

A smooth old whiskey—rich and mellow—this is

Old Quaker Rye

Made under conditions of absolute cleanliness—twice distilled in copper—ripened in heavily charred oak barrels—bottled by the distillers. Ask for it next time.

Phone 16, Lewis Bear & Co., 404-408 Palafox St. and 2-10 Main St., Pensacola, Fla.

spent the evening with friends. Most of them are known here, having become acquainted during their visits during the past few years.

Paine's Celery Compound Makes Nerve Force

Nerve Force rules the world. Health—the satisfaction of living—is the right of every man and woman born into the world. Health is a question of keeping all the organs of the body working together in fine, smooth, harmony. The force that rules them all—that makes them work as nature meant and makes them keep in harmony—is Nerve Force. Without Nerve Force there can be no health at all—no success—no joy in living. The center of life is in the nerves. The real root of health or sickness is found in the condition of the nerves. Neglect the nerves and they will make you feel this neglect in many ways, they control all of the organs of the body and must be kept healthy and strong to do their work properly,—tired nerves cannot keep the organs of the body working in that harmony which is essential to real health.

This is why Paine's Celery Compound is able to bring health in so many different forms. Paine's Celery Compound feeds and nourishes the nerves. It makes new Nerve Force. It makes pure, rich blood, a clean active liver, a stomach that acts quietly and strongly upon all the food that is given to it, bowels that throw away promptly and surely all the ashes from life's engine room.

It makes the heart beat true and evenly, it makes the brain clear and vigorous. The Nerve Force does this, and Paine's Celery Compound makes the Nerve Force. Best of all it makes that buoyant life-spirit, the thrill of health, that is the secret of happiness and the keynote of individual success.

This is the work of Paine's Celery Compound. It is the most celebrated nerve vitalizer and tonic in the world. We give the testimony of many individual cases, simply that you may know their experience in their own words.

"I am a man of more than 60 years, and for the past 20 years I was a great sufferer with acute stomach trouble and rheumatism. I tried a number of specialists, but their efforts were unavailing and I felt as though life was not worth living, and I had given up all hope of being a well man again. My wife, who also had stomach trouble, at the suggestion of a friend, tried two bottles of Paine's Celery Compound and was fully restored to health. She then encouraged me to try the same medicine; I did so, and now I am a sound and well man, able to work every day. I bless my good wife every day for my good health, as she got me to take Paine's Celery Compound, in my opinion the greatest medicine ever given to the world for nervousness, stomach trouble, rheumatism and kindred ailments. Yours very truly,"—Martin Baldwin, 610 North 10th St., St. Joseph, Mo. Feb. 25, 1904.

Doctors know and value this prescription and make constant use of it in their practice. Its effect is almost instantaneous—the nourishment and vigor given to the nerve system by Paine's Celery Compound is felt at once. The patient feels this at once and gains confidence by it.

The Nerve Force begins at once to make each organ of the body do the work that nature expects of it.

Two days' treatment with Paine's Celery Compound will prove its marvelous power. Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University, and all reputable druggists sell and recommend it.
