

EXPORT SCHEDULE BY TREASURY BUREAU

Series of Tables Showing Where Manufactures Go.

SOME INTERESTING DATA

Largest Per Cent of Shipments to the European Countries—Small Portion to Africa—Big Shipments of Iron and Steel Products.

The frequently asked question, "What becomes of our exports of manufactures?" is now definitely answered by the Treasury Bureau of Statistics.

Concentration Camps. Taking up the subject of concentration camps, the letter asserts that they are little different from those established in Cuba and South Africa, and ridicules the reports of American medical officers that the mortality in them has been small.

MOTHER FIGHTS FOR CHILD. Street Battle Ends in Defeat of the Little Sister in Her Father's Arms.

STANTON, Va., July 21.—While a number of men looked on and cheered her, Mrs. Richard H. Witz did battle in the street with her husband for the possession of her child, and finally carried off the honors and the baby.

ELOPERS LEAVE HOTEL.

All Trace of Hardin and Mrs. Stafford Lost in New York.

NEW YORK, July 21.—J. E. Hardin and Mrs. Ida Stafford, who eloped from Greensboro, N. C., on Tuesday last, left the Broadway Central Hotel this evening, and it is not known where they have gone. After several conferences with the young man, A. B. Kimball, a lawyer, sent here by Hardin's father, and Caesar Cone, a friend of Mr. Stafford, gave up the case and returned to Greensboro.

They said they had done their best to induce Hardin to go home or to leave Mrs. Stafford and begin life in some other part of the country. Hardin, they said, would make no promises, and refused to talk about his plans for the future. Before taking the train, Mr. Cone said:

"I am about ready to give up the whole thing. I am not sure what the young man will do, but I think he would like to go home, though he has made no promises. Personally, I think he will come home as soon as he can."

NOT MEXICAN WEEVIL.

Mississippi Cotton Crop Attacked by Another Insect.

NEW ORLEANS, July 21.—The bugs which have appeared in Holmes county, Miss., and already somewhat damaged the cotton crop there, besides causing a great scare, are now declared not to be the Mexican boll weevil, as at first supposed. It was thought the weevil had been imported from Texas with some cotton seed brought from there.

GLASS WORKERS' WAGES.

Last Year's Prices Adopted by Atlantic City Conference.

ATLANTIC CITY, N. J., July 21.—The wage scale for the Green Glass Bottle Blowers' organization, which includes the flint glass workers, was agreed upon yesterday, and the joint committee adjourned at a late hour last evening. The net list was adopted, thus continuing last year's prices.

Two Men Chased by Mad Bull.

BRIDGETON, N. J., July 21.—Paul Ross and Joseph McGraw had a narrow escape from being gored to death by an infuriated bull. They were crossing a meadow when the animal made a dash at them, and only their ability as tree climbers saved them from injury.

DR. EUGENE GRISSOM ENDS LIFE WITH PISTOL

(Continued from First Page.)

right of the door. In speaking to his son, he said: "Well, I am here all right."

Fired One Shot. As Mr. Grissom turned he heard a pistol shot, and before he could clothe himself sufficiently to go out on the porch he heard a neighbor say: "The old man has shot himself."

Mr. T. Oliver and others rushed to the porch and the physician was carried into the house. Drs. L. D. Walter and Story were summoned and efforts at resuscitation made.

The wagon of No. 9 precinct carried the unconscious man to the hospital, where an operation was performed in the hope of trepanning the skull. The brain had been pierced, however, and death from cerebral hemorrhage ensued.

Allison Leapey, a small boy residing on G Street, witnessed the shooting. He was in front of the house and saw the old gentleman deliberately raise the weapon and fire. Shortly before the shooting Mr. Oliver had seen Dr. Grissom in the vacant lot in front of the house handling some object, and he is satisfied from the motions viewed in the light of the tragedy that the doctor was loading the pistol.

On the lot a note book containing the addresses of Dr. Grissom's children and other items was found with nearly all the leaves torn. The fragments were but little scattered, showing that the book was torn about the time the pistol was loaded. No statement or letter in regard to an intention to destroy life was found. He had evidently left the house hurriedly, for he was not fully dressed.

Purchase of Pistol Unknown.

The members of the family are anxious to find out where the pistol was secured. They are sure he obtained the weapon yesterday morning. The Ninth precinct men are looking for the person who sold or loaned the gun. The weapon is practically a new one.

Dr. Grissom made an attempt to kill himself a few years ago. He took chloroform on the street in Denver, Col., and was for a while in a serious condition. He was taken into custody and sent to the Colorado Insane Asylum at Pueblo, where he remained for about five years. He came to this city about a year ago, and since then has repeatedly said he would do away with himself. Lately the son had asked the druggist to refuse to sell him morphine and other such drugs, and the old gentleman had difficulty in obtaining his supply.

Dr. Grissom was born on a farm in Granite county, N. C. He was graduated from the medical department of the University of Maryland. Dr. Grissom was an eminent authority on nervous and mental diseases, a leading member of the American Medical Society, a lecturer and writer on the subject of insanity, and for many years superintendent of an insane asylum. He was very tall and retained a notably erect carriage. In earlier years he was said to have been one of the handsomest of men. For the past year he had been a familiar figure in the northeast, and an account of his eccentricities was locally noted.

The funeral will be held at the residence, 1227 G Street northeast, Tuesday afternoon, and the services will probably be conducted by Rev. Samuel M. Hartsock, D. D., pastor of the Douglas Memorial Methodist Church, which Dr. Grissom attended. Some of the friends to which he belonged and which will probably take charge of the services at the grave.

A Prominent Mason.

Dr. Grissom was also one of the foremost Masons of this country. He was eminent inspector general of the thirty-third degree of the Ancient and Accepted Scottish Rite, and an honorary

RESIGNATION OF JUDGE HUMPHREYS IS ACCEPTED

Will Return to Private Practice of Law—Said to Have Congressional Aspirations.

The resignation of Judge A. S. Humphreys, of the Hawaiian bench, has been received by the Department of Justice, and has been accepted, the resignation taking effect September 1.

Somehow Humphreys is said to have been somewhat unduly active in Hawaiian politics ever since his appointment there and was one of the prime movers in the annexation of the islands. His responsibility for a great deal of the friction between this Government and the islands is laid at his door.

About a year ago charges were preferred against Judge Humphreys and a delinquent case in Honolulu for the purpose of presenting them before the department. The charges were not pressed and no further action was taken in the matter.

Judge Humphreys will return to the practice of law, and it is said that he aspires to a seat in Congress.

Snake Dropped Into Bugy.

SELENSGROVE, Pa., July 21.—While J. Frank Keller was driving to this city a blacksnake dropped into his buggy from a bush overlooking the road. He was also in the hands of the reptile before the reptile could attack.
