

Seven stages of womanhood

From Altar to Altar

(No. 6. Look for No. 6 next week.)

Wedding Bells

Ring joyously to the woman who is healthy: she looks forward to a life of peace and happiness.

She has reached a starting point for a new and holier life. If she has health the hopes of life are in her smiles and she looks forward to the joys of home. Words cannot depict the sorrow and distress of the unhealthy bride. Her future is indeed sad.

A woman ought to be healthy and strong when as a bride she goes to the altar, and this she can be thus.

G.F.P.

Gerstle's Female Panacea

is within the reach of every woman. It is sold with a money back guarantee.

IMPROVEMENTS ARE NEEDED

IF PENSACOLA WOULD BECOME A LIVE, PROGRESSIVE CITY.

ANOTHER TALK BY MR. BLISS.

Editor Pensacola Journal:

I desire to impress upon the people of Pensacola the one central fact that the city cannot become a live, progressive place until certain public improvements are made and the making of those improvements will depend entirely upon who the people elect to office.

Pensacola cannot be rated as progressive as long as it has sand beds for streets, a dilapidated and unrepairable waterworks, and frog ponds for drainage and sewers. These things will be changed only when officers are elected who have the moral courage of their convictions and who stand on the side of the people.

A man is very soft indeed who expects the city to get a new waterworks through Mr. Pitt's candidate or who hopes for any considerable improvements from the same quarter. A few months ago I called the attention of the public to the fact that the Pensacola Water Company was charging 50 cents a thousand gallons for water when the law only allowed it to charge five cents.

The charge seemed to touch a tender spot in the water company and its president hastened to explain that there was an ordinance on file with the city clerk that permitted the company to charge 50 cents instead of five cents.

I called on City Clerk Shine for the original ordinance and he said it could not be found. He showed me the minutes of the city council at the time the ordinance was adopted and there I discovered the minutes had been tampered with changing the figures from 1,000 to 100 by erasing a cipher. I agitated this matter and finally succeeded in getting the city council to order an investigation. The investigation was made and my contentions were verified but the matter was dropped by simply receiving and filing the report of the committee.

Why do not the authorities insist on the Pensacola Water Company living up to its contract? Why is this arrogant corporation allowed to fleece the public contrary to the provisions of its own charter? On what kind of meat does this corporation feed that the authorities fear and tremble and remain dumb before it?

Do the people expect relief and progress from men who are afraid to do their duty? If so, may the Good Lord help poor old Pensacola! The time for every citizen to act is next Tuesday. Go to the polls early and there cast your ballot for good government and the Right as God gives you to see the Right.

CHAS. H. BLISS.

A Dream With a Moral.

A rich lady dreamed that she went to heaven and there saw a mansion being built. "Whom is that for?" she asked of the guide.

"For your gardener." "But he lives in the tiniest cottage on earth, with barely room for his family. He might live better if he did not give away so much to the miserably poor folks."

Farther on she saw a tiny cottage being built. "And whom is that for?" she asked.

"That is for you." "But I have lived in a mansion on earth. I would not know how to live in a cottage."

The words she heard in reply were full of meaning. "The Master Builder is doing his best with the material that is being sent up."

Then she awoke, resolving to lay up treasure in heaven.—Chicago Post.

The Englishman's Morning Tub.

Until the beginning of the seventeenth century English princes and other babies were immersed three times in the font when christened. The last Prince of Wales who was submitted to this ordeal appears to have been Arthur, the son of Henry II, who died in 1502 at the age of sixteen. The abolition of the practice was strongly objected to upon sanitary grounds by Sir John Floyer, a celebrated physician, who died in 1734. "Immersion," he says, "would prevent many hereditary diseases," and "the English will return to it when physic has given them a clear proof that cold baths are both safe and useful." So our morning tub is the outcome of royal immersion.—London Mail.

Agreed With Both.

Horace Greeley was the author of a style in editorial writing which had been often imitated, but probably never equaled. During his editorship two newspapers, neither of which was friendly to Greeley, became engaged in a violent altercation. The argument grew warmer until each paper openly called the other a liar. It was the opportunity Greeley had been waiting for. He announced in his paper that "he had the honor to agree with both of his distinguished contemporaries."

First Hotel Elevator.

In the Fifth Avenue hotel, New York, in 1890 the writer first saw and rode in a passenger elevator, or "lift," and in the place where it is situated there is today a notice that in the year 1859 was installed in the space "the first passenger elevator ever used in any hotel or other building in this country or the world."—Printers' Ink.

TAINTED BLOOD

Columbus, Ohio, May 19, 1903. Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone feeling that made me miserable.

I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self. I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STUBBINS. Cor. Barthman and Washington Aves.

Whelging, W. V., May 28, 1903.

My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleared and my general health built up. I can testify to it as a blood purifier and tonic. 1533 Market St. JOHN C. STEIN.

SURVEYORS ARE IN PENSACOLA

PARTY OF ENGINEERS FOR NEW RAILROAD ARRIVED HERE YESTERDAY AFTERNOON.

One of the engineering parties of the Pensacola, Alabama and Western Railway company arrived in Pensacola yesterday afternoon to take up the work of making the surveys for the projected railroad from Pensacola to Memphis, Tennessee.

This surveying party is in charge of Mr. W. K. Allen, of Pittsburg, Pa., whose force, together with two others, have been continuously at work on these surveys since last summer.

This is the railroad project which is backed by a large local syndicate, composed of some of the strongest financial men in this city.

The surveying party is composed of ten men, including Mr. Allen, all of whom are at the Southern.

CANDIDACY OF WM. G. DAILEY

IT IS ATTRACTING ATTENTION ALL OVER THE CITY—BIG POSTER DISPLAY.

The candidacy of Wm. G. Dailey for the nomination of city treasurer in the White Primaries is attracting general attention and a very generous support. The various bill boards throughout the city are now ablaze with full sheet posters in huge red letters which read as follows:

WM. G. DAILEY WILL APPRECIATE YOUR VOTE FOR CITY TREASURER.

The posters can be read for several blocks and they have attracted general attention.

Mr. Dailey is deservedly popular among all classes of voters.

VACCINATION AND DANDRUFF.

There is as Sure Prevention of Baldness as There is of Smallpox.

It is now accepted that vaccination renders the vaccinated person exempt from smallpox; or at worst, he never has anything but the lightest kind of a case. Now as sure a preventive and cure for dandruff, which causes falling hair and baldness, has been discovered—Newbro's Herpicide. It kills the dandruff germ. C. H. Reed, Victor Idaho, says: "Myself and wife have been troubled with dandruff and falling hair for several years. We tried remedies without effect until we used Newbro's Herpicide, two boxes of which cured us." Hundreds of similar testimonials. Sold by leading druggists. For sale by W. A. D'Almeida, druggist and apothecary, 121 S. Palafox. Send 10 cents in stamps for sample to The Herpicide Company, Detroit, Mich.

PREPARING FOR OPENING DAY

LEWIS AND CLARK EXPOSITION WILL BE OPENED JUNE 1, WITH IMPRESSIVE CEREMONIES.

Portland, Oregon, March 29.—Opening day at the Lewis and Clark Exposition will be made one of the most memorable occasions in the history of Portland. Tentative plans for the opening day ceremonies have been made and arrangements are being perfected to handle the crowds satisfactorily.

The gates will not be kept closed, previous to the pressing of a button at Washington by President Roosevelt, as was at first intended, but they will be opened in early morning so as to permit the multitude to assemble. A great parade will be the first demonstration. In this the military will participate, and civic and spectacular features will be the attraction. Following will be open air exercises in which addresses will be made by prominent men from all over the country.

Immediately upon the conclusion of this program, President Roosevelt will press a button in the White House. The current will first reach the lofty towers of the government building and start the chimes, which will toll the impressive strains of "America." Then the great machinery of the Exposition will commence to turn, and the Lewis and Clark Exposition will become a great thing of life and energy. Following the starting of the machinery, the "Lewis and Clark March" will be played by the Innes band, and then the detonations of heavy artillery will roar out above the rattle of small arms. In addition to the salute of the military, the president's salute will be fired by the war vessels anchored in the Willamette.

NEWS NOTES OF BEULAH

EVERYBODY BUSY WITH SPRING WORK—GARDEN TRUCK IS NEARLY READY FOR MARKET—NEW TURPENTINE STILL IS RUNNING.

Special Correspondence.

Beulah, March 29.—Every one in this community is very busy just now and there is very little news this week. We are finishing up planting and cultivating the first planting and getting ready for the rush of work that is sure to come later.

It is surprising how things grow in spite of the cool nights. I saw a patch of green stuff nearly knee high last Sunday, and going to investigate, found as thirty a lot of peas, beans, and turnips as I ever saw anywhere.

This goes to show that the soil in this settlement, if properly handled, will well repay all labor and care put on it. I also saw sugar cane up in fine shape. The weather is all that could be desired at present.

Rev. Shelby preached an excellent sermon to the convicts at Varn Bros' camp, last Sunday evening and will, I understand, preach once a month during the summer, which is very creditable to the company as it gives their men a little recreation, and I have no doubt it is a great comfort to some of them.

Thos. Shelby has gone to Mississippi on business. His wife is making his parents, Mr. and Mrs. Andrew Garrett, a visit during his absence.

Walter Bowman and wife spent Sunday with friends at Seminole.

Mr. Garrett, Ben Waters, George Davis, Crockett Wilson and Arthur Spore all had business in Pensacola last Monday.

J. C. Spore is making his son, Arthur, a visit, but will return to Pensacola soon and later to his home in Chicago. He is 87 years old and stout and hearty for a person of that age.

Mr. Walter Bowman is making quite a lot of improvements on his place. He is breaking and fencing a lot of new ground.

I think Barrieau & Trammel will take the cake for enterprise in getting their Turpentine camp ready for work. They have a lot of the crude stuff on hand and the still has just started up. They are on the hard road at the top of the eight-mile hill, which gives them a good chance of getting their product to market.

BAY EXCURSION.

Grade 9, Section B, of Public School No. 1, will give a bay excursion on Saturday, April 1st, for the benefit of their school library. Steamer Monarch will leave the wharf at 10 a. m., visiting the battleships and from there to the Life Saving Station, and will also make a trip in the gulf, returning in the afternoon. Lunch served on the boat. Fare, 50 cents. 28mch30

"Nervous Headaches—Run Down."

Tired, sick nerves cause nervous headaches. The nervous system doing their work properly. They protest against neglect and abuse. Their tired, sick condition is shown in many ways, sometimes one way, sometimes another. Headaches, "unstrung," "worn out," "run down," "nervous," "blue," all warnings from sick nerves.

Health, vigor, determination, courage—in fact, all that makes life worth living depends upon a healthy supply of nerve force.

Paine's Celery Compound makes new Nerve Force, it revives the old force and makes new. It not only does this, but by strengthening the nerves that control all the organs of the body, it cures the real cause of headaches, neuralgia, rheumatism, malaria, and the many diseases coming from a run down condition of the nerves.

For 18 years Paine's Celery Compound has been the most universally used nerve vitalizer and tonic in the world. For 18 years—think of this fact and realize what it means.

Read the experience of Mrs. L. F. Mulray after La Grippe:

"Following a severe attack of La Grippe my general health seemed to be seriously affected. I suffered from constant nervous headache and was so unstrung that everything irritated me until I was in a precarious condition. I also was troubled with sleeplessness and would rise in the morning more weary than when I went to bed. As my medicine did not seem to help me any, the doctor advised a complete change, but, as I was unable to go away, a neighbor advised me to try Paine's Celery Compound. I used it faithfully for a week, feeling that I daily grew better and stronger and my health kept gradually improving until I had used three and a half bottles, when I was in perfect health, with no trace of my former troubles. A number of my friends who saw what Paine's Celery Compound had done for me have used it since, and they all feel as pleased with results as I am. Yours very truly,"—Mrs. L. F. Mulray, Fifth and Mercer streets, Seattle, Wash. Treasurer Skoogay Country Club.

Thousands of grateful patients tell of the unfeeling effect of Paine's Celery Compound as a nerve vitalizer and tonic. Physicians, the world over, use and prescribe it and testify to wonderful cures.

One bottle will prove its wonderful properties—it gives almost instant effect.

Try Paine's Celery Compound to-day. It traces you up at once.

See how much better you feel.

See how much more easily the trials roll away. Let Paine's Celery Compound strengthen and restore your nerves, nourish your system, purify your blood and help you back to vigorous, buoyant health.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians America has ever known—Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.
