

## CROSSING POLICEMEN UNDER CIVIL SERVICE

Mr. Macfarland Favors a  
Test of Qualifications.

## MANY APPLICATIONS ON FILE

Present Members of Railroad Force to  
Escape Examination—An Eligible  
List Will Be Kept by District.

At the instance of Commissioner H. B. F. Macfarland, the District Board has determined that hereafter the railroad crossing policemen shall be appointed after a special civil service examination, to test their qualifications for the position.

Since the death of Commissioner Ross, Mr. Macfarland has had supervision over the Police Department, and he has reached the conclusion that the terms of the appointment of the crossing policemen should be the same as those of the Metropolitan Police Force, of which they form a part.

### Must Pass Examination.

With a view to this end Commissioner Macfarland offered a motion to the Board that hereafter applicants for appointment as railway crossing policemen shall pass the examination conducted by the United States Civil Service Commission for members of the Metropolitan Police Force, receiving an average of not less than 70 per cent, after having met the physical requirements of the board of surgeons.

The physical standard under this order will be the same as for members of the regular force. The applicants will be required to be at least five feet eight inches in height, and of appropriate weight, in full physical health and vigor, and between the ages of twenty-three and thirty-five. The requirements as to moral character and personal courtesy will remain as at present.

The railway crossing policemen now on duty will not be required to pass the examination. But there are some 1,200 applicants whose applications are on file, and any of them who desire to be considered for appointment hereafter will, if the order be made, be required to pass the examination prescribed. An eligible list will be kept.

### Policemen Found Guilty.

Private Samuel L. Browne, of the police force, has been found guilty by the trial board of conduct unbecoming an officer, and on the recommendation of Major Sylvester, the offender will be severely reprimanded. The policeman procured from the Disbursing Officer of the District blank forms of pay vouchers and indorsed them in full payment of the amount which would be due him as salary for the month of July, and then conveyed one of the vouchers to E. Heldenhimer.

When the vouchers became due they were not paid and could not be collected, for the reason that Private Browne had given a duplicate order for said payment to his father, who procured the money from the lieutenant of the Eighth police precinct.

Another paper reached the Commissioners yesterday from the police trial board, and on it Major Sylvester recommended that the finding of guilty in the case of Private W. J. Trussell, charged with gross neglect of duty, be approved, and that the officer be removed from the police force. This the Commissioners approved.

The specifications held that Trussell failed to patrol his beat on the night of September 9.

\$.25 to Baltimore and Return Via B. & O. R. R. Saturday and Sunday, September 27 and 28. Tickets valid returning until midnight train Sunday night. All trains both ways both days except Royal Limited.

## WILLIAMS DISMISSES NEW YORK INSPECTOR

Result of Eighteen Charges Filed  
Against John Lederhager Announced  
to Commissioner General Sargent.

The Commissioner General of Immigration, Mr. Frank P. Sargent, yesterday received information from Commissioner of Immigration Williams, at the port of New York, to the effect that he had dismissed from the service Inspector John Lederhager, chief clerk of the registry division.

Lederhager was suspended August 9, pending an investigation of charges against his official conduct. There were eighteen charges in all, one of the principal of which was to the effect that official files had been mutilated and many documents abstracted. Lederhager answered the charges in detail, and claimed that he was not responsible for some of the alleged violations, while he denied the others.

### PLEADED NOT GUILTY.

Eugene Kennerley, who is under indictment for perjury, when arraigned yesterday before Justice Barnard, in the Supreme Court of the District, pleaded not guilty to the charge. Moments after he was charged with perjury, also pleaded not guilty. George Lanham, indicted for grand larceny, entered a plea of not guilty.

### The Lord's Day.

## STREET EXTENSION OUT OF GENERAL FUND

Col. Biddle Replies to Re-  
quest of Takoma Citizens.

The Takoma Park Citizens' Association recently forwarded to the District Commissioners a list of improvements to streets, which it was requested should be included in the estimates to Congress this year for special appropriation.

These were the opening, grading, and regulating of Umattilla Street, from Brightwood Avenue to Piney Branch Road, for which \$24,000 was asked; the opening of Fifth Street extended, beneath the track of the Baltimore and Ohio Railroad, from Carroll Avenue to Magnolia Avenue, at a cost of \$17,000; the grading, regulating, and graveling of Blair Road, from Chestnut Avenue to the District line, to cost \$500; to macadamize Oak Avenue, from Carroll Avenue to Magnolia Avenue, for \$500; Carroll Avenue from the Baltimore and Ohio Railroad to the District line, for \$1,500; and Magnolia Avenue from Chestnut Avenue to Oak Avenue, for \$1,200.

### Colonel Biddle's Reply.

After full consideration of the several items contained in the request, Col. John Biddle, the Engineer Commissioner,

### "ROBERT EMMET," Brandon

Tynan's great historical novel, begins in THE SUNDAY TIMES tomorrow.

er, has offered the following motion, which has been approved by Commissioner Macfarland:

"I move that the Takoma Park Citizens' Association be informed that the Commissioners cannot recommend the insertion in their estimates to Congress an item for the condemnation of land for the extension of Umattilla Street, as they believe the land should be dedicated to the District; nor for the extension of Fifth Street for the same reason, and also because this street is not in accordance with the street extension plans approved by Congress.

"As to the other items mentioned, the work can be done out of the general fund for repairs to roads when the necessity arises, the amounts involved in each case being small, and special appropriations by Congress are not necessary."

### WILL FILED FOR PROBATE.

The will of James Linskey, dated July 14 last, was filed yesterday for probate. He leaves his entire estate to his widow, Mrs. Jane Linskey, during her lifetime. Upon her death the testator directs that the estate shall be divided in equal shares among his children. He also directs that his business at 1747 Pennsylvania Avenue shall be continued by his son, Edward Linskey.

Brandon Tynan's  
Great  
Historical  
Novel  
"Robert Emmet:  
Nature's Nobleman"  
Begins in  
THE SUNDAY TIMES  
Tomorrow.

PARKER, BRIDGET & CO. PARKER, BRIDGET & CO.  
Some people "shop" in order to reap the most benefit from their money. (They usually end up here.) Others come direct to us and save the time and worry. We've "shopped" for you—better and more thoroughly than you can. The leading markets of the world have been our "stores." We've seen all and bought the best they could furnish. That goods are right—and prices, too, is evidenced by the establishment's success.

## Parker-Bridget Clothing is Economical

It's real economy to buy well made clothing. It not only looks well all the time but it lasts well. It has been most every man's experience in a streak of misplaced economy to indulge in a cheap suit of clothes and find he hasn't the courage to wear them after a few weeks' service.

We've gained the clothing trade of Washington by selling good, honestly-made clothing. When a man buys a Parker-Bridget Suit or Overcoat he expects a great deal of it, and we've never seen one man dissatisfied. Once a patron of this house it becomes a habit to come back again every time anything is wanted.

This fall's preparation is only what you'd expect of us—that is, an improvement. You'll find a cut about the Parker-Bridget clothing that's extremely new to you. You'll find a finish you've never seen in clothing of the kind before.

Suits, \$10 to \$35  
Overcoats,  
\$12 to \$35.

## The Best Clothing that the Boys Wear.

Some houses confine themselves to a limited amount of capital to be invested in each department. Every department chief in this house has full rein to go ahead and make his department the best of its kind in Washington. We'll win your trade on merit—or we won't win it at all. This Boy's Clothing Department is a fit illustration of completeness. There's nothing you call for we can't show you. We sell Boy's Clothing at prices that range from the slightest to the necessary cost of the best. We make it a particular point to take good care of the boys' needs. We make it an equally strong point to ask as little as we can. There's an apt illustration of much for little in the Boys' Suits we sell at \$3.95. They're school suits—that is, we call them school suits. All the styles are assembled in the lot. Blouse, Vestee, Double-breasted Suits, etc., and we include with those Double-breasted Suits two \$3.95 pairs of pants, too. The price is a special figure....

Just a word about Boys' Overcoats. The smaller boys—boys from 3 to 8 years old—are going to wear the Russian Overcoats. Some prefer the severely plain, some trimmed with silk frogs. They're pretty coats—and they're shown in every color you'll want. \$5 up.

## Footwear of the Best Sort.

We told you last week that Bluchers were to be the thing. Haven't you noticed how many are being worn? The fad didn't start here. New York gave us our hint—and as we are always ready to take a good one, we retailed it to Washington. But to come back to shoes—we want to recommend the Coruna Colt Bluchers. They're about as well as shoes can be.

And for every day wear—when one doesn't want "the patent leather shine"—there are at least a hundred different styles and lasts in box calf, vici and velour calf shoes.

Prices, \$3.50 to \$6.00.
