs. Thomas F. Ryan was here today from New York to witness the dedication of the handsome school which she gave to Sacred Heart church. The building cost \$10,000, and is modern in every respect.

The dedicatory exercises took place at 5 o'clock. School children marched into the new school house in a procession, and then the Rev. Father Ryan presided. The school will be conducted by the Sisters of Charity of Nazareth and mostly poor children will be scholars there.

ACCUSES GUAM'S GOVERNOR.

Schroeder Alleged to Have Ill-Treated the Men Under Him.

OAKLAND, Cal., Sept. 1.—W. B. Smith, brother of Police Judge Mortimer Smith, has returned from Guam, where he went to serve as private secretary to Military Governor Schroeder. He was forced to resign after three months' service owing to ill health, and he accuses the Governor of ill treating him and the soldiers of the garrison.

"In three months there were seventy summary courts-martial of enlisted men and twelve courts-martial of a general nature, making a total of eighty-two courts-martial of 120 men who were confined in the barracks and worked in the tropic heat of the island. To escape the persecutions and merciless treatment of the men are forced to flee to the hills, without food or shelter, and they return only when starvation drives them from the barren tops.

"The Government maintains an ice plant on the island and large quantities of ice are manufactured every day, yet a civilian could not purchase a single pound of ice. The Government clerks were denied the smallest comfort."

A VIRGINIA CLERGYMAN DEAD.

The Rev. Dr. C. S. Haines Passes Away in Petersburg.

PETERSBURG, Va., Sept. 1.—The Rev. Dr. C. S. Haines, for twenty-six years a resident of Petersburg, and for twenty years rector of St. Paul's Episcopal Church in this city, died this afternoon. He was a native of South Carolina, but came to Petersburg from near Baltimore, where he had charge of a church.

He succeeded the late Bishop Wingfield as rector of St. Paul's Church, but some time ago, on account of ill health, he resigned his office, and he had given up his pastorate. He was about sixty-seven years of age.

A WITNESS KILLS HIMSELF.

Penitentiary Guard Did Not Desire to Give Testimony.

ALLEGHENY, Pa., Sept. 1.—R. C. Hunter, a guard in the Western penitentiary at Allegheny, committed suicide in the woods yesterday by shooting himself in the head. Hunter came here a few days ago with six other guards and fifteen prisoners, all of the latter, and some of the guards, being summoned as witnesses in the trial of a man named Murphy, charged with the murder of William Kiser.

The convicts were in the jail here, confined with Murphy, and they testify to things that they heard and that were told to them. For some reason, not yet explained, Hunter was unable to give evidence on the witness stand to tell what the convict told him in the penitentiary.

M'JAMES IN AN ACCIDENT.

The Pitcher Thrown While Driving a Spirited Horse.

CHARLESTON, S. C., Sept. 1.—Jimmie McJames or Dr. James MacJames, as he is known when away from the sporting world, who, up to a few weeks ago, was on the pitching staff of Hamilton's Brook club, is confined in a room here with his left arm broken in two places. His collar bone is also shattered.

Maclames was driving a spirited horse at his home in Cherraw yesterday when he was thrown from the buggy. His injuries were serious, though not necessarily dangerous, and the attending physicians believe that the trouble can be remedied.

After the accident Maclames boarded the first train for Charleston to get proper medical attention.
